

measures to be applied by them to the fisheries for coho and chum salmon in British Columbia Statistical Area 20 and Statistical Areas 1 and 2 of the Washington State Department of Fisheries;

- b. with respect to the chinook salmon fishery in the portion of Washington State Statistical Area 1 bounded, on the north by the international boundary, on the east by the low-water line bordering the western and southern shores of Point Roberts peninsula, on the south by a line projected from Lily Point to Georgina Point on Mayne Island between Lily Point and its point of intersection with the boundary line, and, on the west by the international boundary and with respect to the chinook salmon fishery in British Columbia Statistical Area 29, the appropriate fisheries officials of the two countries shall consult for the purpose of co-ordinating regulations regarding the open fishing days for the two specified areas. The Canadian officials, when designating the open fishing days for the specified Canadian area, shall give appropriate weight to the needs and interests expressed by the United States officials. The United States officials shall, to the extent consistent with the needs of the United States fishery, designate the same open fishing days for the specified United States area as are designated for the specified Canadian area and shall, in any case, designate the same number of open fishing days as designated for the specified Canadian area;
- c. with respect to the chum salmon fishery in the section of Washington State Statistical Area 1 westward on Point Roberts peninsula, bounded on the north by the international boundary, on the east by the low-water line of Point Roberts peninsula, and by a line projected from Iverson Dock (Point Roberts) to Turning Point No. 1 of the boundary line in latitude $49^{\circ}00'08.87''$ North and longitude $123^{\circ}19'17.87''$ West, and with respect to the chum salmon fishery in British Columbia Statistical Area 29, the appropriate fisheries officials of the two countries shall consult for the purpose of co-ordinating regulations regarding the open fishing days for the two specified areas. The following provisions shall be applicable from a date agreed by the appropriate fisheries officials of the two countries, which date shall be no earlier than the fifth and no later than the fifteenth of October:
 - (i) the Canadian officials, when designating the open fishing days for the specified Canadian area, shall give appropriate weight to the needs and interests expressed by the United States officials;
 - (ii) the United States officials shall designate the same open fishing days for the specific United States area as are set for the specified Canadian area.

6. The two Governments recognize the importance of maintaining the fishery resources in their reciprocal fishing areas at appropriate levels. Both Governments agree to continue and expand co-operation in both national and joint research programs on species of common interest off their coasts. The appropriate agencies of the two Governments will arrange for exchanges and periodic joint reviews of scientific information.

7. Nothing in this Agreement shall prejudice the claims or views of either of the parties concerning internal waters, territorial waters, or jurisdiction over fisheries or the resources of the continental shelf; further, nothing in this
