The Orient Amateur Athletic Association wound up the junior hockey season Saturday night with a complimentary banquet tendered to the junior team in the Foresters' Hall, and, as there were no Stratford people present, it was an entirely enjoyable cession—Four Teams Tied

mior game has ever experienced London.

The association started the season with very poor prospects and in a new line of endeavor, which looked anything but promising. That the team worked the way it did and travelled through into the semi-finals is a distinct credit to the officials of the club and the harmony of feeling and co-operation they engendered. The Al Moore, the president of the club, presided over the banquet board and was ably abetted in the evening's efforts by Manager Dave Wright and Secretary H. V. Doidge, who throughout the entire season had no small part in the operation of the club and in its season's success.

From goal out, the players were given tokens of the occasion, and the guests of the association were not overlooked. Mr. T. Jones represented the London Curling Clug, and he praised the work of the officials of the club in a brief, but eulogistic address.

The association ends the season with a sense of work well done, and having won the silver-ware two years in succession it comes into their permanent possession.

Four teams are tied for second place, and L. O. L. and McCormicks are tied for fifth place, for which position in the race Dr. Hugh Stevenson's Legislature trophy was donated. The play-offs will come next Saturday, and keen interest in the results are being manifested throughout the league.

TORONTO. March 14.—Canadiens and St. Patricks rang down the National Hockey League curtain here on Saturday night, when in a listless game the Irish beat the once-feared Frenchmen by 11 to 4. The locals attempted to give the fans a run for their money, but the visitors played poor hockey. St. Patricks tallied five goals in the first period with ease. Manager Kennedy was evidently none too well pleased with his team and he did not again appear on the bench until after the third period began.

During the Intermission between the second and third periods a local enthusiast, Mr. Ross. presented Coach Harvey Sproul and the St. Patricks team with a "loving cup." The loving cup was once a teapot, but it had long since outlived its usefulness, and the donor, who is a painter of ability, decroated it with such skill that to the casual observer it appeared a suitable Camero: Delence Lalonge
