

I lost two or three of the entire bag, it was a great catch that I emptied out into my cyanide bottle as soon as I got home: three *Strangalia luteicornis*, four *Leptura subhamata* (all ♂), six *Leptura cordifera*, two *Leptura dehiscens*, and one *Toxotus cylindricollis*, besides not a few specimens of *Trichius*, *Typocerus* and *Leptura* that I had taken occasionally before.

Two days' sun-bath and about 30 hours of revelling among ferns, flowers and insects had made a new man of me, and now, as I lay down the pen with which I have tried to call out of the past the spirit of my trip, dipping deep in the ink-well of memory, it is my most ardent desire to repeat it all in the body next July, and following the lure of *Bellamira*, *Tylonotus*, or *Strangalia*, make one more rare new capture.

ENTOMOLOGICAL SOCIETY OF ONTARIO.

The 53rd Annual Meeting of the Society will be held at its headquarters in the Ontario Agricultural College, Guelph, on Thursday and Friday, November 2nd and 3rd, and will be presided over by Mr. Albert F. Winn, President (Westmount, P. Q.).

A popular lecture will be given on the Thursday evening in Massey Hall by Dr. L. O. Howard, Chief of the U. S. Bureau of Entomology, Washington, D. C.

It is hoped that the members of the Society will endeavour to be present. Subscribers to the "Canadian Entomologist" are cordially invited to attend and to present papers. Members and visitors will be entertained at luncheon in the College Dining Hall at the noon hour each day.

The Secretary will be greatly obliged if members and others will send him the titles of papers they wish to present (stating the length of time required for reading) as soon as they can, in order that the programme may be prepared in due time; it will also be a convenience if members and visitors will notify him a few days before the meeting of their intention to be present.

A. W. BAKER,

Secretary.

Ontario Agricultural College, Guelph.
