NO COMPROMISE IS POSSIBLE ON IRISH HOME RULE BILL SAY AUTHORITIES IN LONDON

English Leaders of Both Parties Are in a Conciliatory Mood, But Irish Leaders Are Not—Redmond's Uncompromising Answer to Sir Edward Carson's Defiance—Services Held in Ulster Churches in Commemoration of Ulster

LONDON, Sept. 28.—(Can. Press).—While it is evident that the English leaders of both parties are in a conciliatory mood toward the home rule question, it is also evident that the Irish leaders are not. John E. Redmond, in two speeches at Cahirciveen, County Kerry, Ireland, today gave a calm but uncompromising answer to Sir Edward Carson's defiance.

The Irish Nationalist leader met with a warm reception and was presented with addresses by the Kerry County Council, the district council and other bodies. He indicated the Ulster provisional government and Sir Edward Carson's army, and declared that the home rule cause had won. Mr. Redmond has made an offer to Sir Edward Carson to discuss with him every provision of the Home Rule Act and to meet the needs and desires of Ulster, if the Ulster leader would concede the principle of a local parliament for Ireland.

Willing to Discuss It.

Answering this offer, Sir Edward Carson has telegraphed to The Daily Express announcing his willingness to discuss any measure for the improvement of the existing government of Ireland, provided she retains her position under the imperial parliament.

Services were held today in many of the churches throughout Ulster, representing the Church of Ireland and the Presbyterian, Methodist and Congregational, in commemoration of Ulster Day, when the home rule covenant was signed. Sir Edward Carson attended services in Belfast.

The Presbyterian preacher, Rev. Mr. Patterson, said that if King George had been present at Saturday's review he might have said that he was not afraid of Germany or any other country so long as he had these Belfast fellows at his back.

Three thousand Protestants paraded and held services in Liverpool. Cabinet's Hands Are Tied.

The impression in London today is that the conference which Premier Asquith is holding at Brodick Bay, Scotland, with David Lloyd George, chancellor of the exchequer, Winston Spencer Churchill, first lord of the admiralty, and Walter Runciman, president of the board of agriculture, concerns the chancellor's proposed land campaign, since the minister of agriculture is participating, while the chief secretary for Ireland, Augustin Birrell, is absent. The cabinet's hands are really tied in the matter of a compromise, as the Nationalists, under John Redmond, have voted for all the important cabinet measures under the agreement that they be repaid by the passage of the home rule bill. Therefore, it is doubtful if any conference can find a basis for agreement.

After the review of Sir Edward Carson's army yesterday, a party of Nationalists pulled a small Union Jack from an automobile, and one of the occupants shot a boy in the leg.

THIRD CANDIDATE FOR PRESIDENT OF MEXICO EX-KING MANUEL REPODIATES STORIES

Col. de la Fuente, a Minister in Huerta's Cabinet, is Named by the Liberal-Republican Party, But His Candidature is Not of Great Political Importance.

MEXICO CITY, Sept. 28.—(Can. Press).—Colonel David de la Fuente, former minister of communications and public works in General Huerta's cabinet, has been put forward as a presidential candidate by the so-called Liberal-Republican party. This makes the third nomination for presidential honors.

The Liberal-Republican candidate was first offered to General Aurelio Blanquet, the minister of war, but was declined by him with the assertion that he was not ambitious to enter the race and would not accept the candidature of any party. Dr. Gregorio Mendizabal, a former senator, was named for the vice-presidency with Colonel de la Fuente. Both have accepted.

The naming of this new ticket is not generally regarded as a matter of great political importance, since the sphere of influence of the Liberal-Republicans is confined to the capital and neither candidate has any great following.

The party has no definite organization, but consists chiefly of the adherents of a group of congressmen who constitute a wing of the opposition in the chamber of deputies to the Catholic party.

Lively interest is centred in the latest development of the internal situation, the announcement of the recall to Mexico of the ex-president, General Porfirio Diaz, coupled with General Huerta's announcement to the Mexican diplomats abroad that the revolution has been suppressed. It has given rise to all sorts of speculation, the chief line of which is to the effect that the ex-president would be asked to resume his place in the army so that his services would be available to the war council in the event of a general outbreak of hostilities.

A novel feature of the race was that the machines were lined up in a row and started by a flag in the same manner that a horse race is started. The biplanes were first sent away, six of the seven machines rose without a moment's delay as the starter's flag dropped, while the seventh was only a scant second behind them. At the first start, the monoplane, a complete triumph for the biplane, nearly all of which made better time than that of the leading biplane.

Rheims Aviation Meet Develops Interesting and Instructive Contests—Sensational Altitude Test.

RHEIMS, France, Sept. 28.—(Can. Press).—The most interesting and instructive event of the second day of the Rheims aviation meet was a cross-country race, for monoplane and biplane. The race was five times around a thirty-kilometre course. The monoplane, a complete triumph for the biplane, nearly all of which made better time than that of the leading biplane.

BRIDE KILLED HUSBAND HELD

Father's Son, Alleged to Have Murdered His Wife, is Confident of an Alibi.

CHICAGO, Sept. 28.—(Can. Press).—Everett A. Rexroat, son of a Macomb, Ill., farmer, was named in a warrant issued tonight as the murderer of his wife, Mrs. Mildred Allison Rexroat, a Chicago dancing teacher, who yesterday was shot to death near Wheaton, Ill.

Eighty photographs of finger prints were taken today, many of them bloody cards discovered scattered along the railway track for a distance of fifty feet from the place the body was found. The police are looking for a rattan suitcase containing a pink silk dancing dress and pink pumps, which was carried by Mrs. Rexroat when she left Chicago.

Rexroat's parents and friends at Macomb declare they will have no trouble establishing a complete alibi for him. "He has not been in Chicago for ten months," said his father. "He brought his bride here six months ago, but she was a city girl and would not adopt farm life. She left Aug. 26. They were still good friends."

THAW TO WAIVE ON CONDITIONS

POUGHKEEPSIE, N.Y., Sept. 28.—(Can. Press).—John F. Ringwood, counsel for Harry K. Thaw, upon his return to this city tonight from Concord, N.H., gave out a statement authorized by Thaw, in which he said:

"Thaw will consent to waive extradition from New Hampshire and discontinue all the proceedings pending, if there be one in existence. If Mr. Jerome will make good the statement he made at the hearing before Governor Fellner that an indictment was found and signed by producing said indictment, or a certified copy, and forwarding the same to Governor Fellner."

HEART FAILED IN STREET CAR

Frank Moses, Ex-Alderman, Stricken on Way to Conduct Religious Service—Died Instantly.

Frank Moses, 63 years of age and formerly a member of the city council, was stricken down by heart failure about 6:45 yesterday evening while on his way to conduct a mission service at the Methodist mission house on College street. He had spent the supper hour with his son, George A. Moses, of 52 North street, and had taken the street car with a friend.

As the car passed Wellesley street on the way down Yonge Mr. Moses' companion noticed that he moved strangely and turned towards him. Already the body of the ex-alderman was slipping down in his seat, and before the car could be stopped he was entirely dead. He was taken to the general hospital, as that was the trip could be made, but he was beyond the aid of doctors. Subsequently the body was taken to J. A. Humphrey's undertaking rooms.

Mr. Moses lived at 47 St. Charles street. About a year ago he became seriously ill and his physician at that time said that after he had recovered his heart was undoubtedly weakened by the strain of sickness.

In the years 1893 and 1890 Frank Moses sat on the council board. Before taking an active part in municipal politics he had for many years conducted a hardware business on Yonge street. At present three of his five sons are in the hardware business, Frank at 332 Broadview, Albert at 492 Yonge, and William at 2511 Yonge street. George is employed in the jewelry department of the Eaton firm, while Harold is at home. There is one daughter, Mrs. Terry, of Euclid avenue. Three brothers of Mr. Moses live in Toronto and a fourth is in California. Mr. Moses recently married a second wife, who survives him.

The funeral will be from the Central Methodist Church to Mount Pleasant cemetery at 2:30 Wednesday afternoon.

WHEAT RECORDS AGAIN SMASHED

Inspections Show That Western Crop is Finest Milling Wheat in the World.

WINNIPEG, Sept. 28.—(Can. Press).—Records were again broken in receipt of grain on the Winnipeg market Friday.

Inspections totalled 1855 cars, of which there were 1409 cars, of which 1305 were contract grades, and 1000 cars of No. 1 Northern and No. 1 hard.

Wheat inspections show that the crop of western Canada is maintaining its remarkable quality, for 32 per cent of Friday's receipts were contract wheat and 1000 cars or considered over 1,000,000 bushels consisted of the finest milling wheat produced in the world.

TWO ADDITIONAL MEMBERS FOR TORONTO?

Redistribution of Seats in Legislature Will Be Made Before the Next Election and at Least Two More Seats Will Be Provided for Toronto.

One of the matters occasioning considerable discussion in provincial politics at the present time concerns the new redistribution bill planned for Ontario. Every indication is that it will demand the consideration of the members when the house assembles in the spring, and following the usual procedure become adopted as a government measure. The main reason pointing to such action lies in the fact that the provincial general election occurs in the following year, and that a re-arrangement of ridings is generally regarded as necessary.

There is an understanding that every census provides a basis for redistribution, and the latest figures available are taken to show that such an opportunity now appears. What form the new measure will take or what changes in the layout of the ridings will be introduced is largely a matter of speculation as yet. One thing that will be borne in mind is the shifting of the population in some of the rural districts of the province. The fact that certain places either in a manufacturing or agricultural sense have outstripped their neighbors and still are represented in much the same percentage will call for special attention, and the contour of some constituencies is looked to be shifted somewhat in order to equalize the ridings.

The Toronto Problem.

The City of Toronto, in such an event, will present a real problem to contend with. There are now eight members holding seats in the Ontario house and representing different sections of the city. The population, however, is understood to warrant an additional representation, and the form this will take is believed to be under consideration. It is questioned how many new members will be brought into the house in this way. There are certain parliamentary regulations dealing with all such matters, and the effect of particular treatment upon the general allotment is carefully guarded.

From present indications it would seem that the city will from a date fixed in the future, send at least two new members to the legislature. How the new ridings will be formed and its relation to the others now represented are matters to be worked out, the whole situation being tentative.

"The Garden of Allah" Tonight.

This evening's performance of "The Garden of Allah" at the Princess Theatre will mark the first appearance in Toronto of the dramatization of the famous novel by Robert Hichens and Mary Anderson Navarro. This doubtless will be one of the best treats of the season theatrically.

The E. B. Eddy Co. the Big Paper Makers, Find "The World" the One Best Medium

Hull, Can., Sept. 26, 1913. The Advertising Manager, The Toronto World, Toronto.

Dear Sir: You will be interested to know that our Ad of "Onilwon" Toilet Paper Pictures in the late issues of "The World" has brought very many inquiries from your readers, more, in fact, than ever received about any one Ad before, and this when the Ad had been running less than a week.

An important factor in the case is the prominent position you gave our Ad, or perhaps it was the article advertised and the gift that accompanied it, but whatever the reason, it is distinctly gratifying to know so many people have read our Ad in "The World" and are interested in our wares.

It will further interest you to know that we are running the same Ad in different parts of the Dominion; but so far have only received inquiries from Toronto. You are at liberty to publish this letter if you choose.

Assuring you of our appreciation of the consideration and fairness we have met with in our dealings with you, we are, Yours truly,

HOPES TO SEE A COMPROMISE

Hon. Alexander Ure Thinks Indications Point Strongly in Direction of Friendly Conference.

EDINBURGH, Scotland, Sept. 27.—(Can. Press).—The Hon. Alexander Ure, lord advocate for Scotland, addressing his constituents today, referred to the Ulster question. He said that the proposed provisional government would be treated by the banks in the same way they would treat a South American republic and would collapse of its own weight in a few weeks.

Regarding the suggested conference of the political parties, he said that provided the principle of home rule was accepted by their political opponents, the government would be willing to enter the conference and ready to negotiate upon the question of greater representation for Ulster in the Irish Parliament. They would so listen favorably to proposals giving Ulster absolute control of its educational and religious affairs. They could have it put into words so as to remove all doubt and timidity on the part of the Ulster people. He rejoiced to observe indications, which he hoped would be stronger next week in the direction of a conference for a friendly compromise.

TURKEY WANTED MORE FIGHTING

But Sofia Government Refused and Present Situation is Grave and is Closely Watched.

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World, LONDON, Monday, Sept. 29.—The Daily Telegraph's Belgrade correspondent cables: "In diplomatic circles here it is asserted that Turkey proposed to Bulgaria an understanding on the following lines: Turkey would send her army thru Thrace and reconquer Macedonia and Albania, returning the whole of Thrace with Kavala to Bulgaria on condition that Bulgaria would renounce all claims in Macedonia.

"General Sarrailh, it is added, accepted, but the Sofia government refused, finding the plan dangerous and very difficult of realization. But negotiations between Turkey and Bulgaria are being continued with a view to a new basis for joint action. Therefore the situation is considered very grave. Greek demobilization has been stopped and the movements of Turkey and Bulgaria are watched closely."
