Gypsies Rounded Up;  
No Sign of Totten Boy

Band Run Down Near  
Sussex This  
Morning  
THEFT CHARGE IS MADE

Some of Wanderers Said to Have  
Stolen Upwards of \$100 in St.  
Martins — Search Now For  
Second Band—Anxious Mother  
Eagerly Awaits News

That the authorities are taking steps to round up bands of Gypsies, who were encamped about St. John during the last week or ten days and who, some think, may have kidnapped little Ronald Totten, three and a half year old son of Mr. and Mrs. Frank J. Totten, of 85 Lombard street, is evinced from the fact that this morning a band en route to Sussex was caught and held. Despite a rigid search through both caravans, no trace of the child could be found, but the Gypsies are being held on a charge of stealing.

Last night word reached Chief of Police Simpson from a resident of St. Martins that he had heard a small child crying in a tent in the rear of a Gypsy encampment and as the band had come from the direction of St. Martins, he suspected that the child might be the one reported missing. Chief Simpson got in touch with Constables Mosher and Osborne at St. Martins, and asked them to endeavor to locate the Gypsies and search their caravans. He also got in touch with Rev. W. R. Robinson, who was in St. Martins, and asked him to render any assistance possible as he had experience in handling child cases while secretary for the Children's Aid Society.

One Taken Near Sussex.  
Sometime during the night the Gypsies broke up their camp and started for Sussex. Early this morning the constables, accompanied by Rev. Mr. Robinson, Councilor Howard, W. S. Brown, and W. B. Bentley left by auto on the trail of the party. They came up with them about six miles from Sussex and placed the band under arrest. Despite their cross questioning and search, no trace of the missing child could be found and nothing about the caravans gave a clue to the boy ever being in the band. As a small boy had been seen with the Gypsies while they were in St. Martins, there is still a suspicion that they may have learned that they were being pursued and hidden the child.

The charge laid against the Gypsies when taken into custody was of stealing upwards of \$100 which in St. Martins. It is said that an old woman with the band entered a store owned by a man named Morrell and while talking to him took out a powder into his face, and while he was in a state of coma went behind the counter and rifled the till of \$80. She is also accused of doing the same thing to another business man and to a young girl; the former losing \$12 and the latter \$32.50.

It is reported that there is another band of Gypsies in about the same vicinity and Rev. Mr. Robinson is working to have that band also traced in an effort to learn something which might lead to the finding of the lost child. The band arrested near Sussex left St. John about 6:30 o'clock on Monday morning and were seen watering their horses at Haymarket Square.

The Distressed Home.  
Mrs. Totten is nearly distracted with grief as she waits listening for some one to come with news of her lost boy. The last she saw of Ronald was on Sunday afternoon about 2:30 o'clock, when he came in and got a piece of bread and butter. At that time she said: "Ronald do not go away from the door," and he answered, "No, mamma, I'm back of the door." Since that time she has never seen him and she heartbreakingly says she fears she never will.

SOMETHING THE  
BRITISH WOULD  
WARMLY WELCOME

German Naval Writer Says There  
Must Be General Sea Battle Before  
Submarine Menace Ended

Copenhagen, June 21.—The steady continuance of the submarine campaign, despite the decrease in destroyed tonnage admitted in the admiralty reports for May, will, in the opinion of Captain Kuehlewetter, naval expert of the Berlin Loket Anzeiger, ultimately force a general naval battle between the British and German fleets as the only means of ending the submarine menace.

INTERESTING STATEMENTS  
RE THE PAPER TRADE

Matters Brought Out at Inquiry  
Being Held by Commissioner  
Pringle

Ottawa, June 21.—Some very interesting developments characterized the sessions of the fifth hearing in the newspaper investigation under Commissioner H. A. Pringle, K.C., which is now in session here. The manufacturers of newspaper paper were under cross-examination in regard to statements of cost of production, selling price, profits, etc., which they had submitted in response to a question sent out by Commissioner Pringle. H. A. Stewart, K.C., of Brockville, is counsel for the Dominion government, W. N. Tilley, K.C., represents the daily and weekly newspapers and there is quite an array of counsel representing the manufacturers.

It developed in the cross-examination that in many of the statements submitted the principal items of cost of paper, ground wood and sulphite had been entered at arbitrary figures instead of at the actual cost of production.

The treasurer of one paper manufacturing company said he had used an arbitrary figure instead of the actual cost of production in the instructions of the president of his company and that he had understood from the latter that the price used had been agreed on.

Another witness admitted that the use of arbitrary figures instead of actual cost of production had been adopted by his mill during the latter part of 1914, in accordance with an understanding among the manufacturers. Mr. Tilley endeavored to establish a connection between the change in the method of recording at that time and the fact that the appeal of the newspapers to the government was made on October 7, 1914.

HIGHLANDERS  
IN NEW YORK

Regiment About August 1 For  
British Army  
MAY BE TWO BATTALIONS

New York, June 21.—A Highland regiment for service with the British army is expected to be mustered here about August 1, according to a statement issued today by the British recruiting mission. The regiment will be known as the 79th Highlanders. So many recruits applied for enlistment with this unit that it is possible another regiment will be organized.

GERMANY WORRIED  
OVER ENTRY OF UNITED  
STATES INTO WAR

Jules Cambon Says Unrest is Serious—Points to German Inquiries in Russia

Paris, June 21.—Jules Cambon, general secretary in the ministry of foreign affairs, declared today that the entry of America into the war had caused serious unrest in Germany. In the course of an interview with a correspondent of the Associated Press today, he said: "A feeling of serious unrest was caused in Germany by the entry into the struggle of a country which brings to the allies, together with its strength, a freshness and ardor which have not been diminished by three years of war. Germany feels that the Americans, once engaged in the struggle, will not give up. It is to prevent this cementing of close ties that it is multiplying its efforts to spread dissension among the allies."

"The incident of the intrigue of a Swiss Socialist, Grimm, in Russia, reveals Germany's handiwork and is one of the strands showing how uneasy and troubled Berlin is because of America. "In France everyone realizes that this uneasiness and fear are justified."

Wholesale Murders and Robberies in Tomsk, Western Siberia

Murderous Huns Turn  
Guns on Lifeboat;  
Eight of Crew Killed

Paris, June 21.—A German submarine which torpedoed a British steamer, turned its guns on the lifeboats and kill eight of the occupants. The admiral announced this last night.

FOURTEEN HUNDRED MILES  
OVER ICE IN THE ARCTIC

Bangor Doctor, Home From Far North, Reports on McMillan Expedition—Help Needed at Once as Supplies Are Low

New York, June 21.—Dr. Harrison J. Hunt, of Bangor, Maine, surgeon of the so-called Crocker Land expedition, headed by Donald B. McMillan, arrived in this city yesterday and told the story of a perilous journey by sledge over the ice of Melville Bay, far in the Arctic, from North Star Bay to Egevesten.

He began his trip on December 18, 1914, and was accompanied as far as South Upernivik by W. Elmer Ekblaw, another member of the party. The other members of the Crocker Land expedition were in excellent health when he left. Dr. Hunt said, but it was imperative that relief be sent to them at once for their supplies were very low.

Dr. Hunt and Mr. Ekblaw left North Star Bay with six sledges and were accompanied by five Eskimos. There was deep snow and the weather was generally bad. When they got out on the ice of Melville Bay they found that the winter had been comparatively open and that the ice, which was three inches in thickness and porous, was continually breaking up.

Canada Lends  
More to England  
to Feed the Guns

Ottawa, Ont., June 21.—The dominion government has arranged for a further advance of \$75,000,000 to the British government. The funds will be spent in the purchase of munitions in Canada and especially one class of shell which the dominion munitions plants manufacture in large proportions to supply to the British armies.
