SUDDEN DEATH OF MRS. WM. FRASER.

Wife of the Proprietor of "The Fraser," Port Stanley, Suffered a Stroke of Apoplexy.

The death of Mrs. Wm. Fraser, of The Fraser, Port Stanley, occurred last evening after an illness of only two days. On Wednesday afternoon, Mrs. Fraser suffered from a stroke of apoplexy while feeding her parrot on the lawn. It was the second attack, and she never rallied. Dr. Gustin, of St. Thomas, the family physician, arrived an hour after Mrs. Fraser was taken ill, and until she passed away, at 6:30 o'clock last evening, devoted himself to the unusual struggle with death.

Mrs. Fraser was a most estimable lady. For some years past she regularly spent the winter months in London, and a host of friends here will learn with the deepest regret of her sudden passing. Her husband, proprietor of "The Fraser," and the well known export conductor, two sons, Donald, of Port Stanley, William, of Omaha, Neb., and two daughters, Mrs. W. G. Fowler, of Detroit, and Mrs. Hovey, of Toronto, survive, and will have the sympathy of a large circle of friends in their bereavement. Mrs. Fraser was born in Devonshire, England, 59 years ago, and lived at Port Stanley for the past 27 years. She was the sister of New York, and Mr. Fraser, of Omaha, are expected in Port Stanley today. The funeral will take place on Wednesday, leaving Port Stanley at 1 p.m., and on arriving here will proceed to Woodland cemetery.

His management of the newspaper work required in this position will be of immediate help. BUILDER AND STRENGTHENER.

That is the Term an Ottawa Lady Applies to Dr. Williams' Pink Pills.

Among many in Ottawa and the vicinity who have benefited one way or another by the use of Dr. Williams' Pink Pills for Pale People, the Journal has learned of the case of Mrs. Gilchrist, wife of Mr. T. V. Gilchrist, of Hintonburgh. Mr. Gilchrist keeps a grocery at the corner of Fourth avenue and Cedar street, and is well known to a great many people in Ottawa as well as to the villagers of this suburb of the capital. Mrs. Gilchrist states that while in a "run down" condition during the spring of 1897, she was greatly strengthened and built up by the use of Dr. Williams' Pink Pills. Speaking of the matter to a Journal reporter, she stated that while able to go about at the time she was far from well, her blood was poor, she was subject to headaches, and felt tired after the slightest exertion. She had read at different times of cures effected by the use of Dr. Williams' Pink Pills, and decided to try them. She was benefited by the first bottle, and continued their use until she had taken five boxes, when she considered herself quite recovered. Mrs. Gilchrist says that she always strongly recommends Dr. Williams' Pink Pills as a builder and strengthener, when any of her friends are weak or ailing.

STOUT WHEAT STALKS.

To the Editor of The Advertiser: I see in your paper an account of some wheat measurements from different parts of the province, but I think I can produce something larger. I have here before me some wheat taken from one of my fields, which measures 5 feet 2 inches exclusive of all roots. So to show the people on heavier land that we can grow wheat too, you are at liberty to insert these figures. Wishing you and your paper success and prosperity, I am sincerely yours, FRANK A.
