# ENO'S FRUIT SALT

YES, and that spoonful of Eno's taken in a glass of water before breakfast is responsible for many a man's clear-thinking and business efficiency.

For you can't have clear-thinking with a bad stomach and sluggish liver.

Eno's Fruit Salt has proved its value as a gentle, safe and unfailing regulator of the digestive and eliminative system.

Being an natural aperient—that is, composed of all cleansing and tonic elements of ripe fruit juices—it performs its work in a normal way without irritation or harmful reaction. It clears the intestines, rouses the torpid liver to activity and produces a delightful feeling of liveliness and vigor.
