

TUESDAY MORNING

A HARD FIGHT IN COUNCIL

The Engineer's Department
Hotly Attacked.

CONTROLLERS WENT DOWN

His Worship Allowed Them to Walk
Into a Nice Little Trap.They Could Not Get the \$4000 Restored to
the Engineer's Department - Aid
Gowanlock's Attack - Board of Control
Will Investigate - \$300 Granted to
the Highlanders' Reception - The
Jubilee Accounts.

The City Council had a long session yesterday, and one that would have been very interesting had it not been for the sharp fight over the restoration of the \$4000 which was cut off the appropriation of \$25,000 for the Engineer's Department.

A letter from Mr. McCarthy, of the Harbor Board, was read in reference to the request of the Harbor Board that the Don River be diverted into Ashbridge's Bay. Aid Gowanlock thought that something should be done in this matter. City Solicitor Caswell and Engineer Keating were called upon to explain how this matter stood, and it was decided that the Engineer had reported upon it and the question will come up at the next meeting of Council.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

secretary Committee on Works, \$1140; Wm. McCarthy, accountant, \$1020; B. Henderson, assistant accountant, \$800; Thos. Best, junior clerk, \$284; Harold Brent, junior clerk, \$180.

Sewer and Waterworks Department - C. L. Follens, sewer, \$1000; S. J. Kerr, assistant sewer, \$1000; D. Yonema, roofer, \$450; L. Hutchison, typewriter, \$220.

Roadway Department - John Williams, draughtsman, \$1140; V. L. Clement, draughtsman, \$780; A. P. Rust, leveler, \$780.

Street Commissioner's Department - John Jones, assistant, \$810; F. Bromley, stenographer, \$480; Geo. Goss, office boy, \$120; Weekly - Mr. G. H. Wright, draughtsman, \$880.20; George J. Castle, \$700.50; sundries, \$800. Total, \$22,002.70.

Ald. Gowanlock made a long and red-hot attack upon the Engineer's Department. It seemed that the city must keep certain men in its employ. He would like to know where the three bridges that Mr. Keating spoke of were being built. The Engineer's Department was being inspected by the railway engineers, who would see that the work was well done, especially when the city was paying for it. There was a little wordy dispute between Mr. Keating and the Engineer's Department. The Engineer's Department was being inspected by the railway engineers, who would see that the work was well done, especially when the city was paying for it.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

Ald. Gowanlock, seconded by Ald. Lamb, moved that the sum of \$4000 be added to the appropriation for salaries for the Engineer's Department. The motion was carried.

that he would not walk home with the Mayor.

Committee Reports Passed.

The Board of Control's report, recommending the granting of \$2000 towards the receipt of the team of Highlanders, and have been so successful in England, and meeting funds to the extent of \$1000 to meet liabilities in connection with the Jubilee celebration, passed, but not without a kick from Ald. Gowanlock, who wanted to strike out the \$1000 for the Jubilee, but could not get anyone to support him.

The Board of Control recommended the expenditure of \$11,077 on buildings and repairs at the Exhibition grounds, and as the available funds only amounted to \$6075, the board recommended that the City Treasurer be instructed to raise \$5000 to strike out the \$1000 for the Jubilee, but could not get anyone to support him.

The recommendation that the Island filtering basin be filled in was referred back, and so was the recommendation for the acceptance of tenders for fire apparatus. Chairman Hubbard of the Fire and Light Committee, contending that the figures were too high.

HATTERS

TO THE WORLD.

We do not offer you simply a few hats among a multitude of other goods from which to make your selection. Our whole stock—summer stock—is hats. We are hatters with world-wide knowledge, and stock enough to please gentlemen from anywhere.

The weather increases one's interest in straw hats, and we add further to the interest in the clearing prices at which all straw hats are now selling previous to the incoming of workmen to replace the old ceiling that was damaged at the time of the John Eaton fire.

We will have no trouble in giving you a straw hat to suit your taste, and no one will give you straw hats for so little money.

-50 doz. Bamboo Hats, new goods, special at 1/2.

THE TRAINED NURSE PROJECT.

Montreal, June 28.—(Special.)—The fact has long since been accepted in Montreal that the success of Lady Aberdeen's Victorian Order of Nurses will depend upon the success of the project in question. The time of officials in the public service is also being used to boot it. It is likewise rumored here, and especially those who have already subscribed to help this scheme along. It is said that the order is not being worked upon its own merits, but that the money subscribed, or a part of it, is being used to boom the project in question. The time of officials in the public service is also being used to boot it. It is likewise rumored here, and especially those who have already subscribed to help this scheme along. It is said that the order is not being worked upon its own merits, but that the money subscribed, or a part of it, is being used to boom the project in question.
