FARMERS' PARLIAMENT

Hon. J. F. Tweeddale Gives Summary of Plans for Returned Soldiers

Fredericton, N. B., March 11.—The first concrete announcement of the provincial government's plans for the returned soldiers who wish to settle on the land was made this evening by Hon. J. F. Tweeddale, minister of agriculture, at the opening session of the forty-third annual convention of the New Brunswick Farmers' & Dairymen's Association, which convened in the city hall. The arrangements are the most generous offered by any province, the minister announced. Addresses were given also by the president and vice-president of the association, and the deputy minister of agriculture.

A bill for the settlement of soldiers in this province will be introduced in the legislature on Wednesday and the provisions of the bill will be such as to ensure so far as possible, the success of the soldier-farmer. The bill will provide for the purchase and sale on easy terms of established farms for the advance of money for the development of homes on forest lands, and to provide free of charge farm areas in the Bluebell tract. It is also the intention of the government to spend \$50,000 for the provision of truck farms of smaller area nearer the cities for the soldiers whose disabilities will not permit of farming on a larger scale. These provisions, he said, are the most generous afforded by any of the provinces.

After congratulating the farmers of the province upon the magnificent increase in grain production, in response to the

CATARRAHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Farnin (double strength) and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils, closed, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon, apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, soft, shiny, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Improve Your Looks

by purifying the blood, slow skin, liver spots, pimples and blotches are usually due to impure or impoverished blood.

Clear the skin, put roses in pale cheeks, brighten the eyes, build up the whole system by taking

Dr. Wilson's HERBINE BITTERS

It's a wonderful tonic for women, especially. Prepared of Nature's herbs and gives the happiest results when used regularly and according to directions.

At most stores. 25c. a bottle. Family size, five times as large, \$1.

The Braxley Drug Company, Limited, St. John, N.B.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddied complexions; instead of the "heralds" of liver trouble, "rashes," "breaks," "rashes" and "breaks" we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headaches, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, indigestion, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

ample's appeal, the minister related the steps taken by the department of agriculture which had made it possible to grow enough wheat to feed the province for a year.

It was the aim of the department to work on a strictly non-political basis for greater production, better quality and profitable markets.

Referring to the federal government proposal to establish cold storage facilities and an abattoir in Halifax, the minister said that he had advocated the choice of St. John as the site and was seeking the co-operation of the St. John Board of Trade in achieving this.

The exceptional opportunities afforded by the province for the production of sheep stock which pays 100 per cent. per annum, was touched on by the speaker, who also told of the government measures to aid in increasing the flocks and the marketing of wool.

Government aid for hog raising, dairying, bee keeping, cattle raising and poultry clubs and the satisfactory results were touched on and the minister made the interesting announcement that the department is arranging to bring in fifty pure bred bulls for the improvement of stock.

E. P. Bradt, deputy minister of agriculture, followed, dwelling particularly on the value of stock raising.

Friends of Miss Hazel Edgett tendered her a shower last evening at her home, 246 Charlotte street. She was pleasantly surprised but soon had the visitors participating in dancing and games. Miss Edgett is to be a principal in an interesting event in the near future.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis, accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestives which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Blaud's Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas wind and blot right out of the body, soothe the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Blaud's Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

REPORTS OF COMMISSIONERS

G. F. FISHER AND J. B. JONES

The annual reports of G. F. Fisher, commissioner of public works, and John B. Jones, commissioner of water and sewerage, were submitted to the common council yesterday afternoon. The former statement was a brief one, referring to the reports of road engineer and street superintendent for detailed information.

Mr. Fisher stated that in collecting local taxes from property owners for paving, etc., under the local assessments provision, he became convinced that the people of the city are opposed to such taxes, excepting for special improvements on residential streets. "For all the paving which is to be done in 1915 under bond issue I recommend the general taxation method of taking care of the annual payments." Large amounts will be required this year, the report said, for retaining walls.

It was suggested that the Market Square fountain had not been moved to a new location previously, but it was felt there would be provision for its removal to another site on the square this spring.

The commissioner strongly recommended that the city should inaugurate a system of free collection of ashes and other household waste.

The commissioner pointed out that the committee investigating the question of superannuation allowances for old employees was finding it difficult to reach a decision. The keeping up of the high standard of efficiency in the several city departments, he felt, however, will from time to time call for the retirement of some of the older officials.

Mr. Jones' First Report.

In Commissioner Jones' report he pointed out that for the first time in the history of the water department an excess of expenditure over income is reported, this being due to the decision of the council to replace cast iron pipe with cement pipe. The expenditure for work provided for amounted to \$29,585.56, while the over-expenditure was \$25,762.53. The expenditure for water supply was \$28,697.61, which was charged to water maintenance account.

With the exception of the chapter of accidents which occurred on June 19 and 20, when three leaks appeared, the water department was successful in its work. The cost of this portion of the service was \$6,812.70.

There were 109 leaks in the distribution system, which were promptly repaired. The very severe winter of 1914-15 was accounted for extra heavy expenses: the cost of thawing and renewing the county hospital supply pipe alone amounting to \$2,454.27. Other repairs amounted to \$2,454.27.

With the exception of the chapter of accidents which occurred on June 19 and 20, when three leaks appeared, the water department was successful in its work. The cost of this portion of the service was \$6,812.70.

off and lettings on cost \$2,801.76.

"The expenditure for fire hydrant maintenance was \$5,145.75.

"Our inspector answered 184 alarms during the year and found hydrants in good order each time.

"Three new hydrants were placed and fifteen were renewed from one-way to three-way with 6-inch pipe connections instead of 4-inch.

"I venture to express the belief that the citizen who takes the trouble to read over and carefully consider the information contained in this report, which has been so well arranged by George D. Martin, the chief clerk of the department, will agree with me in saying that the clerical duties of this office have been most faithfully, efficiently and satisfactorily performed.

"Two months is too brief a period of time to judge of results of my administration of this department, but I trust that when I shall again be called on to report on its activities, the public will have no reason to regret the confidence so unhesitatingly expressed in my election to this office on Dec. 30 last."

CURE THE HEADACHE

Don't Endure it.

That headache and neuralgia seem to be getting chronic. Every day or so, you are bothered. Get Dominion C. B. Q.—Dominion Cascar Bromide Quinine Tablets.

Dominion C. B. Q. will get to work at once—easing the pain—reducing the fever, cleaning out the system, giving Nature a chance to reinforce her weakened strength.

Dominion C. B. Q. is made by the celebrated firm of National Drug & Chemical Co. of Canada, Limited, which, alone, is sufficient guarantee of the intrinsic worth of this preparation. Get a box to-day and be prepared to combat disease before it invades become serious. At all druggists, in the Red Box.

The members of the Boy's Club enjoyed a stirring address from Rev. E. S. McL. Smith last evening.

The County Court met yesterday and adjourned until March 25, at which time it is expected the temporary quarters in the Masonic building will be ready for occupancy.

ST. JOHN SOLDIERS HIT IN RIOT IN CAMP.

Private Walter P. Welsh of St. John was accidentally wounded at Kimmel camp, according to advices to his relatives here. He enlisted in the 58th four years ago but was transferred to the 2nd Pioneer Battalion. He came safely through many battles but was unfortunately being struck by a stray bullet during the riot. It is hoped that he will be able to return home in the near future. Also among the wounded at Kimmel Park was Private James Bryson, according to a telegram received by his mother, Mrs. Bertha Bryson, 55 Sheriff street, St. John.

Among the soldiers returning on the S. S. Adriatic were Lieut. D. A. Porter, M. C. of Hammond River, Private Nichols of the North End and Private Richardson of Grand Manan.

SAILOR'S WILL UNDER STAMPS ON ENVELOPE.

In the supreme court of Nova Scotia yesterday an appeal against a sailor's remarkable will was dismissed. The will was that of Colin Wentzell of Mahone Bay, who gave \$2,500 in cash and his shares in the schooner L. N. Corum to Miss Gladys Kiddy, to whom he was engaged. He was drowned on a voyage. The will was written on the corner of an envelope and covered by two stamps. His mother gets the balance of his \$3,888 estate.
