Ayer's Hair Vigor.

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair.

Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.

This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use.

Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed.

But such as remain can be saved for usefulness by this application.

Instead of "loosing the hair" with a "pasty sediment," it will keep it clean and vigorous.

Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness.

Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it.

It is wanted merely for decorative and ornamental purposes.

HAIR DRESSING.
Nothing else can be found so desirable. Containing neither oil nor fat, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

AYER'S CHERRY PECTORAL.

For Coughs, Croup, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine has anything so widely and so rapidly upon the confidence of mankind as this excellent remedy for pulmonary complaints.

Through a long and successful history of its use, it has shown that it has risen higher and higher in its estimation, as it has become better known.

Its uniform character and power to cure the various affections of the lungs and throat, and its reliable protector against them.

While adapted to milder forms of disease and to young children, it is also the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs.

As a protective agent of Croup, it should be kept on hand in every family, and indeed as a sometimes subject to colds and coughs, all should be provided with this antidote for evil.

Although called Consumption, it is thought curable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral.

So complete is its mastery over the disorders of the Lungs and Throat, that it has been used with success in cases where other remedies had failed, and where other remedies had failed.

Unaccompanied by other medicine, or travelling through mountainous localities, will be attended by taking the AYER'S CHERRY PECTORAL.

It is an excellent remedy, stimulating the Liver into healthy activity.

It is a valuable remedy, producing many cases of remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., and sold all over the world.

Price, \$1.00 per bottle.

Dr. J. Collis Browne's Chlorodyne.

For Coughs, Croup, Whooping Cough, Bronchitis, Asthma, and Consumption.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium.

Old and young may take it at all hours and times, in any quantity. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men of every nation most extensively using it in great quantities in the following diseases:

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhoea, Colic, Goughs, Asthma, Croup, Rheumatism, Neuralgia, Whooping Cough, Hysteria, &c.

The Right Honorable the Hon. J. W. Wood stated, that Dr. J. Collis Browne was undoubtedly the inventor of CHLORODYNE, that the story of the delusion, Freeman, being the inventor was deliberately untrue, which he testified to have been proved by the Hon. Hospital Physician of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and with the most successful results.

The Public therefore are cautioned against using any other than the Chlorodyne of Dr. J. Collis Browne.

Ayer's Cathartic Pills.

For Coughs, Croup, Whooping Cough, Bronchitis, Asthma, and Consumption.

Perhaps no one could be so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild and efficient purgative.

The various reasons for its use are, that it is a most reliable and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always.

It never fails through any fault or neglect, its composition is so safe and its action so gentle, that it may be taken with safety by anybody. Their sugar coating preserves them fresh and makes them pleasant to take, while being purely vegetable, no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal secretions to purify the blood and stimulate into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their regular action, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions for the use of the wrapper on the box, for the following complaints, which these Pills rapidly cure:

For Dyspepsia, Indigestion, Flatulence, Acidity, &c. They should be taken moderately to stimulate the stomach and restore its healthy tone and action.
