ever two years."
Leufortheen or Whites, Oyarian Tannor, Micrine Uterration, Fenrale Diseases.
Br. J. E. S. Chaining, of New York City, writes; "I met cheerfelly analysis will the report of your against a sharity in the name as combants for wiffth we employ such a remedy but especially in Finale Disease of the scrottleast distances in the name may be a supply to the property by the adventure may invest case of the propriet by it, and some where the complaint was caused by aleccation of the alecter. The alteration itself you soon cared. Nothing within my knowless plant was caused by absorbers of the abrust. The above-ation itself you soon incred. Nothing within my knowl-cide equals it for these female derangements." Edward S. Marrow, of Newbury, Aia, writes, "A dan-grouss servine times on one of the females in my family, which had defeed all the remelies we could employ and which had defeed all the remelies we could employ as as at length been geompletely cured by your Extra-24 Sur-saparilla. Our physician thought nothing but given then could affect fullef, but, he satisfied the trial of your Sursaparilla as the last resort before cutting, and it proved effectual. After taking your tennedy eight weeks to a symptom of the disease remains."

Spylificing of the disease remains.

Spylific and Moreurial Disease.

New Orleans, 20th August, 1858.

De. J.-Q. Ather: Sh. I chapfully comply with the request of your agent, and report to you sone of the cheel have realized with your Strapparilla.

There were distributed and strapparilla.

There were distributed and have formed the request of the cheel and have formed the properties for which it is recommended, and have formed the properties for which it is recommended, and have formed the top of his mouth. Your Sarsaparilla, steadily taken, cured him in the weeks. Another was attacked by secondary symptoms in his nose, and the alcoration had caten away a considerable part of it, so that I believe the disorder would soon reach his brain and hill, him. but it yielded to my administration of your Sarsaparilla, the semi-distributed in the semi-distribution of the semi-distribution in the semi-distribution in the properties of the semi-distribution of the semi-distribution in the semi-distribution in the properties of the semi-distribution of the semi-distribution in the points and beines. She, too, was recredently by your sarsaparilla in a few weeks. I know from its forming which your agent gave me, that his frequentials from your laboratory must be a great with it have not supprised us.

Patternally yours, G. V. LARIMER, M. D. Ritcumatian, Gout, Liver Complaint. Syphilis and Mercurial Disease.

Rheumatism, Gout, Liver Complaint. Juley Y. Getchell, of St. Louis, wither 'I have been affligled for years with an affection of the Liver, which section for the Liver, which section for the Liver, a high sector thing, and every thing for some years from no their cases than dropped and the Liver, which seems that the little of the Liver, which was the large section of the Liver. My believed posters in the litty was assumed to the large section of the Liver.

Schirrus, Cancer Tumors, Enlargement, Wiceration, Caries and Exfoliation of the Bones. the Bones.'

A great variety of cases have been reported to us where
cures of these formidable complaints have resulted from
the use of this remedy, but our space here will not shind
them. Some of their may be found in our AmericanAlmanae, which the agents below named are pleased to
furnish graits to all who call for them.

Dyspensia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia made by the alterative power of this meanage. If suppo-lates the vital function into vigerous action, and thus overcomes disorders which would be supposed bayond its reach. Such a remedy has only been required by the no-cessities of the people, and we are confident that this will do the them that medical conditions can be.

Ayer's Cherry Pectoral,

Coughs, Colds, Induceza, Hoarseness, Croup, Bronchitis, Encipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a recedy so universally known to surpass any other for the curs of throat and lung complaints, that it meless here to publish the evidence of its virtues. Its universalled excellence for coughs and colds, and its truly wonderful curses of pulmonary disease, have made it will be a consumption of the communities, or even, families, among them who have not some personal experience of its effects—some living trophy in their made of its victory over the subtle and dangerous disporters of its effects—some living trophy in their made of its effects—some living trophy in their made of its victory over the subtle and dangerous disporters of its effects—some living trophy in their made of its victory over the subtle and dangerous disporters of its effects—some living trophy in their made of its victory over the subtle and dangerous disporters of its effects—some living trophy in their made of its victory over the subtle and dangerous disporters of its effects—some living trophy in their made of its victory over the subtle and dangerous disporters of its effects—some living trophy in their made of its victory over the subtle and dangerous disporters of its effects—some living trophy in their made of its victory over the subtle and dangerous disporters of its effects—that it is not all the victors of the form of the victors of the form of their constant of the victors of the Prepared by Dr. J.
