The ARISTO STUDIO

606 Yates Street, Victoria, B. C.

IN addition to our usual studio work we have equipped ourselves to handle home portraiture, as we believe it is the only correct way to portray a subject. You feel natural when in your home, but to visit a studio, in many cases, forces an unnaturalness hard to explain, but which is seen in so many photographs. For your next photograph write us or phone 1671, and we will be pleased to make an appointment.
