## HAS NEVER FELT THE RHEUMATISM

### Since Taking "Fruit-a-Lives" The Famous Fruit Medicine

P.O. Box 123, PARSONS, N.S.  
"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up. I tried medicines I saw advertised, and was treated by doctors but the Rheumatism always came back.

In 1916, I saw in an advertisement that "Fruit-a-Lives" would stop Rheumatism and took a box, and got relief; then took "Fruit-a-Lives" right along for about six months and I have never felt Rheumatism since."  
JOHN E. GUILDERSON.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-Lives Limited, Ottawa.

#### BELLEISLE

Mr. and Mrs. LeRoy Bent and small son spent the week-end in Tupperville, the guests of Mr. and Mrs. F. W. Inglis.

The many friends of Mr. Lorne D. Young will be glad to know he is recovering from his recent illness.

Miss Bessie Young, of Granville Ferry, spent last week with her cousin, Mrs. Ernest M. Bent.

Miss Susie M. Troop, who is attending school in Bridgetown, spent the week-end with her parents, Mr. and Mrs. Archie F. Troop.

Mr. Joseph D. Bent returned home on Thursday after spending two weeks with his sister, Miss Jennie, at Truro. While away Mr. Bent also visited Halifax.

Mrs. A. C. Marshall is visiting her sisters in Boston. From there she intends going to Regina to visit her brother, Dr. Fletcher Longley.

Mrs. John R. Winchester, of Lower Granville, is visiting Mrs. Gertrude Wade.

Some of the nicest needle work we have seen for some time is being done by Mrs. B. A. Sanborn, a lady of over seventy years. At a recent exhibition held in Trull, B.C., Mrs. Sanborn's work won three prizes.  
Mr. and Mrs. Louis Walker and son Harold, were recent guests of Mr. and Mrs. Henry F. Troop.  
Little Miss Nellie Bauckman, of Granville Ferry, was a recent guest of her grandparents, Mr. and Mrs. Sylvester Bent.

#### VICTORIA BEACH

On the last recent storm John McGrath, on the O. H. M. service, had a hard time getting from the Bell Tower to his home.

The last storm was so severe that people were compelled to stay indoors for some time. Snow is piled up so high in places that several have stepped over the telephone wire. It has been good snow shoeing and every one has accepted it and the writer has noticed a little boy making snow shoes for his cat.

Miss Lucy Ellis left Friday the 15th for St. John, where she is employed for the winter.

John McGrath had a letter from his son, H. L. McGrath, on the steamship "Paul H. Harwood" saying that their wireless operator died very sudden, of heart trouble, which cast a gloom over the ship, also saying they were having very fine weather down there, he seeing a sea with a flock of chickens.

Miss Marjorie Slocum of Port Wade, was the week-end guest of Della McGrath.

Our Primary teacher, Miss O. K. Mader, has been sick with the measles. She has not started teaching since her return from her home.

Mrs. James Ellis is on the sick list. We wish her a speedy recovery. Dr. Braine is in attendance.

#### PAST SEASON WAS RECORD ONE ON GREAT LAKES

Over Two Hundred Million Bushels of Grain Shipped From Twin Ports.

Port Arthur, Ont.—The 200,000,000 bushel mark was reached in grain shipments of the 1922 crop from Port Arthur and Port William, Sunday. This is a new record in the history of the twin ports.

The unprecedented record of 1922 has been responsible for heavy earnings by the steamship companies, all of which will reap a rich harvest. High rates for the carriage of grain have prevailed practically all Fall. Taking part in the movement from Port Arthur and Port William were steamers which never until this season reached the local port. They included several steamers of the Canadian Government Merchant Marine and ocean steamers operated by the United States Shipping Board. This was the first time since the two countries entered into merchant marine competition and their vessels were despatched here with orders to "take all you can".

#### A NATIONAL INSTITUTION

A journal that for over fifty years has grown in public esteem until it has acquired the largest number of readers of any journal in the country in which it is published may without exaggeration be said to have grown into a national institution.

By the testimony of its readers, by the testimony of the press of Canada, by the testimony of vast numbers of the thinking population and by the admission of capable journalists and other onlookers in other countries. The Family Herald of Montreal, based on its enormous army of readers, on its independence and on its devotion to the welfare of the country, has come to be regarded as one of the National assets of the Dominion.

For the year 1923 the publishers of The Family Herald and Weekly Star promise their readers better value than ever in the past, with more valued contributions and more resources in all departments. The plans involve heavy outlay for new features, but the subscription price will remain at \$2.00 per year, the extra expenditure being undertaken in absolute faith, upheld by the confidence and practical co-operation of more than half a million readers.

The New Year has opened with a rush of subscriptions that has smashed all previous records. Judging by the stacks of subscription orders that at times have threatened to choke the great Montreal Post Office, it would appear that half of Canada had selected The Family Herald and Weekly Star as the best all round journal for 1923.

#### THEY APPRECIATE AND ENJOY "THE MONITOR"

An esteemed subscriber in the United States writes us as follows: Mr. F. H. Beattie, Bridgetown, N. S.

Dear Sir—I am enclosing cash in dollars for my subscription to THE MONITOR for 1923, as I believe it is now about due and found few like this week was a good reminder. I surely look eagerly for THE MONITOR on each Thursday, and it is the first piece of mail that I open, even before my letters, as I want to see and learn all that is going on down in the best spot of God's footstool, and I certainly believe it is the best spot on earth. I have seen the greater part of Canada, have been in every state in the Union here out as far as the Middle West, have been doing business, met all kinds of people, etc. but when I compare what I have seen with what I know of little old Nova Scotia, the latter has them all beaten a mile, and some day soon I hope to be there too, and live and enjoy all the beauties and pleasures that you now enjoy.

I see by your paper that you have had SOME SNOW your way. Well, we too, have been treated the same way here. Over twenty good-sized snow storms so far this winter, and we no more than get DREG out when it comes another storm comes and fills us all up again. My house is on a corner with about three hundred yards of sidewalk.

I surely miss THE MONITOR when a day late, and would not want to get along without it. With best wishes to you and your readers for a banner year in 1923.

#### MINERS INFORMED MUST LEAVE UNION IF THEY JOIN REDS

Union Headquarters Says Expansion Will Follow if Nova Scotia Miners Affiliates With Red International.

Indianapolis.—Notice has been served on the coal miners of Nova Scotia by the international executive board of the United Mine Workers of America, the labor union now operating in most of the mine fields of the United States and Canada, that they cannot affiliate with the Red International labor organizations of Moscow and at the same time remain members of the United Mine Workers, it was announced recently.

The United Mine Workers by this step, it was declared, have put themselves directly on record against radicals who are endeavoring with Russian examples "to destroy the American labor movement and substitute therefor the principles of Bolshevism."

In case the Canadian local unions concerned attempt to proceed further with their affiliation efforts, the union's leadership has decided to revoke their present power of controlling their own local organizations and set up new ones in the territory, as was done in Kansas two years ago.

Miners of the Nova Scotian district raised the question, it was explained, by making a formal application to the executive board for permission to affiliate as a unit with the "Red International."

Further action in the matter will depend upon the compliance or non-compliance by them with the decision as announced.

Prof. H. L. Stewart, Dalhousie University, has received an award of \$4,000 as compensation for injuries received when he fell down a leadway in the Halifax Post Office more than four years ago.

#### MT. HANLEY

Some of the oldest residents of this place say that the depth of snow has not been as much as it is now for about eighteen years.

Miss Elizabeth Slocum is the guest of her sister, Mrs. Clyde Carter, of Imperial, Halifax Co., for a few weeks.

Deacon E. J. Elliott is on the sick list at time of writing. We are hoping to see him on his mail route again soon.

News reached here that Mrs. Rufus Foster, New Britain, Conn., was seriously ill with diphtheria and measles. Friends in this place wish her a speedy recovery.

We are sorry to report that Mrs. H. L. Elliott is on the sick list with a sore hand. Dr. Sponagle is in attendance.

Mr. David Fritz, of Port George, called at the home of Mr. Frank Mosher on Jan. 10th.

George Rafuse and Benj. Barteaux called on friends in Port George on Tuesday.

We think that those who received skates this Xmas will not take much pleasure out of them as the mill pond in this place has only been good for skating a few evenings this winter. This is a great disappointment to the young people.

Messrs. William Elmore and Clarence Fritz passed through this place on Saturday last in the great storm on their way from Outram to their homes at Douglasville.

We are glad to report that Mr. Millidge Slocum who has been on the sick list is somewhat better at present date.

Mr. John W. Slocum, of Middleton, has been visiting relatives in this place the past week.
