WIGGINS ON THE ECLIPSE.

Earthquakes in both Hemispheres Predicted. Ottawa, March 11.—Professor Wiggins, famous for his weather prophecies, speaking about last night's eclipse of the moon, said it was not remarkable except for the fact that it happened so near the equatorial equator. The heaviest rain produced violent atmospheric disturbances on both the earth and moon, and a very decided fall of temperature in both.

Wiggins on the Eclipse.

There was considerable activity to-day in Toronto Street Railway shares. Canadian Pacific earnings are again disappointing. For the first week of March they are \$264,000, with a corresponding week of last year.

Wiggins on the Eclipse.

The English visible supply of wheat decreased 465,000 bushels the past week. Imports from Washington to Henry A. King & Co. this afternoon says: Wheat in farmers' hands, 1,000,000 bushels; crop, 750,000,000 bushels. Corn 38.2 of last crop, or 497,564,450 bushels.

Wiggins on the Eclipse.

The amount of wheat shipped to Europe is 36,400,000 bushels, an increase of 1,400,000 bushels for the week. The amount of wheat shipped to Europe is 36,400,000 bushels, an increase of 1,400,000 bushels for the week.

Wiggins on the Eclipse.

Corn on passage to Europe 3,120,000, the same as a week ago. Editor: We do not inspire Mr. Haycock's speech on Thursday night, nor have I ever in any manner attempted to guide or influence the speech of any member of the Patron order. I plead guilty to having met the gentleman on the evening of the 11th, and to have shook hands and performed all kinds of Eastern and Western acts, basking in the warm rays of the sun, but we avoided all references to party politics with a measure of scrupulousness only equalled by Mr. Chas. Walker's attitude of the Manitoba school question.

Wiggins on the Eclipse.

If the World is angry because Mr. Haycock and myself met without indulging in barbaic war, I cannot help it; may, more, I rather enjoy the phreny of a newspaper that loses its temper against the special objects of its hatred, for such affairs do much entertainment and does nobody any harm. PETER RYAN.

Wiggins on the Eclipse.

Cheap Land. The adjourned sale of city lands for taxes was attended by many real estate men yesterday. Inspector Auld, presiding as auctioneer in the Court Chamber. The number of lots for sale was 850, on which there were arrears of taxes amounting to \$80,000. Of these, 172 were in Ward 6, 156 in Ward 1 and the others scattered in the other four wards. The bidding was slow and the prices realized were very low in some instances. City Commissioner Coatsworth represented the city in the bidding, in keeping up the price by sundry bids. Most of the lands sold for less than the arrears, some as low as 50 cents a foot.

Wiggins on the Eclipse.

For some lots it was difficult to start a bid; then the real estate men were very chary in their advances. A number of the lots remained unsold. No lady will ever know how superior to every other Dr. Price's Cream Baking Powder is until she tries it.

Wiggins on the Eclipse.

Board of Trade Notes. The bankers' section will meet on Wednesday. The Executive Committee of the Farmers' branch met yesterday afternoon. It was decided to call a general meeting of the farmers throughout the Dominion on March 25 to consider discounts, freights and other matters in connection with the trade.

Wiggins on the Eclipse.

Dyeing and Cleaning. All sensible people practice rigid economy these hard times, and there is no better way of saving money than by patronizing a first-class dyeing and cleaning establishment. Stockwell, Henderson & Co., of 103 King-street East, have had for many years a reputation second to none in Canada. They clean and dye and press gentlemen's garments so satisfactorily that they have built up a large trade in this line. Ladies' robes are done equally as well, and the result is that during the spring and fall of the year they do a big business. The proprietors attend to business at this establishment, and all work is done under their careful supervision. Have your work done now, before the rushing time of new goods, and they will send for your goods. Head office and works, 103 King-street East; branch offices, 200 and 772 Yonge-street. Telephone 1208, 1888 and 3572. They pay express one way on goods from a distance.

Wiggins on the Eclipse.

Dyspepsia and Indigestion is occasioned by the want of action in the biliary ducts, loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on; also, being the principal cause of headache. Farnes's effective pills taken before going to bed, or while, never fail to give relief and effect a cure. Mr. F. W. Anderson, 451 Queen-st. writes: "Farnes's Pills are taking the lead against ten other makes which I have in stock."

Wiggins on the Eclipse.

Supplementary Estimates. Park Commissioner Chambers has completed his supplementary estimates, which amount to \$225,000. Improvements in front of Parliament buildings are placed at \$230,000; Queen-street avenue, \$11,700; sheep and pig sheds at Exhibition grounds, \$10,000.

Wiggins on the Eclipse.

In Asthma and Bronchitis. Norway Pine Syrup gives great relief, rendering breathing easy and natural, and enabling the sufferer to enjoy refreshing sleep, while a permanent cure often results.

Tips From Wall Street.

Sugar Trust continues to be the active speculative security. New York continues to be a market for lower on rumors of reduction in dividend.

Henry A. King & Co.'s special wire from London, Thursday, March 11, 1895. After a week of discouragement the market has been revived by a report that the stock is a large short interest here, and London is overlong on the eve of a fortnightly settlement. The bear movement has been predicted upon an impending reduction of the N.Y.C. and St. Paul dividends and unfavorable developments in other railroad stocks generally.

The market for wheat is generally strong. Sugar is very buoyant, but the feeling in conservative circles is that the market is overlong. Stock has gone as far as it can and that a recession is now in order. In N.Y. and in the West, the stock is overlong, but it would seem that London is through buying the stock and that a reverse movement is in order. Wheat is generally strong. Sugar is very buoyant, but the feeling in conservative circles is that the market is overlong.

Elegance

is a feature in the appearance of every Mason & Rich piano. You can almost recognize one of our pianos by its chaste appearance and absence of showy ornament.

Art Quality

is manifest the moment you either play it or hear others play it. Crispness of tone, delicacy of touch and sympathetic tone distinguish it.

Durability

is a leading characteristic. You cannot tell whether a piano will last when you are buying except you are guided by the reputation of the makers. You will not go astray in purchasing from an old-established house such as ours.
