RUSS CREW KILL OFFICERS AND TURN GUNS ON ODESSA

Mutiny on Battleship of the Black Sea Fleet—Revolt Spreads to Southern Russia.

Odessa, June 28.—The crew of a battleship in the roads have mutinied and murdered their officers. It is reported that the mutineers are threatening to bombard the town. All work at the port has been stopped.

Washington, June 28.—Thomas Heenan, American consul at Odessa, today cabled the State Department in substance as follows: The Russian warship Kniaz Potonkin and one torpedo boat arrived yesterday evening. All officers murdered at sea and bodies thrown overboard. Men threaten to bombard the town if interfered with. The situation is precarious. The Black Sea fleet is expected today.

THIS TIME IT WAS MAD CAT

Feline in North End Reported to Have Had Rabies—Residents Uneasy.

Board of Health circles were somewhat agitated today over a report which reached Chairman English to the effect that a mad cat had been located in the north end of the city. It was at first decided to send Dr. Hutchinson northward to locate the feline, but he insisted on being accompanied by the Sixth Field Battery, and the members of the board were compelled to look to Dr. Tennant to lay hands on the "varmint." Dr. Tennant at once set out to observe the maneuvers of a mad cat, but it is understood that the feline died before he reached the home of its owner. The fact that the cat was mad has caused a very uneasy feeling in the north end of the city, as it is concluded by many people that this cat must have bitten a large number of cats before it died. Consequently, the house cat which now indulges in a fit common as an after effect of over-eating is likely to lose its life, as any household may mistake a fit for a case of hydrophobia, and may slay the feline with a bootjack.

So far this is the only case of rabies, outside of the dog which bit young Langford MacGregor, that has come to the notice of the authorities. Today Mayor Campbell received the following letter from Dr. Wheeler, of the Pasteur Institute, New York:

"I beg to inform you that the dog brought here from London, Ont., by Dr. MacGregor, who is suffering from rabies, died during the night of Thursday, June 22, after manifesting all the symptoms of rabies of the paralytic form."

This amounts to an official notice to the people of the city of London that rabies exists here, and does away with all the talk about the dog simply being sick.

CHAMBERLAIN IN HIS BAILIWICK

TALKS "EMPIRE" TO CANADIANS

Wants Sentiment and Blood Ties Organized and Consolidated.

Birmingham, June 28.—The Canadian Manufacturers' Association had a great reception at Birmingham. Wherever they went the crowds watched them. They were received at the town hall by the mayor, President George, replying to the hearty welcome, complimented Birmingham on having produced the greatest living statesman. Speaking on behalf of the Canadian manufacturers, he declared that they were a unit for Chamberlain's policy. Afterwards the whole party were entertained at luncheon, when Mr. Chamberlain and Jesse Collins were present. Mr. Collins, who presided, said that the whole audience was carried out, they would weld the Empire together.

Mr. Chamberlain received tremendous applause, the whole audience rising and cheering. He said he attached the

St. Petersburg, June 28, 2 a.m.—The wave of disorder rolling over Russia has appeared at Odessa, where a general strike accompanied by bloodshed and disorder has broken out. There were several collisions between the military and the strikers Monday night and yesterday, in two of which volleys were fired by the troops. No report of the extent of the casualties has been received, the official statement dealing only with the initial encounter Monday night, declaring that two persons were killed therein.

There was another encounter yesterday afternoon and a number of attacks were made on individual policemen. A press dispatch received last night said that 400 armed workmen barricaded a suburb and repulsed the attack of a company of Cossacks. Reinforcements of three companies of Cossacks were sent to the suburb, but the result of the attack on the strikers is not yet known.

Elizabethabad, Government of Kherson, Russia, June 28.—On account of the threatening nature of the agrarian movement in the adjoining districts, the Governor of Kherson, M. Levasschev, has arrived here and Cossacks have been summoned. Many landlords are fleeing from their estates into the city.

CARS COLLIDE AT GUELPH CITY

Nine Injured in Crash Between Trolley and Freight Train.

Guelph, June 28.—Today about noon a trailer belonging to the street railway loaded with excursionists to the Ontario Agricultural College started down grade towards the C. P. R. track and ran into a freight car smashing the trailer and the car and injuring some eight or nine people. Four of these have gone to the hospital. None are dangerously hurt, although some have broken ribs and other cuts and bruises.

DRIVER'S NARROW ESCAPE

Thrown From Wagon and Rendered Unconscious for Some Time.

John Gale, a driver of an asylum team, had a lively experience in a runaway today on King street. His team, which was being driven by a number of teams were waiting he concluded to call again, and attempted to leave the yard. In turning the corner one of the front wheels locked against the box of the wagon and the team bolted. At the next corner they struck a pile of lumber, tearing off the front wheel and upsetting the wagon. Gale was thrown out, and the horses finding themselves free of the reins, speedily broke the neckyoke and wheelers and galloped across the road, heading for the open doors of the fire station. Station Foreman Case and Engineer Allen heard the rumpus and rushed out in time to catch the animals.

Gale was picked up unconscious, but he soon recovered, and in a short time he secured another wagon and took the horses home. Neither was injured in the runaway.

Montreal Canoeist Drowned.

Montreal, Quebec, June 28.—The canoe which was occupied by two young men named Walter and Blanchard, who are missing, and are believed to have been drowned, has been found on the shore of the St. Lawrence river. The canoe was found with some of the men's belongings in it. This strengthens the belief that both men have lost their lives.

Ada Rehan Ill.

New York, June 28.—Private cables received here yesterday by friends of Miss Ada Rehan announced that the actress who recently left New York for England, is lying dangerously ill in London, says the Herald. Miss Rehan, said the cables, had been stricken with appendicitis. She is visiting Lady Barrington at her home.

MUST MUZZLE DOGS

Big Batch of Summonses Against Citizens Who Have Failed to Do So.

A number of bylaw violations were heard this morning at the police court. Maurice Baldwin was charged with building a barn without a permit and he was charged with maintaining a nuisance. He was bailed in the sum of \$200 for a month, and in case he makes alterations he will be liable to \$500. A soldier was intoxicated, and the police charged him with being drunk. A drunk who came out from the old country a short time ago and who wore the South African bar ribbon, was discharged, as it was his first offence. Another drunk was also let go. A big bunch of summonses have been issued to citizens who did not muzzle their dogs.

DISASTER ON LAKE COMO

Thirty Children Drowned in an Excursion on Swiss Waters.

Milan, June 27.—Thirty children were drowned yesterday in an excursion upon Lake Como.

PERFIDIOUS ALBION

Russ Press Blames Her for Franco-German Crisis.

St. Petersburg, June 28.—At Great Britain's door the Novoye Vremya lays much of the responsibility for the Franco-German crisis, saying she is pursuing her traditional policy of encouraging a conflict between her competitors in order to profit thereby. "Great Britain," the paper adds, "pushed France into the Moroccan adventure sustaining M. Delcasse, the former foreign minister, in his resistance to Germany's claims. For decades Great Britain's hostility has been directed against Russia, at last succeeding in having another country accomplish a task from which she herself shrank. With Russia no longer dangerous for the present, all Great Britain's main efforts are directed against Germany, now her chief competitor in Europe."

The Novoye Vremya, however, believes that with Premier Rouvier in charge of the negotiations with France, Great Britain's plans will be defeated, and the Moroccan affair will be satisfactorily adjusted.

A BOGUS PROPOSITION

Newspaper Advertising Man Swindles Thousands of American Women.

Port Huron, Mich., June 28.—George F. Kinneer, a newspaper advertising man of Washington, D. C., was arrested here yesterday charged with fraudulent use of the mails. Efforts are being made by the postoffice inspectors to connect Kinneer with a scheme by which thousands of dollars were secured from unsuspecting women all over the country in 1902. The women were caught by a bogus proposition to contribute to a fund for the relief of the Russian famine. Kinneer was arrested at St. Louis, and is being held at the St. Louis jail. He is being transported to be president of the National League of American Women.

A PANAMA CANAL ROW

Engineer Wallace Clashes With Roosevelt—Obligated to Resign.

New York, June 28.—John F. Wallace, chief engineer for the Panama Canal commission, has resigned his position under pressure from President Roosevelt and Secretary of War Taft. This statement was practically confirmed here yesterday by Theodore P. Shonts, chairman of the commission.

The resignation of Mr. Wallace came after several stormy sessions of the canal board and after several conferences between the President, the chief engineer and Mr. Shonts. The disagreement was entirely over the policy to be pursued in the construction of the canal. It was found after Mr. Wallace left for Panama that there was a serious difference between his ideas and those of President Roosevelt and Chairman Shonts, of the commission. The chief engineer was hastily summoned to Washington. It is hinted that Mr. Wallace allowed certain matters to creep into his department which would not look well if the public notice should be given them. There is, however, no slightest breath of suspicion against the honesty of the chief engineer, and it is believed that he is being given the ground solely of his having placed too much confidence in some of his subordinates.

A number of bylaw violations were heard this morning at the police court. Maurice Baldwin was charged with building a barn without a permit and he was charged with maintaining a nuisance. KUROPATKIN DEAD

IS WAR REPORT

Dispatch Says Deposed Commander Died at Front.

NOGI CUTS OFF 70,000 ENEMY?

Marshal Oyama Drives Back Russian Center and Right and Is Now Pressing Left.

St. Petersburg, June 28, 2 a.m.—A rumor spread throughout the city last night that Gen. Kuropatkin had been killed.

This rumor was connected sometimes with a report that 70,000 Russians had been cut off by Gen. Nogai's army, and that Kuropatkin had been taken prisoner.

Nothing confirmatory of these rumors has been received either by the general staff or in press dispatches.

The members of the general staff say that no reports of special importance have been received.

St. Petersburg, June 27.—The military experts take anything but a hopeful view of Gen. Linevitch's situation. They do not believe he can be surrounded, but apparently do not consider the possibility of a Russian victory.

According to the latest news from the front, which is thirty-six hours old, Oyama, after forcing back the Russian right and center, transferred his weight against the left, compelling the Russians to give ground there.

The military critics, however, agree that the frontal movement is merely a feint for the envelopment of one or both of the Russian wings without any serious change in the shape of a decisive victory is possible.

The Russian staff declares Linevitch is keeping in touch with flank movements and that it is not possible to take him by surprise. Occasionally heavy downpours of rain continue at the front.

Gen. Linevitch, in a dispatch dated June 26, reports outpost affairs on June 24, the Russians being driven in both south of the railway and in the valley of the Tsinhe. In the region of Hallungchen the Japanese resumed the offensive June 23, and attacked and drove back the Russian advance squadrons.

Russia Advises France

To Meet Kaiser Halfway

St. Petersburg, June 28.—The Associated Press learns that France is consulting her ally in the negotiations with Germany. Premier Rouvier's note was submitted to Russia before it was transmitted to the Berlin Government, and Foreign Minister Lamourff was apprised of every step taken. The statement that France had already called upon Russia to mass troops on her western frontier, however, is authoritatively denied. Russia has been advising her ally to meet Germany halfway.

CHINA HITS BACK

AT UNCLE SAM

American Importers Already Feel the Effects of Celestial Boycott.

San Francisco, June 28.—Edward G. Bellows, until recently consul-general for the United States in Japan, has arrived in San Francisco. He brings renewed confirmation of the Chinese boycott which the merchants of China have declared upon goods and merchandise coming from the United States, and says they have carried the boycott to such an extent that in many instances importers are having great difficulty in obtaining assistance in the unloading of American products.

"There can be no doubt that there is a determined effort afoot in China, whereby it is hoped to bring pressure to bear upon the United States, through the medium of a boycott," said Mr. Bellows.

Penang, Straits Settlements, June 28.—A large meeting of the leading Chinese merchants here today decided to co-operate with the Chinese of Singapore and Shanghai in boycotting American products, pending the withdrawal of the Chinese exclusion act.

SAME OLD CHICAGO

Desperados Hold Up Crowded House and Make Big Haul of Gems.

Chicago, June 28.—Three armed men held up and robbed a number of persons in a resort kept by Victoria Shaw in Dearborn street early today. There were many persons in the place and the robbers escaped with jewelry and money to the amount of \$5,000.

Each of the men carried two revolvers. There were seven men waiting outside, and one of the three attended to them while the other two went inside. Within were fifteen women and ten men. The two robbers went through the place, driving the inmates before them to a room on the second floor, where after robbing them they told the tale. Whether or not the reports are true, a band of hunters have undertaken to lay the striped monster law.

FRICION WITH THE MEN

G. T. R. Reported Having Trouble With the Brotherhood.

Toronto, June 27.—Despite the denial of Grand Trunk officials and even some of the officers of one of the railroad brotherhoods there appears to be friction between the company and nearly all of their employees. Time alone will tell how serious it is or if it will lead to trouble. It leaked out today that the telegraphers are again uneasy, because no one seems to know what the settlement was.

Then the engineers are preparing their requests, and in this particular instance, despite the denial of some of the officers, all is not harmony.

Today about 50 representatives of the Brotherhood of Trainmen assembled at the Grand Trunk station and met Fourth Vice-President McGuigan, Superintendent Brownlee, Blacklock, Tiffin, and the different trainmasters. The men are asking for a new scale of wages and a modification of some of the running rules.

At the close of their first session neither side would state what progress was made. The first rule laid down, however, was that the press was not to receive any information until matters were adjusted.

Sailed Against the Wind.

Toledo, June 28.—A Roy Knabenshue made a trip yesterday in the new airship which he has just completed and on which he has been working for five weeks. Yesterday afternoon he started on a trip over the city and sailed the airship for 45 minutes, going with and against the wind. The trip was a successful one.

Bennett and His Suit.

Toronto, June 28.—W. H. Bennett, M. P. of Midland, has a suit against him for slander, brought by one Wilson, of whom he is alleged to have remarked sundry things reflecting on his conduct at election times. He was instructed to be present at Barrie for examination in the case on June 10.

That date dawned on Barrie, but W. H. Bennett did not. Instead a letter came from his firm saying that he was busy about his duties on Parliament Hill. As a member of Parliament he claimed to be exempt from such worries as attending on examinations for discovery. He further states that on the date in question he was confined to his room with rheumatism. Today Mr. Robert McKay, solicitor for the plaintiff, is seeking to have the defense stricken out. The motion was enlarged till Sept. 22.

CONSERVATIVES IN CAUCUS

DECIDE TO CUT OUT TALK

Opposition Comes to Its Senses and Will Help Wind Up This Parliament—Auditor-General Again.

[Special to The Advertiser.] Ottawa, June 28.—A Conservative caucus was held this morning, when it was decided to do all that the party possibly could to bring the proceedings before Parliament to a close. It is expected that prorogation will be reached about the end of July or the beginning of August.

The auditor-general was again heard today before the public accounts committee in reference to his suggestions that the audit act should be amended in certain directions. He said that he considered his duty ended when he was satisfied that the money voted was expended. In reference to the Davis contract he said that it would not have

been possible in the United States or Great Britain for such a thing to have taken place. He quoted from the British and American decisions affecting the audit act. His idea was to show that in Britain and the United States the auditor has greater powers than in Canada. In the Davis contract more money was to be paid to the contractor without there being any real change in the contract. He said that contracts were frequently changed. He did not object to payment for extras and subsidiary works. He wanted the contractor to get paid for the work, but he did object to changes which meant only giving more money to the contractor.

Tiger Hunt in Quebec Wilds. Striped Monster Escapes From Circus and Terrorizes the Countryside.

Montreal, June 28.—A dispatch from Ste. Madeleine says that for several days a ferocious tiger has been terrorizing the inhabitants of the district. It is supposed that the beast escaped from a circus troupe that recently visited that part of the Province, and in consequence the whole neighborhood is aroused and alarmed. Several persons claim to have seen the tiger, and one young man asserts that while he was out driving the tiger gave chase from a neighboring thicket, and had not the horse seen it and been frightened he might not have escaped to tell the tale. Whether or not the reports are true, a band of hunters have undertaken to lay the striped monster law.

Martial law still prevails, the streets are constantly patrolled and the liquor shops are all closed. The universal condemnation of the strike movement at Lodz has had the effect of quieting the situation and it is expected that the remaining strikers will soon resume work.

A Wiser Than Solomon

Was This Magistrate

New York, June 28.—Solomon, with all his wisdom, could not hold a candle to Magistrate Higginbotham as an administrator of justice.

George Lindsey, of No. 125 Dresden street, Brooklyn, who before the magistrate yesterday charged by his wife with having abandoned her and their baby.

"I sentence you to spend one day with your wife and baby, either in Prospect Park or at Coney Island," Magistrate Higginbotham said.

"Accompany your wife and watch the baby play. Don't speak to each other. All you have to do is watch the baby play."

"Yes, sir," Lindsey said, fumbling his hat.

"And, Lindsey, you are further sentenced to kiss your wife once each day," continued the magistrate. "You might also take her a bunch of flowers once a week, so that she will have something pleasant to look at. You are also to pay her \$6 a week for four weeks. This sentence must be carried out. If it is not you will be in contempt of court, and I shall punish you."

"Yes, and your wife are to come back here one month from today and let me know how the court's sentence is being carried out."

In addition to the sentence Magistrate Higginbotham specified that all mothers-in-law were to stay away from the Lindsey home.
