City Treasury Robbed. GIGANTIC FRAUDS CONNECTED WITH THE EXHIBITION. \$100,000 Stolen-Who Got the Proceeds of

Editor World: The above is the head ing of an article, which appeared in the 5 o'clock edition of the Toronto News, on Saturday evening. The readers are informed, that in the erection of the exhibi-tion buildings, the contractors were paid double the agreed price, and that suspicion is attached to several of the leading mem-

bets of the exhibition board.
In reply to this scandalous falsehood, permit me to say that the city treasurer never paid one dollar towards the buildings erected by the Exhibition association. They were built out of the receipts from the exhibitions. I regret that any paper in Toronto or even in Canada would condescend to publish such as atticked. descend to publish such an article (simply, no doubt, to prejudice Mr. Withrow's election for mayor) and attempt to bring disgrance on an association which has been such a benefit to our city and country, and try to discourage Mr. Withrow and his fellow-directors, who have worked hard to make the exhibition a success and without make the exhibition a success

Lessen the Cost of Theatricals. D York Letter Detroit Free Press The cost of theatricals really ought to come down, whether managers or actors like it or not. It has been palpably extravagant for several years, and it is as high now, at the principal theatres, as when inflation carried everything up in the air. It is partly, at least, because the cost is so high that the theatres are not better a leaded. All the houses at which prices

Cost Her Weight in Gold.

From the Tucson Star.

Mrs. Jesus Castro, an aged Mexican lady, now residing at American Flag, in the Santa Catalina mountains, is perhaps the only woman who, literally speaking, ever cost her husband her weight in gold. It is said that in the early gold-digging days of California she was a resident of Sonora, in which state she was born and grew to womanhood. When about the age of 17 a paternal uncle, but a few years her serior, returned with his companions gold-laden from the El Dorado of the west, and became desperately enemored of her. He sought her hand in marriage and was accepted, but the church rejused because of the near relationship existing between the near relationship existing between them to solemnize the marriage. Persuasion being in vain, he tried the power of gold to win the church his way, and succeeded only by the payment of her weight in gold. She at that time weighed 117 pounds, and against her in the scales the glittering dust was shoveled. Her affi anced husband still had sufficient of this world's goods to provide a comfortable home, and they were married. The above is a fact and not fiction, as living wit can prove.

Wished She Was an Orphan. From the Boston Transcript A little Newport child of rich parentage, arefully nursed and richly clothed and guarded tenderly by its elders, was driving by the orphane' home the other day, when it caught the sound of the many childish voices in the yard where the children were at play. It eagerly asked: "Oh, mamma, what is that?" "They are poor little

The mother appreciated the situation, and has since given her child companionship cits own stature and a little more freedor from fine clothes and constant nursing.

From New/England cities the rate to this city under the new schedule is 10 cents for ten words, and but 25 cents to all prominent western cities, where a year ago it was from 40 to 60 cents. From Philadelphia, Baltimore and Washington the old 15 cents rate to this city is reduced to 10 cents, and to other points both west and east—to wit, Chicago, Cincinnati, Pitts-burg, Cleveland, Columbus, Indianapolis, Boston and New England cities generally—20 cents, a drop ranging from 30 to 50 cents. From Chicago in all directions the new year marks a swath cut in former traffics—15 cents instead of 50 to New York; the same to Cincinnati instead of 35; 20 to St. Louis, 150 per cent. less to Philadelphia, Baltimore and Washington, or 20 cents, as against 50; one-half the old rate to Pittsburg and Columbus, and very nearly as great a reduction to Cleveland and Indianapolis, all these cities coming within the 20 cent. rate. International and Colonial Exhibitions.

ANTWERP IN 1885-LONDON IN 1886. It is the intention to have a Canadian representation at the INTERNATIONAL EXHIBITION at Antwerp, commencing in May, 1885 and also at the Colonial and Indian Exhibits to in London in 1886.

The Government will defray the cost of freight in conveying Canadian Exhibits to Antwerp, and from Antwerp to London, and also of returning them to Canada in the event of their not being sold.

Al Exhibits for Antwerp should be ready for shipment not later than the first week in March next.

These exhibitions, it is believed, will afford favorable opportunity for making known the natural capabilities, and manufacturing and industrial progress of the Dominion.

Circulars and forms containing more particular information may be obtained by letter (nost free) addressed to the Department of Agriculture, Ottawa. By order.

Ottawa, December 19th, 1884.

Department of Agriculture, ttawa, December 19th, 1884. THE CENUINE PIAND. Manufactured by Rainer & Co., Guelph, Ont.

The undersigned respectfully announce that on the 9th day of April, 1884, Joseph F. Rainer dissolved partnership with Frank Sweetnam and John Hazelton, as piano manufacturers, and that said Joseph F. Rainer, with his son, will continue to manufacture the original cross-scale Pianos, of which the said Joseph F. Rainer is the sole inventor.

Since the above dissolution, Mr. Rainer, sr., has sreatly improved the small Cross-scale Piano by adding one string more to each note throughout the middle, making three strings to each note instead of two, thus giving the Piano by adding one string more to each note throughout the middle. There will be fifty-three notes from the treble down that will have three strings instead of twenty-four notes from the treble down as formerly. The undersigned will give to wholesale and retail customers the benefit of this improvement by letting them have these Pianos for the same price as the ones formerly mane with two strings.

These Pianos have now been before the public for 23 years, and have always ranked among the very bost, and are celebrated for quality of tone, great power and durability of action, prompt elastic touch, fine finish and elegant style of case, combined with every known improvement. Themost complete and unbroken list on record, embracing a period of 30 years, and made up of 28 first prizes, medals and diplomes received at the principale knibitions in Canada—Montreal, Kingston, Toronto, Hamilton and London. At the Centennial Exhibition in Philadelphia, in 1876, we secured a medal and diplome for our piano. The great favor with which the cross-scale pianos have been received for so long a period, and the reputation they bear, has induced others to imitate them. We therefore caution intending purchasers and dealers wishing to obtain the original cross-scale piano to see that the name of Rainer & Co." is on each instrument. We make the Upright and Square Grand Pianos.
