BIG MONEY WINNERS ON AMERICAN TURF

In the racing of the past season on this coast thirteen horses won \$10,000 or more. This year fourteen have already done so and several more are still racing which are so close to that sum in earnings that, with a bit of luck, they may easily step over the line. Then the top sum of \$10,000 stood to the credit of Old Hossbud. This year the three-year-olds, Rosmer, Lake McKee and David Craig have each won in excess of \$20,000. Next to them come four two-year-olds, of which Regret, Comely and Pebbles would rank as stars in any year. Trojan's victory in the Futurity alone served to give him his high standing and it is not assured that he classes anywhere near the other three. It is noticeable that with one exception the winners of \$10,000 or more are two and three-year-olds, Buckhorn being the only older horse to win that much. In this there is a sign of high-class handicap horses for the big sums of that description in 1915, better than for several years past, unless injuries intervene to mar the present outlook. The thirty leading winners of the year and their records to date are as follows:
