

"That's Not Music; It's a Breach of the Peace"

By "Bud" Fisher

SPORT NEWS OF A DAY; HOME AND ABROAD

Bowling On Black's Alleys. In the Commercial Bowling League game on Black's alleys last night the C. P. R. team took three points from the Waterbury & Rising team. McKean led for the winners with an average of 100 and Chesley for the losers with 89. By winning the game the C. P. R. team have tied with the T. Madry & Sons Ltd. team for second place and will roll off at a later date. Brock & Paterson's team won the league. The standing is as follows:

Table with columns: Team Name, Won, Lost, P.C. Rows include: Brock & Paterson, T. Madry & Sons, H. Hayward, Waterbury & Rising, M. R. A. Ltd., T. S. Simms Co., H. Warwick, Barnes & Co.

The Ring Bouts Tonight. Jimmy Gardner vs. Howard Baker, Denver; Bill Schlosberg vs. Tony Caponi, New Orleans; Jim Perry vs. Charles Kennedy, Chattanooga; Harry Gilmore vs. Kid Lavigne, Windsor, Ont.; Finals in New York State amateur championships, New York; Ed. Powers vs. Willis Jones, New York.

Johnson Declines. Jack Johnson has refused an offer of \$50,000 to meet Sam Langford in a boxing contest in Australia. Jack (Twin) won. Jack (Twin) Sullivan of Boston defeated Harry Wuest in a ten-round bout in Cincinnati on Monday last.

Demand Wolgat Bout. In New York a demand is being made that Wolgat give battle to Packer McFarland. Wolgat earned his title at 133 pounds, in one of the hardest lightweight battles of the modern ring and it is held that he has a right, both as champion and belt defender, to insist that a challenger shall meet the same conditions. As for Wolgat taking any chances with McFarland in a 10-round bout at 135 pounds at three in the afternoon, the Boston Post says it will be a safe sign that he needs the cash if he allows himself to be hitched up in any arrangements of that sort. He most certainly would get a beating along with the coin.

Klaus and Dillon. On Friday night the Garden A. C., New York, will stage another bout which will be a big drawing card, in the persons of Frank Klaus, the Philadelphia "Beast" and Jack Dillon, of Indianapolis. It will be ten rounds. No title is involved, though Klaus is now claiming that left recent through the death of Ketchel. The men have met on several occasions, the last being Feb. 22, when, after 20 rounds, which from all accounts resembled a dog fight, Klaus was given the decision. Since the bout Dillon has frequently said he was robbed, and has persistently sought another battle.

Despite the Governor. Springfield, Mo., April 30—Despite Governor Hadley's order that the local officials

Doan's Kidney Pills

Are the Best Remedy in the World FOR BACKACHE. Many people fail to understand the significance of a lame back, sore or aching back. You overtax the kidneys—give them more work than they can possibly do—then they cry out in protest through the pain in the back. Backache is simply kidney trouble and the best remedy in the world for backache and all kidney troubles is Doan's Kidney Pills. We have thousands of testimonials from all quarters of the globe to prove this. Here is one from a party who used them in England, but who is now a resident of Canada. Mr. P. R. Claville, Wyckoff, B.C., writes:—"When living in the 'Old Country,' three years ago, I suffered severely from pains in the back, and had to give up work. The pain was so bad that when I stooped down to pick anything up, I felt my back must break. I tried all sorts of remedies and several doctors, but all to no purpose. One day I read of Doan's Kidney Pills, and thought I might as well try them, and to my surprise, before I was half through one box the backache had entirely disappeared, and it has not caused me any trouble since. I always keep 'Doan's' in my house and shall always recommend them to all sufferers. Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct specify 'Doan's.'

must not allow the scheduled boxing contest between Carl Morris and Luther McCarthy to take place here next Friday night. J. P. Mason, county prosecutor, says he will not interfere in the bout if it is held in compliance with the state laws. Mason, who is a member of the club under whose auspices the fight is to be given, says the governor will have to call out the militia to stop the contest. The sheriff said he would not act without orders from the prosecutor.

Boxing Law for Massachusetts. It is reported in Boston that a member of the legislature plans a move to secure modern boxing legislation for the state. According to his plans a law will be framed similar to that now working in New York. Under its provisions public boxing will be allowed in Massachusetts, the rounds to be limited to ten or twelve, with no decisions. There will be a commission of three or five members to supervise the sport, while a tax will be levied on all clubs, the money to go to the state to pay the expenses of the commission.

Baseball The Big League. American League. Boston 5, Philadelphia 1; St. Louis 3, Cleveland 8; Chicago 3, Detroit 4. New York-Washington game off on account of rain. National League. Chicago 5, Cincinnati 7. Boston vs. New York and Brooklyn vs. Philadelphia games off on account of rain.

Table with columns: Team Name, Won, Lost, P.C. Rows include: Cincinnati, New York, Boston, Chicago, Philadelphia, Pittsburgh, St. Louis, Brooklyn.

International League Standing. Jersey City 4, Providence 3, Rochester 3, Toronto 4, Baltimore 3, Newark 3, Montreal 2.

Hal Chase Breaks Down. Washington, April 30—First Baseman Hal Chase of the New York Yankees has been sent to his home in New York. He is suffering from a nervous collapse and may be out of the Yankee lineup for several weeks. Before the team left the hotel for the ball park on Sunday Chase informed Manager Wolverton of his condition and a physician was summoned. He found Chase in a high fever and counselled complete rest.

Another for Marathons. D. B. Donald and Joe Page left for Fredericton last night to attend a meeting of baseball delegates there to make final arrangements for the season's baseball. M. A. Malier, a University of Vermont center, has been signed to play with the Marathons this season.

Wrestling In Campbellton. Dan McDonald defeated George Nedeff in a wrestling match in Campbellton last night. McDonald secured the first fall in fifteen minutes and the second in four minutes.

Athletic Shrubbs the Winner. Alfred Shrubbs defeated Tom Longboat easily in a ten mile race at Stratford, Ont. last night. Shrubbs won by 157 yards.

The Turf Provincial Circuit. At a meeting of the Provincial horsemen and track owners in the Dufferin Hotel yesterday, the following dates were arranged for this season's race meets:—

Halifax—June 21 and 22. Moncton—June 29, July 1. St. John—Old Home Week, July 9 to 14. Fredericton—July 16, 17, 18. St. Stephen—Week of July 23 and 28. Woodstock—July 30, 31 or whole week. The purses were agreed on at \$300 and they are to be all class races. It was decided that the matter of deciding the classes be left to each track.

Mrs. Charles L. Peck is the originator of a movement to establish a school for the Chinese women of New York, who are not allowed to go out at night to attend the regular public evening schools and whose duties keep them indoors all day.

Frank A. Hardy, living in Miami county, Ohio, has just given up the office of justice of the peace, at the age of ninety-four years.

CANADIAN INVENTS MOTOR CYCLE

This unique looking motorcycle is the invention of Harold Jarvis, of Toronto, who is shown standing by the machine. It is a thoroughly good working "bones car", even in its present crude condition—being almost entirely composed of odd pieces of old bicycles. Mr. Jarvis intends constructing a better model later on and declares it will mark a new departure in the motorcycle world.

A REAL STRONG ONE

"Will you please, mother wants an incandescent gas mantle, and she says she hopes it will be as strong as that butter you sold her last week."—London Opinion.

STRICT DISCIPLINARIAN.

There is in the American navy a certain rear-admiral, grave, serious-minded, conscientious, who is an excellent disciplinarian. But he has had his failures, too. In his younger days he was greatly distressed by the carelessness of his charming wife. She had pinned her silk petticoat in the back until there was a great frayed place at the band. She continued to wear the petticoat, however, although his efforts to keep on pinning it at the frayed place always evoked a little storm of irritation and temper. And she put seven petticoats on the chair beside him.

It finally decided that the only way to reform his wife was to fill her with remorse. So this future commander of battleships with his own hands-ripped off the old frayed band and sewed on a new one. Then he took it to his wife. She was greatly moved, thanked him, kissed him and left the room. Presently she came back, her arms laden with garments. "Here are a few more for your dearest," she said. "But please don't lullaby about them. Just fix them whenever you have time."

LIMESTONE AND IRON ORE SHIPMENTS TO BE LARGER

IS GLACE BAY REPORT (Glace Bay Gazette.)

The seasons' work at the limestone area of the Dominion Steel Corporation, Marble Mountain, has commenced and the busiest summer in the history of the company's work there is predicted. At the present time the company has some 400 men engaged in crushing and as the season advances this number will be increased to 500 or 600. An output of 500,000 tons is looked for this season, which will be approximately 100,000 tons in excess of last year's output. The only steamer which will be engaged in the limestone trade this year will be the Hestice, which carries a cargo of 400 tons and the officials are confident that she will be capable of handling all the limestone required. She is now at Sydney having her hoppers installed and is expected to arrive at the pier with the first cargo on May 1st.

The company does not expect to ship any great quantity this summer from their recently acquired area at Port au Port, Nfld. Development work and the erection of the necessary machinery will require considerable time before shipments can be started, and it will be well towards the end of the summer before any limestone will be sent to Sydney from there. The first shipment of iron ore from the Wabana mines will be made about May 15. The steamer Sandford and Stortz, each of 10,000 tons carrying capacity, will be chartered in the trade again this season. Surface mining will be started early in May. At present two slopes provide the output. With the addition of an additional blast furnace at the Steel plant a large quantity of ore will be required this summer, and an output of between six hundred and fifty and seven hundred thousand tons will be produced.

In order to transport this large quantity the two boats will have the big task of carrying 140,000 tons per month during the next five months. The number of men employed at present is about 900.

BANK CHANGES

Herman C. Turner, of the staff of the Bank of Montreal in Fredericton city, left on Monday evening for Tweed, Ont. John C. Venzelburg, formerly of the Royal Bank in Fredericton, but who was transferred to the bank's branch in Edmonton several months ago has been transferred to Montreal.

Max Cook, who was formerly on the staff of the Royal Bank of Canada in Fredericton, but who was transferred to the bank's branch in Woodstock some time ago, has been transferred to Winnipeg.

A DEBT TO COLUMBUS. "What do you consider the most important event in the history of Paris?" "Well," replied the American tourist who had grown weary of distributing tips, "so far as financial prosperity is concerned, I should say the discovery of America was the making of this town."—From the Washington Star.

White Island, which lies thirty miles to the northeast of New Zealand, is said to be the most extraordinary island in the world. It is an enormous mass of rock, nearly three miles in circumference, rising 900 feet above the sea, and is perpetually enveloped in dark clouds that are visible for nearly 100 miles. The island consists almost entirely of sulphur, with a small percentage of gypsum. In the interior is a lake fully fifty acres in extent, the water of which has a temperature of 110 degrees Fahrenheit, and is strongly impregnated with acids. On one side of this lake are craters from which steam escapes with great force and noise. This steam and the vapor from the lake form the dark clouds that envelop the island.
