REV. DR. DOWLING'S GREAT WORK ON ROMANISM

New and enlarged Edition, with the Author's last additions

A BOOK FOR EVERY PROTESTANT:

The History of Romanism, from its earliest origin to the present time -By the Rev. John Dowling, D. D-Embellished with upwards of 50 highly finished engravings, chiefly from original designs.

Inst published with the Author's final corrections. a new and enlarged Edition of this splendid and popular work, with a copious supplement, com-pristing a History of the Life and Reign of the present remarkable Pope, PJUSIX, and a Bi ographi al Sketch of the last Pope GREGO RVXVI

THE best encomium upon this learned, complete and popular History of Romanism is the fact that SIX-TEEN THOUSAND COPIFS have been sold in about fact in three years, and still there is a constant demand for it in all parts of the country. In order to meet this demand, and to gratify the public currosity in relation to the present Pope Pius IX, the present enlarged edition is presented to the public. With the Supplement, the work now forms a stability of the public of the publi splendid octavo volume, for the parlor, or for the library,

Testimonials to former Editions, selected from more than a hundred, from all Protestant Denomi-

EPISCOPAL.

From the Protestant Churchman.

"This is a beautiful volume of 672 pages. Good service has been done for the cause of truth by this publication, and it curtainly ought to secure for its author an enviable reputation among contributors to the standard literative of the day."

From the Episcopal Recorder.

"It traces its subject from the earliest corruptions of Christianity to the present time. It has a full Chronolo-gical Table, with Analytical and Alphabetical Indices and Glossary. It is a large and beautiful volume, and full of valuable information."

METHODIST

From Zion's Herald.

"It is written in a popular style. Its engravings are numerous and finely executed. The book will doubtless be popular, and cannot fail to produce a profound conviction of the terrible iniquity of Anti-Christ."

Rev. George Coles, of the Christian Advocate and Jour nal, says—' I cannot but express my gratitude to Almighty God that such a concise and complete development of ' the Mystery of Imagity' is now presented to the public in a form so elegant and attractive."

CON GREGATIONAL.

Rev. Dr. Cheever, in the New York Evangelist, says "We ought to have noticed this excellent and beautiful work before. It possesses many and very strong claims tor popular layor, and we do not doubt that it is destined to have an extraordinary sale. The work itself is charactetized by great research, and a comprehensive and Scriptural view of the nature and history of the Popish system.?

PRESBYTERIAN.

From the (Philadelphia) Presbyterian.

"Such a work required deep and protracted research, and it affords evidence that diligence, caution, and judgment, in the selection and arrangement of materials, have not been wanting. The author has availed himself of the writings of both Protestants and Papists, and has brought together a greater mass of information on the history, the spirit, and the doings of Popery, than we have ever seen before in one volume."

MISCELLANEOUS

From the Christian Intelligencer, (Dutch Reformed.)

"Those who would see a correct and condensed exhibi-"Those who would see a correct and condensed exhibition of the ten thousand adominations of the Papacy, may find it, to their amazement, in 'Dowling's History of Romanism.' Its contents form which sortchouse of historical instruction, which, if it could be placed within the reach of every family, would prove an unspeakable blessing to our beloved country. This is the book for Americans. Place it beside your Bibles. Compare its records of crime and the Papal principles it exposes with the hely of crime and the Papal principles it exposes with the hely doctrines and immaculate life of Jesus of Nazareth. When you have done this, you will have no difficulty in determining whether or not Romanism is Christianity."

Rev. Alexander Campbell, President of Bethany College, of the Church of the Reformers, says: "In this work are an immense assemblage of facts and documents conare an immense assemblage of lacts and documents conmected with the development and history of this great
mammath institution of error and iniquity. Popery is developed in this treatise from its birth to the present hour.

We desire for this Book a very large circulation, It is
only necessary to culighten this community in the true
spirit and character of the Papal system, to secure them
spirit and character of the Papal system, to secure them spirit and character of the rapid system, to secure them against its insiduous attacks upon everything we as a people hold dear and sacred. Let every one who buys this work communicate freely to all around him the developments which it reveals, and the facts which it records."

President Cramp, of Montreal, Editor of the Montreal Register, and author of the Text Book of Popery, says:—
"This important work possesses merits of a high ordeWe are pleased to see that Dr. Dowling furnishes ample
references to his authorities. The matter is well arranged; the facts unquestionable; the style lucid; and the spirit, Catholic, in the proper sense of the term. Its extensive circulation will be highly advantageous to Protestanism."

It will contain numerous illustrations of Machines and Farm Implements, Farm Houses and Cot-tage. Se., Plans for School Houses, and Diagrams in ex-planations of questions in machanical science, and natural

philosophy.

Great care will be taken in the selection of matter, whether relating to Agriculture, Horticulture, Mechanics, Domestic Economy, Education, or general Science.— Several intelligent practical farmers and gardeners have promised correspondence, and the editors will be happy Such as are of interest will be freely published. Two or bree gentlemen of high scientific attainments [one of whom is connected with the University,] have agreed to

contribute to the columns of the Agriculturist.

Farmers, subscribe and pay for your paper, and then write for it; all parties will thus be pleased and bene-

The Agriculturist is devoted to the development and advencement of the real interests of Canada. Much good has already been done by this paper, and those which preceded it, and of which it is a continuation. But the preceded it, and of which it is a continuation. But the proprietors of the Cultivator, and the other papers alluded to, suffered great loss; and the proprietors of the Agriculturs have, so far, been out of pocket, besides the time labor and anxiety spent in its publication. Is the reproach, that the farmers of Canada will not support an agricultural paper of any kind, to continue? We hope not. Let those who love their country, and desire its improvement, make a little roore effort this year, and the reproach may be wined out forever.

To invalides be wiped out forever.

As an inducement to extra exertion, we offer the following Premiums :

no matter of what lisease, the principles of Hydropathy may safely be applied, and in nine cases out of ten, great benefit may be derived the efrom.

TO THOSE IN HEALTH:

Without health even life is not desirable; unless a remedy can be found. To preserve health no other mode of living can compare with this system. In fact, were its rules-observed and carried out, many of our ills would be forever banished from the earth, and the succeeding generations grow up in all the vigor of true mankind.—It will have not of our days to teach the wealth have a rest of our days to teach the wealth have a rest of our days to teach the wealth have a rest of our days to teach the wealth have a rest of our days to teach the wealth have a rest of our days. be a part of our duty to teach the world how to preserve health, as well as to cure disease.

TO WOMEN AND MOTHERS

it is universally conceded, by all intelligent practitioners, as well by the old school as the new, that the Water-Cure is not equalled by any other mode of treatment in those peculiar troubles common only to woman. This Journal will contain such advice and instruction as may be considered most important, in all these critical yet unavoidated.

TO HYDROPATHIC PRACTITIONERS. We wish to have it distinctly understood, that this Journal'
