

September 18th, 1929.

Ira Dilworth, Esq.,
570 Simeoe Street,
Victoria, B. C.

Dear Mr. Dilworth:-

It pleased me very much this morning to receive the following telegram from yourself and Mr. John:-

"The McGill Graduates assembled at Empress Hotel to honour Sir Charles Gordon, Dr. C.F. Martin and Mr. E.W. Beatty send you hearty congratulations on your recovery to health and extend greetings and best wishes as you resume your duties at the University."

I am glad the Chancellor, with Dean Martin and Sir Charles, one of the Governors, were able to spend an evening with you. Each one of them is a distinct leader in his own field and all are keenly interested in the welfare of McGill. They will have given you much information as to what is going on at the University and as to what our future plans and hopes are.

As for myself, I was away, as you will know, the whole of last year and there was much lost ground to recover, but I am feeling well and strong and looking forward with every confidence to the future.

I hope the Graduates' Society in Victoria is active and prospering. With best wishes to all the members, I am,

Yours faithfully,
