TWO HELD UP TRAIN.

Passengers in California Relieved of Their Valuables.

Los Angeles, Cal., Feb. 19.—The darting deeds of highwaymen, who seem to have invaded Los Angeles in force, reached a climax last night when two unmasked men held-up and robbed a carload of passengers on the Los Angeles-Pasedena electric line. Thirty-two passengers, one-half of whom were women, were forced, at points of revolvers, to surrender cash and jewelry to the amount of between \$500 and \$700. The robbers performed their work quickly but effectively. The carwas held for ten minutes. The men then left it and disappeared in the darkness. The hold-up was carried out in a way that marked the two out.

NOVA SCOTIAN DIES.

Boston, Mass., Feb. 19.—Fire in the cabin of the fishing schooner Gertrude lying at wharf here to-day, caused the death of two of the crew. Theodore Doucet, a Nova Scotian, who joined the vessel last night, was one of the victims. Eighteen others, scantily clad, narrowly escaped. They affered severely from the cold. One man, crazed by pain from his burns, jumped overboard, but was rescued.

NORWAY PINE Bronchitis, Pain in the Chest,

It is pleasant to take and is soothing and healing to the lungs. There is nothing to equal it for stopping that tickling sensation in the throat, and the persistent cough that keeps you awake at night. I have used Dr. Wood's Norway Pine Syrup in my family for the last six years, and have found it the quickest and most effective medicine for all kinds of coughs and colds I have ever used. My little boy had a severe attack of bronchitis, but before using half a bottle of the Syrup he was completely cured. I cannot praise it enough.

BARLOW CUMBERLAND, Agent, A TRIP TO JAMAICA.

Messrs. Elder, Dempster & Co. have just issued a handsomely illustrated booklet, under the title of "Tour to Jamaica, en Route to England," describing the beauties and attractions of this novel route. The information it contains is very comprehensive, and anybody who contemplates a winter voyage to England should obtain particulars of the trip, by which they will avoid the rigors of a winter voyage in the North Atlantic, and at the same time, avail themselves of the opportunity of making a short or lengthened stay in the beautiful Island of Jamaica.
