

THE EVENING TIMES-STAR, ST. JOHN, N. B., TUESDAY, FEBRUARY 24, 1925

BEACONSFIELD BOUNDS WOULD BE RESTORED

County Council Rescinds Fire District Order of January

COUNTY SECRETARY RAISES QUESTION

Matter of Legality of Motion Is Presented at Municipal Session.

The resolution passed at the January meeting of the Municipal Council by which it was proposed to make Beaconsfield part of the fire district to be served by the Fairville fire department, was rescinded at a special meeting of the council yesterday afternoon and a resolution was adopted by which the former bounds of the two districts were restored. After the meeting had adjourned the county secretary said that he believed the city members of the council had no right to vote on the question and that both resolutions adopted were out of order.

A motion to appoint a committee to meet with a committee from Beaconsfield and discuss the whole matter of fire protection was made and seconded but when Councillor O'Brien said the Lancaster councillors would refuse to act on such a committee unless the consolidation of fire districts was restored it was withdrawn. Councillor Campbell said that as the council had usurped the powers of the Lancaster councillors the only thing left for them was to resign.

Delegation Heard.

At the opening of the meeting a delegation from Beaconsfield, composed of Messrs. C. O. Morris, E. H. Cairns and W. L. Doherty was heard. Mr. Morris, who acted as spokesman, said they had been appointed by a public meeting of the residents of Beaconsfield to come to the council and ask that the resolution of January last, consolidating the two fire districts in Lancaster be repealed and the former lines restored and that the councillors from Lancaster make some arrangement with the city fire department for fire protection for their district.

Councillor O'Brien said it was the intention of the councillors when the consolidation was put through to make some arrangement with the city to provide fire protection when the Fairville engine could not respond to a call from Beaconsfield and to pay for this service from the general assessment and he thought in view of this explanation the delegation might withdraw its objections to the extension of the fire district.

Committee Suggested.

Councillor Potts suggested that before any action was taken the councillors from the parish, two city commissioners and a committee from Beaconsfield meet and discuss the matter and try and arrive at some settlement.

Councillor Campbell said he was in favor of the January resolution as he felt it placed the burden of paying for fire protection more fairly on the entire district. He felt the city was no better equipped to give protection than was Fairville.

Councillor O'Brien said he thought the suggestion of Councillor Potts was a good one and would solve the difficulty. Mr. Morris said it was felt by the residents of Beaconsfield that they could get better protection from the city and that the proposed agreement with former Commissioner Thornton provided for an additional engine on the west side.

Boundary Restored.

It was then moved by Councillor Potts and seconded by Councillor Simpson that the resolution of January 20, 1923, consolidating the two fire districts in the parish of Lancaster be rescinded. Councillor O'Brien asked if the city members had a right to vote on this matter. The county secretary said if this motion passed the fire district was abolished and nothing was left in its place. If it passed there would be needed a second resolution re-establishing fire districts one and two.

He also pointed out that rescinding the motion would not recall the warrant which had already been issued and must be collected for this year.

The warden ruled that the city members had a right to vote and the motion

ENDED YEARS OF BAD HEADACHES

"Fruit-a-lives" Completely Relieves all forms of Headache

"For over three years, I was troubled with very bad Headaches, Nervous Dyspepsia and Liver Troubles. Then, I began taking 'Fruit-a-lives'. Very soon my condition improved, and thanks to these wonderful fruit tablets I am once more entirely well."

The wonders of the famous Fruit Treatment are only revealed when you read a letter like this, which comes from Madame Valiquette, 1133 Notre Dame St. W., Montreal.

"Fruit-a-lives" is the juices of apples, oranges, figs and prunes, intensified and combined with tonics and forms a complete fruit treatment for Stomach, Liver, Kidney and Skin Troubles. 25c. and 50c. a box — at dealers or sent by Fruit-a-lives Limited, Ottawa, Ont.

to rescind was carried by a vote of 13 to 7.

On motion of Councillor Potts, the warden, chairman of the finance committee and county secretary were named a committee to make arrangements for the sale of bonds.

Councillor O'Brien suggested that some one should move for the re-establishing of the two fire districts in Lancaster and said none of the councillors for that parish would move such a resolution.

It was then moved by Councillor Potts and seconded by Councillor Golding that as the resolution of Jan. 20, 1923, had been rescinded that the boundaries of the two fire districts as they were previous to that date be restored. This was declared carried.

Not Satisfied.

Councillor O'Brien asked if the county secretary, as the legal adviser of the council, was satisfied with the motion and that official replied that he was not. He thought there should be a bill prepared recalling the warrant for fire purposes and the issuing of a new one and said there was also in his mind a question as to the right of Councillor Potts to move the resolution he had.

Councillor O'Brien said that all he could see that remained was for the Lancaster councillors to take a private bill to the Legislature to have the boundaries in the January resolution restored.

No Action Here.

It was moved by Councillor Bullock, seconded by Councillor Potts, that a committee of six be appointed, three city members and the Lancaster councillors, to meet a delegation from Beaconsfield to discuss the whole matter and come to some agreement in regard to fire protection.

It was moved in amendment by Councillor O'Brien and seconded by Councillor Campbell that the metes and bounds of fire district in Lancaster, as outlined in the January resolution, be restored and that a committee of six, composed of the three Lancaster coun-

REBUILDING HER HEALTH FROM A SHADOW OF HER FORMER SELF

Montreal Woman Tells How She Overcame Nervous Dyspepsia and Bodily Exhaustion

From a shadow of her former self, Mrs. Eva Roy, 902 Laurier avenue, Montreal, is completely re-establishing her health, and how she is doing it she has just told for the benefit of countless men and women here who are suffering as she did.

"For many years I was a sufferer from nervous dyspepsia," Mrs. Roy explained in describing her condition. "This was followed by constipation, which further disturbed my system, and eventually I became so weakened and my nervous system became so affected that I felt a prey to insomnia."

"Suffering as I did and with energy exhausted, I became pale, weak and only a shadow of my former self. I was in this deplorable condition when men and women who had rebuilt their health with Wincarnis declared that I owed it to myself to try the safe Wincarnis treatment."

"How I regret that I did not heed them sooner. A change began to take place in my health almost as soon as I began to take Wincarnis. Oh, how encouraged I felt."

ellors and three of the city members, be appointed to meet with delegates from Beaconsfield to consider fire protection and all previous resolutions passed at this meeting be repealed. This was ruled out of order by the chair and Councillor O'Brien announced that the Lancaster councillors would not have anything to do with any committee. The motion of Councillor Bullock was then withdrawn.

The council then adjourned.

JOHN MAHANEY WALKS.

Little John Mahaney, the only boy of the famous quadruplets, is now walking "on his own." He can get around very nicely on his own sturdy legs without the help of any

one. His biggest sister in the quadruplets, Christine, has been something of a puzzle because she has refused to take pedestrian exercise. A kind friend recently presented Christine a baby walker and whether she will or no she is to learn the art of standing on her own feet. Mrs. W. Mahaney, in speaking of the quadruplets yesterday said that the two smaller girls were too weak and delicate to allow them on the floor as yet and they carried out all their attempts at pedestrianism in their coats. The four babies are well and growing steadily stouter.

An automatic fire-extinguishing plant has been perfected for airplanes.

LICENSES GIVEN TO 238 PLUMBERS

Board Well Satisfied With Way Law Has Been Complied With

The examining board for New Brunswick plumbers announced last evening that 238 plumbers had satisfied the board that they were qualified for registration under the regulations of the Health Act and would be granted certificates. Final decision on applications for registration for those practicing the art of plumbing in New Brunswick was made last evening when the committee disposed of several cases held in abeyance.

Liability for Fine.

It was pointed out by members of the board last evening that those who did not comply with the regulations under the Health Act would be liable to a fine not exceeding \$200.

The applications of 178 plumbers were approved at the former meeting of the board and yesterday 60 more were passed for certificates.

Those Approved.

The names of those who were approved at the last meeting have already been published. Those who were recommended for certificates last evening were as follows: Edward Shortis, C. H. Dunbrack, James T. Henderson, William Crosby, Percy Harahan, B. C. Quinlan, Joseph O'Brien, John Leek, C. H. Oatey, L. K. Farze, Arthur Doyle, Frank Cuthbertson, George McAuley, H. B. Fairweather, H. J. Glow, A. Hinde, G. Penny, L. H. Hatfield, Frederick Farris, Joseph Doody, F. C. Frankland, F. J. Legere, C. R. Murray, Andrew A. Green, W. McKenzie, A. S. Cameron, J. M. Bard, S. Dupuy, B. A. Weatherly, F. T. Sharkey, W. J. Harrington, W. P. Coughlan, F. L. Donohue, J. A. Willis, J. J. Butler, P. Campbell, H. R. Weatherhead, E. C. Tufts, Henry A. B. Blake, Fred Ward, L. F. Lambert, Neil Connolly, J. Corbett, E. Lambert, J. R. Shaughnessy, A. P. Godin, H. J. Arsenault, W. A. Gallop, J. W.

PATIENT TURNED AWAY.

One patient had to be refused admission at the General Public Hospital yesterday because the hospital accommodation was so fully taken up. It is necessary at all times to have provision for emergency cases and this precaution

and these will come up for examination after they have had five years' experience.

The board of examiners is made up as follows: Dr. G. G. Melvin, chairman, Frederick, W. J. Crawford and Joseph P. Henneberry, St. John, and E. G. Scheid, secretary, Fredericton. Several apprentices have registered

Ten Million Bottles—

EVERY year ten million bottles of Dr. Caldwell's Laxative Syrup Pepsin are bought by people who recognize the value of this great laxative as a builder of healthy bodies through the relief of constipation.

This tremendous popularity has been built on confidence. The formula originated and used so successfully by Dr. Caldwell in his own practice has never been changed.

Unlike so many laxatives it has no bitter or nauseous taste. It is a compound of plant drugs proven to be beneficial to the human system without creating habits or injuring the system with mercurials or narcotics.

Dr. Caldwell's Laxative Syrup Pepsin is particularly recommended to mothers as a pleasant-tasting and effective laxative for children. You can safeguard their health by checking colds and fevers through the use of this great family medicine.

is always taken, but during January and February the hospital accommodation has been so much in demand that there has been a waiting list for patients at times and several patients have been refused admission on the day on which it was hoped they would be received.

A fly itself is harmless but as a germ carrier, extremely dangerous.

For Colds

Aspirin

Proved safe by millions and prescribed by physicians for

Colds Headache
Pain Neuralgia
Toothache Lumbago
Neuritis Rheumatism

Safe

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocrotic-acidester of salicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Success to the Healthy

IN these days of keen competition in business and sport—success is to the healthy. In all parts of the globe tens of thousands of men and women look to ENO'S to keep them fit and vigorous. For ENO'S "Fruit Salt" is the world's greatest health-drink. ENO'S is pleasant, effervescent, refreshing. It stimulates the digestive and other organs of the body to gentle natural action, toning up the whole system and imparting a vigorous sense of well-being.

If you would be fit for business—keen for sport—happy and successful, you will drink a dash of ENO'S each morning in a glass of water.

DRUGGISTS EVERYWHERE SELL

ENO'S FRUIT SALT

Sales Representatives for North America
Harold F. Ritchie & Co., Ltd., 10-18 McCaul St., Toronto
Prepared only by J. C. Eno, Ltd., London England.

Also obtainable in Handy Size most convenient for travelling and office use.

The words "Fruit Salt" and ENO, and the label shown on the package are registered trade marks.

Bruises

Stops pain—prevents blackening
Keep fresh blood moving swiftly through a bruise. Apply Sloan's gently—without rubbing. It relieves the pain at once, clears out the congestion that makes bruises turn black and blue. All druggists—35cents.

Sloan's Liniment—kills pain!

ENO'S for Constipation, Indigestion, Heartburn, Nervousness, Impure Blood, Depression, Failing appetite, Liver Disorders, Sleeplessness, Rheumatic Conditions.

Lowest Grain Rates in the World

CANADA possesses the greatest railway mileage per capita of any country in the world. Operating and construction costs are as high or higher in Canada than in any other country. Costs of materials and supplies of all kinds are as high or higher in Canada than in any other country. Railway wages in Canada are practically on a level with those of the United States. Canadian Pacific rates on grain are the lowest in the world. And 55 per cent of its western traffic is grain. Compare these rates on grain with those in the United States:

| | | |
|-----------------------------|-------------|--------------------|
| Calgary to Vancouver | 641.7 miles | 22½ cents per cwt. |
| Nyak to Seattle | 643 " | 32 " |
| Edmonton to Vancouver | 765.4 " | 22½ " |
| Shelby, Mont., to Seattle | 765.8 " | 32 " |
| Viking, Alta., to Vancouver | 844.2 " | 25 " |
| Vaughan, Mont., to Seattle | 852.9 " | 32 " |

These rates, applying on the Canadian Pacific, have been adopted by the Railway Commission as the standard rates for all roads from the prairies to the coast.

The rates quoted above are for west-bound grain traffic. A comparison of rates on east-bound traffic shows even greater disparity between Canadian and United States rates, in favor of the Canadian shipper, as the following shows:—

| | | |
|-------------------------------------|-----------|-------------------|
| Winnipeg to Fort William | 420 miles | 14 cents per cwt. |
| Leeds, N. Dakota, to Duluth | 417 " | 19½ " |
| Maple Creek, Sask., to Fort William | 1013 " | 23 " |
| Galata, Mont., to Duluth | 1014 " | 43 " |
| Calgary, Alta., to Fort William | 1243 " | 25 " |
| Rexford to Duluth | 1254 " | 51½ " |

In 1923, with a huge grain crop, Canadian Pacific earnings per ton per mile on its western lines were .89 of a cent, while its eastern lines earned 1.11 cents.

Tons per mile handled on western lines in 1923 amounted to 1,788 as against 3,636 on eastern lines.

Advocates of "equalized" rates take into consideration only one factor—grades.

Cost of construction, return on investment, increased operating expenses due to longer mileage, density and character of traffic—all these are left out of the reckoning.

If these items must be left out of consideration in fixing grain rates from the prairies to the coast, how are they to be provided for?

Is the loss on grain traffic to be made up by higher rates on other commodities? Is it to be charged on traffic in some other part of the country or is the government to collect it in taxes from all the people?

The Canadian Pacific cannot avoid paying its capital obligations. It must earn those charges out of its business of transporting traffic.

It asks only a fair consideration of the situation by the people of Canada. There is no mystery about railroad-ing. It is a business of cost and profit just as is any other business, grain growing or manufacturing. There is only one way to meet operating expenses and capital charges—by earnings from traffic.

CANADIAN PACIFIC

It Spans the World
