

CHEERING WORDS.

We are thankful for such letters as the following :

12 St. Ursule St., Quebec, 10th May, 1899.

To the Principal of Sabrevois College, Montreal :

DEAR SIR,—I beg to make application for the acceptance of two boys and two girls, children of Mr. C....., Church of England, of L....., in the Sabrevois College next collegiate year.

These said children have been attending the school of the Roman Catholic Brothers and the Convent for the last few years, and there is consequently great danger of the Church losing them. These children are partly French.

If they are accepted, will you kindly let me know the very lowest fee you charge per month for each. I may state that Mr. C has a large family, and can ill afford to pay very much. He would like for the two girls to study music also.

I feel the importance of your College in my missionary work. Two of my best church workers were educated at your College, and others have been taught by Sabrevois men.

Trusting my applications will be accepted, I am

Sincerely yours in Christ,

J. ALMOND.
