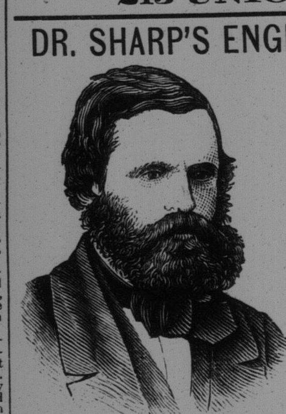
DR. SHARP'S ENGLISH TONIC BITTERS.



These well known and unrivalled BITTERS, prepared by a peculiar and elaborate Chemical process, from rare plants and herbs, and entirely free from all mineral, acid, and other noxious ingredients, have been found the most useful in Dyspepsia or indigestion, Diseases of the Liver and Kidneys, and Irritability of the Bowels.

In all cases of Debility; whether arising from illness, fatigue, or other causes, they prove eminently serviceable and afford *incalculable benefit*; and, being devoid of all spirituous and other injurious stimulants, may be given with happiest effects to *young children*, correcting in them the tendency to the generation of worms, and other Bowel complaints.

FOR FEMALES these Bitters are peculiarly suitable, giving tone and vigor to the system, and imparting new strength to the frame, which *protracted nursing* or other exhausting causes may have impaired.

They have been extensively and successfully used by the Medical Faculty, many of whose most distinguished members in New Brunswick, Nova Scotia, the United States elsewhere, have given ample testimony in their favor.

These Bitters produce a feeling of buoyancy, removing depression or melancholy, and hence are of great value in the treatment of Mental and Nervous affection. They produce a healthy flow of the secretions, and should be used by all who suffer from

DEPRESSIONOF SPIRITS, SLEEPLESSNESS, NERVOUSNESS, LOSS OF APPETITE,

And all kindred complaints.

Everybody knows that Sharp's Balsam of Horeround and Aniseseed is the best cough medicine ever offered to the public.

Everybody ought to know that Sharp's English Tonic Bitters cannot be too highly commended for the diseases they are recommended to cure.

The sick should not delay a moment in procuring and using these bitters. Sold wholesale by T. B. Barker & Sons, St. John, and at retail by all druggists. The price is reduced, so as to come within the means of all, to 75 cents per bottle. PREPARED BY

Sharp's Balsam Manufacturing Company, St. John, N. B., to whom orders may be addressed.

NO REPRIEVE.

THE COURT OF APPEALS AFFIRMS THE SENTENCES.

Four Murderers of Women Will Suffer the Extreme Penalty of the Law.

(BY TELEGRAPH TO THE GAZETTE.)

NEW YORK, June 29.—The Court of Appeals has handed down a decision affirming the death sentence of Ferdinand Carolin, James Nolan, Charles Giblin and John Lewis. Each of these four murderers is a woman-killer, and their crimes were marked by peculiar ferocity and malignancy. Charles Giblin shot Mrs. Goetz, the wife of a Houston street baker. He tried to pass a counterfeit $5 bill in her place, and was afraid her husband would secure his arrest. Ferdinand Carolin killed his wife with an axe having quarrelled with her because she objected to his deserting her and going back to Germany. John Lewis, colored, killed his paramour, Alice Jackson because she had refused to live with him longer.

James Nolan shot Emma Roch several times because she refused longer to support him. The four are in adjoining cells in the murderers row in the Tombs and the groupe is made still more remarkable by the presence of Patrick Packenham whose petition for a new trial was denied a few days ago. He is an old man who killed his wife with a razor because she would not give him money for liquor.

RAILWAY ACCIDENT.

Four Railway Cars Go Through a Trestle.

BY TELEGRAPH TO THE GAZETTE.

CINCINNATI, June 29. Last evening a train consisting of three passenger coaches and a baggage car went through a trestle near Batavia on the Cincinnati Georgetown and Portsmouth railway. The trestle was 100 feet long and 12 to 25 feet high. The engine and baggage car passed over the trestle in safety but the directors car and two passenger coaches fell through and piled up in a promiscuous wreck. It is a remarkable fact that nobody was killed although a number were injured, some of them seriously, including manager Hunt and Passenger Agent Rhoads of the Railroad Company who will probably not recover.

FREDERICTON.

Ferre Ellis Contempt.

A special from Fredericton to the GAZETTE says that no judgment was delivered in the Ellis case today.

He Burns His House and Himself.

BY TELEGRAPH TO THE GAZETTE.

CLIFTON, Tex., June 29—H. D. O'Leson, who lived with his son-in-law, a few miles from here, was abusing his daughter on Thursday night, when her husband interfered. The old man procured a shot gun, chased the family out of the house and then set fire to the premises, keeping the neighbors away with his gun until the house was almost destroyed. He then leaped into the flames and was burned up.

No Indian Disturbance Expected.

BY TELEGRAPH TO THE GAZETTE.

MISSOULA, Mon., June 29,—Governor White and Mayor Sloan returned this morning from Daville, where they went to ascertain the condition of the Indian trouble. The governor reports the situation on the reservation reassuring. The renegade Indians have taken to the woods and no serious disturbances are expected at present.

Attempted Suicide.

Mrs. Farnsworth, wife of Captain Farnsworth of the schooner Avis attempted to leap over the cliff near the Suspension bridge at noon to-day. Two men named McNulty and Humphrys who were in that vicinity at the time prevented her from accomplishing her rash intent. Mrs. Farnsworth has for some time past shown symptoms of insanity, and has been under the charge of her daughter with whom she lives on Wentworth street. This morning while her daughter was out of the house, Mrs. Farnsworth wandered away, and would doubtless have committed suicide except for the timely prevention. Officers Hamilton and Woods who were sent for, took the lady to the Central police station where she was again given in charge of her daughter with the admonition to keep a strict watch over her.

To The Country.

THE GAZETTE mentioned a day or two since the various opportunities for enjoyment which would be offered to the people of St. John on Dominion Day. As the day is likely to be fine those opportunities promise to be largely availed of. The David Weston will take passengers to Fredericton and points along the river, leaving Indiantown at 9 oclock, returning about midnight. Gordon Division have chartered the Star for their excursion to Gagetown; the Monticello will take passengers to Digby and Annapolis at excursion rates, and excursion tickets will be sold by the I. C. R. and N. B. Railways. If the day is fine there will be no lack of opportunity to breathe God's pure air and feast the eyes with his wonderful works on that day.

CENTENARY OR MARYSVILLE.

It Rests With Rev. Dr. Sprague.

The president of the Methodist conference was telegraphed for yesterday, and urged to return to the city at once, so that something may be done to settle the difficulty that has arisen in consequence of Rev. Dr. Sprague being appointed pastor of Centenary, while Mr. Gibson wants him to remain at Marysville.

Rev. James Crisp of Point de Bute, was selected by the conference to take the Marysville pulpit. He much preferred remaining at Point de Bute, but as the Marysville church must be supplied, he gave his consent to the appointment in order to help the conference out of its difficulty.

But Mr. Gibson, who, built, supports, and controls the Marysville church could not see why the rule of a three year pastorate should be broken and Rev. Dr. Sprague taken away simply to provide for Centenary church. Mr. Gibson therefore telephoned the conference that the stationing committee need not make any appointment for Marysville.

The committee, however, after mature deliberation decided that the appointments must stand—Dr. Sprague for Centenary and Rev. Mr. Crisp for Marysville.

Yesterday a second telegram from Mr. Gibson was received in which it is understood that while there is not the slightest objection to Rev. J. Crisp personally, the Marysville church would not submit to the action of stationing committee in removing Rev Dr Sprague, before his three years term had expired. It is said the telegram also stated that on no account would the appointment of Rev Mr Crisp be recognized by Marysville, but if Dr Sprague was removed steps would be taken to fill the pulpit from some other source.

As the problem now stands almost everything depends on the position of Dr. Sprague. If he is willing to return to Marysville and give up Centenary, it is probable that everything can be satisfactorally arranged. If not, the Marysville church and all its influence is lost to the Methodists.

Nothing can be done however, till Tuesday as the president of the conference cannot reach the city till Monday night.

A Well Deserved Compliment.

Arrangements had been made by a number of our leading citizens to give a public reception and banquet to Agent General Fellows who is at present in the city, Great disappointment is expressed by all our citizens that Mr. Fellows' engagements prevented his accepting this slight evidence of the good feeling of his old friends and associates. It was expected that the Lieutenant Governor Sir S. L. Tilley, the Attorney General and other personal friends of Mr. Fellows would be present, and all had expressed the determination to forego all other engagements, so strong was their feelings as to this spontaneous effort to recognize Mr. Fellows in public matters when a resident of St. John, and the continued great interest he has taken in the city and province since his residence in England.

Increase for 1888-9 $112,689.90.

TELEPHONE CONNECTION.— Messrs. J. A. Killam & Co. are constructing for the N. B. Telephone Co. a telephone which will be a part of their Trunk line through the province. The firm have 40 men and a number of horses engaged. They are working from Fredericton to Moncton and St. John, and expect to have the line ready for use about the middle of August. The contract was let last fall, and during the winter the firm got out all their poles. Part of the crew are now at Sussex, on the east end of the line while the others are at Gagetown.

Mr. Killam, who is personally superintending the work, uses a steam yacht which he purchased a short time ago from the Messrs. Miller of Millerton, Mir.

COLLISION NEAR MONCTON.—Yesterday afternoon while the ballast train, in charge of Conductor Broad, was backing into the pit at Boundary Creek the conductor's van crashed into a number of flat cars, which were standing on the track, under the foot bridge. The result of the collision was that one of the cars was driven through the bridge, and found a lodgment in the supports. The trucks of the car are now lying sideways in the rear of the track,

EXCURSION TO ST. STEPHEN.—The New Brunswick Railway has issued excursion tickets for the 4th of July celebration in Calais, to St. Stephen and return. The fare from St. John is put at $2, and correspondingly low rates may be had from intermediate points along the line. Tickets will be good on the afternoon trains of the 4th, and holders of the same can return on any train leaving St. Stephen before noon of July. 5th.

A THRIVING INDUSTRY.—Mr. W. K. Shives, who recently purchased some valuable milling property at Campbellton, is booming the lumber business at that place. He employes about 35 hands, and operations are carried on day and night, his mill cutting cedar during the day and dimension lumber at night.

CHARTERS.—Schooner M L Bonnell is chartered to load lumber at Machias for Cienfuegos, Cuba at $6,75, A. G.

Schooner Oronoco, St. John to Buneos Ayres at $16,00.

HOULTON WINS. At Fredericton this afternoon the Houlton base ball team defeated the Frederictons by a score of 10 to 3.

THE ALGONQUIN.

THE GRAND OPENING OF THE NEW HOTEL AT SAINT ANDREWS.

The Ball a Grand Success Governors Tilley of New Brunswick and Burleigh of Maine were Present.

ST. ANDREWS, June 28,—All the preparations having been completed under the efficient superintendence of F. A. Jones the manager of the new Hotel' the formal opening was in the form of a reception which began at four o'clock this afternoon and was a most brilliant, successful and enjoyable affair for all who were present. Upwards of two hundred persons participated in the festivities, and the time was most pleasantly spent until seven o'clock. Mine host, F. A. Jones, covered himself with glory in his not easy task of catering to the fancies of so many different individuals.

His Excellency Sir S. L. Tilley, lieutenant governor. and Lady Tilley, Mr. and Mrs. F. A. Jones, Mr. and Mrs. R. S. Gardiner and Mr. and Mrs. Eugene Fay received the guests with that grace and courtesy which might have been expected, and were untiring in their efforts to make the occasion a pleasant one for all. After paying their respects to those who received, the guests enjoyed the beautiful scenery that spreads out on all sides from the hotel and were afforded the privilege of going over and inspecting the structure from the basement to the eagle's nest on top, from which hundteds of expressions of admiration for the outlook obtained were uttered. The sun during the afternoon would have been scorching but for the delightfully cool breeze which prevailed, and that was a feature of the occasion which was particularly enjoyed by the guests from the upper provinces and the parched cities of the American coast.

The first guests registered at the Algonquin, were John C McIntyre and wife, Miss Marion McIntyre, H T Frisbie and Mrs Frisbie of Houlton, Me.

A pleasant incident connected with the opening of the Algonquin was the presentation to L. M. S. Horton, superintendent and paymaster of the Algonquin hotel Co., by R. S. Gardiner, on behalf of the company of a valuable hunting case gold watch and albert chain. in recognition of Mr. Horton's services. Mr Horton was so much surprised that he was at a loss for words to express how gratified he felt.

THE BALL.

Many of the guests procured teams and drove to view the points of interest in the town, but the larger portion from the varandah windows and balconies admired the beautiful panorama within reach of vision on every hand.

At 9.30 dancing commenced in the ladies parlor. The first set was formed by Lady Tilley and Lt.-Col. Maunsell, Mrs D. McLellan and Major Gordon, Hon D. McLellan and Mrs Gordon Col Beer and Miss Gove. The costumes of the ladies were tasteful and elegant and intermingled with the scarlet uniform of the officers, combined with the dark blue and gold lace of the members of the staff of the governor of Maine, formed a most brilliant scene. Dancing was kept up with spirit, the nimble feet chasing the fleeting hours beyond the wee sma' hours. The ball was a great success in every respect.

The orchestra, which is engaged for the season comprises the following artists; S E Robinson, first viola; F Bryson, clarionet, E Harold Stickney, cornet, W J Hand, viola; R Reynolds, double bass.

The Algonquin was brilliantly illuminated after the shades of night had set in with gas jets and variegated Japanese lanterns. It looked like a fairy palace, while a brilliant display of fireworks which for some time illuminated the sky added to the spectacullar show which was witnessed by a great number of outside spectators.

MR. WATTS' LECTURE.

He Talks About the Bible and Inspiration.

About two hundred persons assembled in the Institute last evening to hear Mr. Chas. Watt's lecture on Bible Inspiration from a secular standpoint. Capt. Beck introduced the lecture in a short and pithy speech adverting to the necessity for science teaching and untrammelled thinking. Mr. Watts spoke as follows:—Nearly all religions which have dominated the world from the remotest antiquity have posessed sacred books, thought by their devotees to have been given to them by an all wise and benificent God. A nation's literature reflects the habits, mental condition and aspirations of its people and it must be judged accordingly. A great intellectual mistake is made when any book is not judged by its intrinsic worth. This mistake has been made with regard to the Christian literature. Its supposed source has been made the basis of the judgment of that book; it has not been weighed impartially. The secularist has no wish to deprive the Christian of his Bible. This idea, which I believe, prevails in this community, is probably born of the Evangelical Alliance who are afraid to defend their treasured possession. In Max Muller's Chips, vol. 2, pages 3 and 4, the origin of the Vedas, the Brahmin sacred books, is shown to have been supposed to be divine. To doubt this was to be an heretic. Buddha, who did doubt it, was condemned as such.

Here was a people venerating a book as a christian does his Bible. The Mohammedans, too, believe every word of their Koran to be a divine command. Orthodox Christians, therefore are far from being unique in considering their book as being inspired. Let me ask, what is inspiration? Secularists believe in inspiration only when the source and working of that force is thoroughly understood. Four meanings have been attached to the word inspiration. One is called verbal inspiration, or the assumption that every word of the scriptures has been dictated by God himself. This belief is based on the passage in Timothy that all scripture is given by inspiration of God, which passage has been mistranslated. This idea originated in the church and not in the New Testament.

A second meaning is termed essential inspiration or the communication by God to man of ideas, which have been clothed with language supplied by individuals. Both these classes suppose all the bible statements to be absolutely true. A third meaning is assigned by the advanced christians viz.:—that the bible contains the inspired word of God, but that the whole of it is not inspiration. Who is to decide what portions are and what are not inspired? The human is made the power to test the alleged divine and say what parts are genuine and what parts are spurious; what is to save and what is to condemn. The best meaning is that given by the secularist It is that every man or woman who has recorded a noble sentiment or uttered a sublime word has been inspired. It is the inspiration of mental glory, intellectual fertility and profoundness of thought. It is not confined to time or race or people, Every writer has possessed it, who has illumined the pages of his country's literature. Let us now proceed to analyze the title from a secularist point of view. Its extraordinary claims require extraordinary proof. Now follows the question, What is evidence? It is that which elucidates or enables the mind to see truth and its source may be phenomena, consciousness or testimony. The two first must be self-evident which the Bible is not. If it were, all Bible believers must see its truths alike, which they do not.

The number of sects is a proof that some Bible believers see truths which do not appear to all who accept that book as their religious authority. Therefore the Bible is not self evidently true. Phenomena or consciousness must, of there nature, always carry conviction. With regard to conviction this cannot be said. Testimony is either internal or external, proceeding from consistency within or corroboration from without. There are six reasons which I will give why the Bible has no higher claim to credence than any other excellent work ever published.

If God gave a specially inspired work then it must or must not have been a neccssity to all of his children. If it were, not then what is the use of it? If it were then why is one half or according to the Bishop of Peterborough's statement two thirds of his children left in ignorance that such a revelation exists? Why have we two inspired books, an old and new testament? The second is either an improvement on the first or it is not. If it is an improvement, then the first was defective, if it is not an improvement then the second is unnecessary. If the two are from the same source, one should not contradict the other, but it does. Compare the doctrine of retaliation taught in the old with its express prohibition in the new. Moses taught no doctrine of future rewards or punishment but the new testament does. Could not God have formed a book fitted for the whole world? If the Jews needed a special book and God gave it to them why do you get up societies for the conversion of the Jews? If the Jews required a special bible on account of their nationality then the Chinese and Mohammedans require special bibles also, on account of their diversity of race. Yes, and they have them, but you deny their authenticity. Next, how has this bible been transmitted? You cannot find the original manuscripts. Dr. John Milne, aided by Bishop Fell edited at Oxford in 1709 a folio edition of

SECOND EDITION.

the Greek testament. In this work no less than 30,000 various readings were noted.

Editions have multiplied since then and there are now 150,000 different readings. As there are 160,000 words in the new testament it follows that there are just 10,000 more words than mistakes in that work. True, many of these are of small importance, but still a number are of the very highest importance. This certainly destroys the theory of literal inspiration. This does not detract at all from the value of the book, but destroys its inspiration.

The speaker closed by saying:—"Study for yourselves; do not follow me. I take the Bible for what it is, a record of the past, a mirror reflecting the errors and misdeeds, and the aspirations of our forefathers, and as a beacon against their follies and faults. Read it. Accept its sublimity, but not its false parts. Pluck the flowers of truth from it, but do not allow them to be contaminated by the weeds of falsehood and impurity which surround them. The secularist has a bible. The first chapter of it consists of all that is grand, and noble, and holy, and pure in the christian's bible; the second chapter contains ethical principles, drawn from the classic fountains of Greece; the third chapter is full of heroism and devotion to duty taught by rugged Rome; the fourth chapter is supplied by geology from her researches into the depth of the earth; the fifth chapter is written by the finger of astronomy teaching humility from the boundless ocean of the stars. Historians add a chapter illustrating wisdom's power in the affairs of life. Poesy sheds a halo of joy upon our prosaic existence as there are blank pages to be filled by science as time rolls on and knowledge is acquired. Bind them up together with modern thought and wisdom; no priest shall destroy that bible for it has truth for its foundation and purity for its recommendation. Armed with this book we would grapple with the tyrants of orthodoxy. What my secularism teaches me to desire is that love of our common humanity shall make truth to prevail.

An opportunity was then given for discussion but no person took advantage of the opportunity.

Russian Discourtesy.

BY TELEGRAPH TO THE GAZETTE.

BERLIN, June 29.—Magdeburger Zeitung says that recently while a number of Russian officers were dining with some Germans at Stuttgart, they refused to honor a toast to the German Empire and that when they were reproached for their discourtesy they left the table.

Gold for Russia and Austria.
