

Dr. Cl. T. Campbell, the People's Candidate for the Mayor's Chair

Dr. Cl. T. Campbell

Dr. Clarence T. Campbell, who is before the people as a majority candidate, is one of the most popular and most widely-respected citizens in London. Born and raised in this city, and practicing medicine here the greater part of his life, he has become a familiar figure to a host of Londoners a personal friend. In his many years of public life he has made no enemies, and he counts amongst his friends Conservatives in all walks of life.

As a public-spirited citizen, no gentleman in London stands higher than Dr. Campbell. He has given liberally of his time to the work of promoting the public good. For eight years he was a member of the board of education, and his colleagues did him the honor to confer the chairmanship on him. For fourteen years he has been a member of the board of health, and for four years he was the chairman of that body. Dr. Campbell was for three years a member of the city council, and served on all its committees. He has also been a member of the London and Port Stanley Railway Board, and other civic bodies, and no matter in what capacity he served the citizens, he always gave his best endeavors to the interests of the people at large. He stands before the public without an axe of any kind to grind, except it be the laudable ambition to have bestowed on him by the people of London the high honor of the mayorship of his native city. It is extremely creditable to Dr. Campbell that today both Conservatives and Liberals are working for his election. It is a manifestation of the confidence of all classes in him, and of their belief that he will do what is right and just by all classes. A gentleman, every inch, conversant with all civic questions, Dr. Campbell stands pre-eminently fitted to be honored with the chief magistracy of London.

POLES RAISE THE RED FLAG BLOODY RIOTS AT CRACOW

Czar's Statue Dynamited and Military Commander Assassinated.

Berlin, Dec. 31. — A letter to the Lokal Anzeiger from Cracow describes the attacks recently made with dynamite on the Russian church at Bazon, Russian Poland. The church walls and the graves were destroyed. A military force surrounded all the public buildings in the place within an hour, and a crowd numbering 1,500 persons, gathered at the scene singing revolutionary songs. A red flag was hoisted and cries were heard of "Long Live Independent Poland."

DR. CHADWICK AT NEW YORK

Cassie's Husband Greatly Per- turbed When Informed of Indictment.

New York, Dec. 31. — Dr. Leroy S. Chadwick, of Cleveland, who is under indictment with his wife, Cassie L. Chadwick, for uttering a forgery, reached here today on the steamer Pretoria, of the Hamburg-American Line.

Dr. Chadwick and his daughter occupied two of the poorer state-rooms in the second cabin. An Associated Press representative met Mr. Chadwick in his cabin and delivered to the doctor a letter from Miss Chadwick. The doctor was reading a newspaper which had been handed to him. Upon approaching New York, the Cleveland physician, who appeared nervous and distraught during the voyage, became more nervous, and the approach of the Associated Press representative caused him great trepidation. When asked for an interview, Dr. Chadwick exclaimed brusquely: "I decline to talk on any subject."

Later he was informed of his indictment. Trembling markedly, Dr. Chadwick said: "I have heard nothing of this matter and will say nothing of this matter until I receive authoritative information." He then darted into the cabin of his daughter across the companionway and locked the door, and remained in close conference with Miss Chadwick until the arrival of Sheriff Edwin D. Barry, of Cuyahoga county, Ohio, who held the warrant for his arrest. "I am indescribably shocked by the recent turn of events. I am innocent of all charges against me, and can point with pride to a three-year residence in Cleveland. I cannot believe that the dreadful things printed by the papers are true. I am entirely without information as to the case, except what I read in the Paris papers, and what you have been good enough to tell me. So I can say nothing of the awful charges against my wife."

MR. WHITNEY HAD A NIP OF SCOTCH

Opposition Leader Got It After Hours in a Napanee Hotel.

Kingston, Dec. 30. — A liquor case before Police Magistrate Daly of Napanee today, has caused great interest, as it was proved that on the night of Dec. 22 Mr. J. P. Whitney, ex-M.P.P., received liquor from the bar of the Papsley House, within prohibited hours, also that several prominent Conservatives of Belleville were unlawfully drinking in the bar. The charges were against Manley Conger, proprietor of the Papsley House, and other prominent Conservatives spoke at a public meeting. After the close of the meeting several speakers and a number of their supporters adjourned to the Papsley bar, regardless of the restrictions of law and order. George Conger, brother of the defendant, was called as the first witness. He testified in response to H. M. Doroche, K. C., counsel for the prosecution, that he was tending bar in the Papsley House during the evening and after 11 o'clock. He also took liquor to the room occupied by J. P. Whitney after 11 o'clock. The liquor was Scotch whiskey, and although Mr. Whitney did not pay for it at the time, it was charged up on his bill, and he paid it the next morning. The whiskey was taken up in tumbler glasses and Mr. Whitney was alone in the room at the time he went up. Mr. Herrington arose and protested against further evidence being taken, as he contended it would furnish a bad precedent. Magistrate Daly said that if everything was so clear as the defense claimed there should be nothing to fear in the evidence of the witness. He had heard many street rumors of disorder in the hotel on the night in question and he was determined to catch no one in his search for the truth. Manley Conger was finally called

and corroborated the evidence of his brother and added considerably thereto. He testified that he was tending bar after 11 o'clock on the night in question and after that time served drinks over the bar to several men, of whom he remembered a few. Among the number were E. Gus Porter, M.P., Horne McGinnis, Walter Fanning and W. P. McMahon, prominent men of Belleville. Mr. Herrington pleaded for leniency. He characterized the visiting contingent as "a horde of thirsty wolves from Belleville." The magistrate imposed a fine of \$10 and costs. He said that the fact of the liquor being served in Mr. Whitney's room did not evade the restrictions of the law.

NAMES ON PARTY TICKETS FOR MUNICIPAL ELECTIONS

Names of Council and School Board Candidates Whom Liberals Should Vote For.

As has been their custom for some years the Conservatives have had their slate printed, and are now peddling it around among Conservative voters for use on election day. The slate names a candidate for mayor, a candidate for water-commissioner, twelve candidates for aldermen, and nine for school trustees, as follows:

- FOR MAYOR.**
Judd, J. C.
- FOR WATER COMMISSIONER.**
Darch, Fred J.
- FOR ALDERMEN.**
Abram, R. S.
Bayly, R. A.
Carson, W. O.
Cooper, Norman.
Dreaney, H.
Forristal, John.
Garratt, Joshua.
Greer, A. B.
Hamilton, W. T.
Heal, C. P.
Matthews, R. F.
Wyatt, William.
- It will be noticed that ex-Ald. Dreaney's name appears on this list. While Mayor Beck sat in the chair he would not permit Mr. Dreaney's name to appear on the slate, but as he is out of the game this year Mr. Dreaney once again joins the joyful band.
- FOR SCHOOL TRUSTEES.**
Dr. Burdon.
Dr. English.
Thomas Evans.
W. C. Fitzgerald.
C. J. McCormick.
John McLean.
E. J. MacRobert.
Dr. Teasdale.
William Yeates.
- This is the list which is being distributed amongst the Conservatives of the city, with a passing injunction to vote for none but the names given by the machine.
- In view of the above, what hypocrites

it is for Ald. Judd's organ to profess indignation because cardboard slips have been circulated bearing the names of Liberal candidates for the council and school board. Listen to this cant from the organ:

"Just what the ratepayers as a whole think of this deliberate effort to foist the nominees of a machine organization upon the city remains to be seen. The names given above are those of candidates who thus go to the people with the label of partyism on them, pledged to do the behests of the politicians who rule the Liberal Club of this city."

And this is what the Conservative Association has been doing for three years.

The Free Press, in today's issue, purports to print a copy of the Liberal slate, which it has never seen. It says that the names of Dr. Campbell and Mr. Donald Ferguson, the candidate for water-commissioner, appear on the printed ticket. This is not the case. A card has been issued for the guidance of voters, giving the names of the candidates for the council and school board who commend themselves to Liberal electors. This slip was not printed until the city had been flooded with the Conservative tickets.

The names of the gentlemen who are candidates for both bodies, and who will see that Liberals get fair play, are as follows:

- FOR ALDERMEN.**
BROWN, JOSEPH.
GILLIES, RICHARD.
GERRY, WILLIAM.
GILLIAN, THOMAS.
GREENLEES, ANDREW.
HEAMAN, WILLIAM.
MOORE, WILLIAM.
NOLAN, JOSEPH P.
NUTKINS, JOHN.
SAUNDERS, JOHN H.
STEVELY, SAMUEL.
STUART, ALEX. K. C.
- FOR SCHOOL TRUSTEES.**
BLACKWELL, DANIEL W.
CAMMAGE, WM. W.
GILLIES, D. H.
HODGE, GEORGE, M. D.
JEFFERY, WILLIAM.
STEVENSON, W. J. M. D.
STRONG, W. T.
WEEKES, G. N.
WELCH, A. E.

WHAT CLAIMS HAVE ALD. JUDD AND HIS FRIENDS ON LONDON?

A Glance at the Record of Ald. Judd and His Conservative Colleagues of 1904.

Monday is election day, and the people of London will on that day elect their civic representatives for another year—in some instances for two years. As many of last year's council will again go before the people and seek re-election, it may be as well to set just what claims the Conservative majority has upon the electors for next year.

Ald. Judd, a member of this year's council, and chairman of the finance committee, is again appealing to the electorate, and is asking the people to place him in the mayor's chair.

But what is the record of the council of 1904 of which Mayor Beck and Ald. Judd, with the aid of the Conservative majority, have been moving spirits?

The council as a whole has an over-draft. No committee has spent more than its appropriation, and is only saved from an overdraft by the unexpected find of a couple of thousand dollars.

No. 1 committee has an overdraft of \$1,000. No. 2 committee has an overdraft of somewhere between \$2,000 and \$4,000. Ald. Wyatt is chairman of this committee.

No. 3 committee has an overdraft of almost \$5,000. Ald. Matthews is chairman of this committee.

But worse than all this is the manner in which the various committees have deceived the public in the statements of finances, which have been given out. For example, the board of works statement, which shows an overdraft of \$2,000, provides the sum of only \$1,000 to pay an account of the Warren Paving Company, which totals over \$1,600. Thus the overdraft of No. 2 committee is cut down \$600 by this piece of figure manipulating. This is only one instance of the manner in which the people have been deceived.

A Few Questions.
What has the council done this year? Has Mayor Beck not had a macadam pavement put down in front of his property on Albert street out of the general funds?

Has not the sewer on Albert street, in front of Mayor Beck's property, been reconstructed out of the general funds, and has not Mayor Beck and the council refused all year to reconstruct a sewer, on similar conditions, on Albert street?

Has not a macadam pavement been constructed out of the general funds in front of Ald. Wyatt's property on Dundas street?

Has not a culvert been constructed with tile at \$3 a foot across Maitland street, near the C. P. R., this year, and has not Ald. Wyatt this year acquired a piece of property on Maitland street near the C. P. R., which is directly benefited by the construction of this culvert?

Is it not a fact that Ald. Cooper wrote the Barber Asphalt Company, promising to "look after their interests in London, and yet this year's council refused to investigate the matter?

Is it not a fact that Ald. Judd left no stone unturned to have the mayor's salary increased?

After reading this record the people may judge for themselves as to the claim Ald. Judd and his Conservative majority confers have upon the people.

Ald. Judd's Record.
Then there is Ald. Judd's record as a citizen of London.

Is he not a shareholder in the London Electric Company, which annually draws \$30,000 a year on a big bonanza contract for lighting the city of London?

Did not Ald. Judd, on behalf of his company, the London Electric Company, fight tooth and nail against allowing the Sifton Company to sell electrical energy and electric light in London?

Did he not in this instance, as in many others, prove himself a monopolist, by seeking to deprive Londoners of the benefits of competition for the purpose of benefiting his own company?

Did not Ald. Judd act for the Grand Trunk Railway when the land for the sub-switching line was purchased in East London?

Is not Ald. Judd at present counsel for the G. T. R. in a case instituted against the company by a widow whose husband was recently killed?

Was not Ald. Judd counsel for the G. T. R. in an inquiry recently held to inquire into the death of a certain C. T. R. brakeman?

Has not Ald. Judd's organ declared that the city will next year have important dealings with the Grand Trunk?

Did Ald. Judd not at one time act as solicitor for the Bell Telephone Company when the company secured a "good thing" franchise in London?

Do all these facts not prove that Ald. Judd is in the confidence of the corporations, and that he is not the right man to put in the mayor's chair of London?

Is it reasonable to suppose that if elected mayor of London Ald. Judd will forget his corporate friends? This is for the people to decide.

CAPTAIN THACKER WAS ILL

Is Returning to Canada From Hospital in Tokio.

Ottawa, Dec. 30. — The department of militia this morning received word of Capt. Thacker, from whom nothing has been heard for some months. The dispatch states that Capt. Thacker, who has been Canadian military attaché with the Japanese army, has been in the hospital at Tokio since Nov. 15, and that having recovered he has sailed for Canada by the Empress of Japan. He will arrive about Jan. 25.

Capt. Thacker was sent out to Japan by the Government to observe operations at the front and to report. For some time his letters have ceased and nothing has been heard of him.

Bare-Faced Partisanship of Mr. Beck's Regime

Shameless Treatment of Liberals During Past Three Years in Municipal Matters.

Tonight the three years' regime of Mayor Beck comes to an end, and a glance at the record of the mayor and his Conservative colleagues during this period shows that the Liberals of London have no reason to shed tears over their departure from the city hall.

For three years the Conservative majority has completely ignored the right to representation of one-half the people of London, and have shut them out from a voice on the governing boards of the city.

For three years the Conservatives have run their end of the municipal elections with all the ardent partisanship of a parliamentary fight, and while coaching their followers to vote for none but Conservative candidates, have caused and secured many hundreds of Liberal votes.

In the three years of the Beck regime Liberals have been outlanders in everything, and Kruggers to Liberals who have always accorded fair treatment to their opponents, it seems incredible that so far forget ordinary justice and fair play. A comparison of the governing bodies appointed by the council of 1901, when Mayor Rumball and a Liberal majority had been in power three years, with the appointments made by Mayor Beck and his followers, shows that the Conservatives have done their worst wherever they could reach a Liberal, and that Liberals have been ostracized by the Conservatives in the government of the city. The personnel of the various boards in 1901 and 1904 is shown in these tables:

This is the record of the regime to which Ald. Judd belongs. This comparison has been published by The Advertiser before, but the Tory partisans dare not deny its truthfulness. It is a record of barefaced partisanship, which it is the duty of all Liberals to condemn with their votes on election day. Every vote cast for a Liberal is a vote against the bigoted policy of the past three years.

In connection with the table above, it may be pointed out that Dr. Campbell remains on the board of health, and Dr. Jeffery on the library board, because the council has had no chance to remove them during the past three years.
