ALD. DUNN IS ELECTED

Takes Chair on City Board of Health for Ensuing Year.

Ald. John Dunn was elected chairthe abattoirs in West Toronto was the first one to come up. Mayor Church was in favor of taking immediate and drastic action in this matter, asking for legislation for the immediate squelching of these institutions. He believed that the corporation should ask for an injunction and take action against the abattoirs. "It is not a matter of law, but a matter of public health," said the mayor.

Total fines imposed amounted to \$54,571, as compared with \$17,109.50 of last year, but much of this is uncollected pending a privy council judgment on the Hudson Bay Company in the matter of selling furs.

Dr. Hastings called attention to the that as the mayor was not on the board of health last year fie was not familiar with what had been done. Where no considerable amount of money is involved the local board can act alone, but has to have the cooperation of the provincial board in the matter of the abattoirs. The board has made certain recommen-dations to the abattoirs, but they were board has made certain recommendations to the abattoirs, but they were not sufficient to control the nuisance. "During the past year we have pursued this matter very energetically, and about 175 inspections have been made." Numerous alterations and improvements have been made," said the M. H. O., "but the nuisance still exists. After this board has asked the provincial board to make an investigation and when we receive their report we will take immediate action." A resolution to deal with the question in this way was carried.

D'Arcy Hinds and Ald. Ryding appeared before the board on behalf of West Toronto ratepayers. Mr. Hinds said that the matter had been taken up with Corporation Counsel Geary, and that the method of dealing with the matter suggested by the M. H. O. was the proper one to pursue.

In commenting on the report of the M. H. O., which was adopted, Ald. MY CALL THE BLUFF. \$25,790,000

MAY CALL THE BLUFF.

That the reports sent out from New York that Canadian flour was being sold to Germany were inspired by American interests to distract attention from the charges that contraband goods were finding their way from the United States to Germany, is the opinion expressed by a number of Canadian millers in answer to the story that caused such a furore some days ago. It is probable that some of the Canadian millers may conduct a personal investigation in order to satisfy themselves as to the falsity of the report.

### TURKISH FORCES OCCUPIED TABRIZ

Persian City Will Afford Base for Further Aggressive Operations.

GARRISON WITHDREW

Russians Compelled to Meet Ottoman Advance Further West.

Canadian Press Despatch.

LONDON, Jan. 18,—News of the reoccupation of the Russian City of Tabriz by an advance detachment of the Turkish army was received here oday from the Petrograd correspon-

sian positions in the Province of Erivan, north of the Persian border and south of Tiflis.

Tabriz is in northwestern Persia, and after Teheran, the largest city in the country. It is 100 miles to the east of the Turkish frontier.

Tabriz was garrisoned by a Russian force, it being situated in that part of Persia under the domination of the Russians, in the same manner as the southern portion of Persia is considered to be within the sphere of influence of Great Britain.

Cocupation Easy.

The town has been evacuated by the Russian force, according to a report sent out by the Turkish Government and published last night in Berlin. The announcement from Constantinople added that the Russian garrison had retreated to Djulfa, where the Russians were said to be assembling in strong force to defend the passage of the Araxes River.

The occupation of Tabriz, which is the capital of the Province of Azerbaijan, was rendered comparatively easy for the Turks by the recent with drawal of Russian forces to meet the Ottoman advance further west.

Cruiser Tennessee Loomed Up Opportunely for Holy City Refugees.

LONDON, Jan. 13. 9 p.m.—How the tygorous intervention of the American consul at Jerusalem, coupled with the dramatic appearance of the United and States cruiser Tennessee, enabled the last five British subjects remaining in the Holy City to escape is related by one of them, a clergyman, who arrived in London today.

Only by the untiring efforts of the consul, said the clergyman, were they able to obtain permission to leave the benefit of his protection, the consul, after an interview with the Turkish commander, obtained their release and accompanied them back to the waiting on the quay for a steamer they were seized and removed, but the consul, after an interview with the Turkish commander, obtained their release and accompanied them back to the quay. ## The Bank of Toronto

Report of the Fifty-Ninth Annual General Meeting

The Fifty-ninth Annual Meeting of the stockholders of the Bank of Tor-nto was held at the Head Office in Toronto, on Wednesday, 13th January,

The chair was occupied by the Vice-President, Mr. W. G. Gooderham, in the absence of the President, Mr. Duncan Coulson, on account of illness.

Mr. Thos. F. How, the General Manager, was elected Secretary of the meeting, and Messrs, E. M. Chadwick and George R. Hargraft were appointed Scrutineers.

The year has been the most eventful one in the financial history of the country. The outbreak of war, with its temporary destruction of the Credit structure of the whole financial world, affected every country, and Canada structure of the whole financial world, affected every country, and Canada shared in the derangement caused thereby. Owing to the prompt and judicious measures taken by the Finance Minister in consultation with Bankers, the situation was wisely dealt with, and the public showed their confidence in the country and in our financial institutions by the calmness with which

the country and in our mandral institutions by the cantiless with they met the changed condition of affairs.

The volume of business throughout the country has necessarily lessened, and the spirit of conservatism with which the year opened has increasingly prevailed. The result has been that our profits for the year have been slightly less than were shown in last year's report.

The following new offices have been opened: Bronte, Ont.; Freelton, Ont.; Hamilton, Ont.; Woodrow, Sask.; and the office at Churchbridge, Sask.

The Head Office and branches of the Bank have been regularly insp by our Inspection Staff. At the Head Office the usual verification of cas and securities has been made by the Board of Directors.

The Auditor appointed by the stockholders has made his examination into the affairs of the Bank, and his report upon the same will be found appended to the General Statement submitted herewith.

The name of Mr. G. T. Clarkson, C.A., will be submitted to

holders at the Annual Meeting for re-appointment as Auditor.

The securities owned by the Bank have been re-valued at the market value as of date of the 30th November, and in order to make ample provision for the depreciation brought about by the present unsettled conditions, your Directors have set aside the sum of \$100,000 and deducted the same from our Profit and Loss Account.

From our Profit and Loss Account.

Your Directors have also made subscriptions on behalf of the Bank to the National Patriotic Fund, Belgian Relief Fund, Red Cross Fund, and to the Toronto General Hospital, and Resolutions will be submitted to you asking for the confirmation and approval of the Shareholders to these subscriptions.

SAY STATEMENT WRONG.

A storm of opposition has been aroused in university circles by the statement in a recent editorial in The Varsity that "university students are not particularly pleased with this war."

Considerable alarm is felt in different quarters in the university about the statement of The Varsity in view of the possibility of a storm breaking when the legislature opens next month.

The duty that now lies before us as a country is that of giving the district of the increased production of commodities that have market, and which will create a large exportable surplus. This is been strongly advocated by the Minister of Finance, in a recent as the most important economic duty. It needs, however, more that the been strongly advocated by the Minister of Finance, in a recent as the most important economic duty. It needs, however, more that the production to bring about increased production. In no administration of what may be deferred in a directing this ment wisely. We cannot turn unskilled labor onto new territory and be those who are willing to work and become producers and those with those who are willing to work and become producers and those with those who are willing to work and become producers and those with the should be paid to making their relator productive. It is not enough the should be paid to making the present acreage more productive. This ing done, we are glad to say, in some districts very successfully. The mated value of the Ontario field crops this year shows an increase of one hundred and fifty millions of dollars as compared with that of a year and is an illustration of what may be accomplished in this direction. It is also gratifying to note the rapid progress that the Western vinces are making in mixed farming, and the increase in the number of vinces are making in mixed farming, and the increase in the number of vinces are making in mixed farming, and the increase in the number of producers will very soon become important factors in the shipment of stock and dairy products.

and the valuation of such as are now held by us is made on a very contive basis.

These are the most important items in the statement to which y tention should be directed, but if further information is desired up point we will gladly welcome inquiries.

With regard to the future, it is not desirable to make prediction much depends upon the length of the war and upon the amount of tall that will, through its continuance, he wasted, that no definite can be made. In any case, we are persuaded that until the end is the greatest caution requires to he exercised. We cannot, in this can be made to the secape from losses that will almost necessarily follow as a result of the we must look forward to this as a probability, and must also expect our profits may not continue at the same rate as during the recent prosperiod. We can assure you, however, that very full provision has been for everything that we have reason to believe is in any way bad or ful. We are, therefore, entering on the business of the new year protocomes of all uncertainties, we will have a successful year.

I have only to add a very few words to those which you have heard the President.

I need not say how much we all regret his absence today. Though able to be at his office for some little time past, eyt his interest in the fare of the Bank is as great as it ever was, and, as you all know, his has always been wrapped up in this institution which he has served no fifty-eight years. We trust he may be restored to health, and that he mable to give us the benefit of his great zeal and ripe experience, and it am sure, is the wish of every stockholder.

There are one or two matters contained in the report that have not touched upon by the President to which I wish briefly to refer.

I desire, on behalf of the Directors, to express our deep regret a loss we have sustained through the death of our late Director, Mr. Nic Bawlf of Winnipeg. It was, of course, not possible for him to aften Board meetings with regularity, but it was our pleasure to have him wist the Annual Meetings, and we miss his presence today. He was of service to us in our Western connection; he had a very full knowledge conditions in that part of the Dominion, and was always ready to prought the Bank's interests to the fullest extent. It is not our intention at the pent meeting to elect a successor to him, but we propose to submit a by for the approval of the Shareholders, reducing the number of Directors 11 to 10.
