

CARDSTON RECORD.

CARDSTON, N. W. T.

STRUCK BY LIGHTNING.

A Destructive Electric Storm Passes Over Ontario.

Toronto, July 26.—During the electric storm which passed over portions of the province today several buildings were struck by lightning and some were totally destroyed. The following losses are reported: Mr. Hill's barn on the Indian reservation at Tyndinaga was struck by lightning and destroyed by fire with its contents. It was insured.

Wm. Bell's barn, in Tharlow, burned with all its contents. The building was owned by Willet Fairmans. Bell's loss is \$450, insured for \$200 in the Waterloo Mutual. Fairmans loss will be about \$500, insured for \$300 in the same company.

Barns owned by Judson Pugh, one mile from Whitevale, were struck by lightning and totally destroyed with forty tons of hay, eleven loads of barley, 1,000 bushels of last year's grain, one wagon and smaller stock in the stables below were safely taken out. The total loss is estimated at \$2,500, insured in the Maple Leaf company for \$1,000.

NEARLY DISCOURAGED.

The Experience of Mr. Ralph Giberson, Who Suffered Greatly From General Debility.

From the Advertiser, Hartland, N. B. Ralph Giberson, postmaster at Monquart, Carleton Co., N. B., is also known as a prosperous agriculturist and an enthusiast in his line. Now stunted and rugged, weighing 250 pounds, he scarce would be recognized as the man who six months ago was the picture of one suffering the terrible symptoms of general debility. He was run down in health, suffered much from dizziness, almost blindness, general dullness and depression of spirits. He had a poor appetite and such food as he ate gave him great distress. He was incapacitated for the work that fell upon him and was well nigh utterly discouraged. The symptoms bordered on those to which hypochondria is manifested.

Through reading the Advertiser he learned of the particular benefit that had been received by the use of Dr. Williams' Pink Pills, and by the hope held out by their testimonials he secured a supply and took them according to directions. The result was almost magical; immediately the symptoms began to become less disagreeable, and he steadily gained until now he is perfectly free from his old troubles. He gladly and freely gives this testimonial, that all who may read it may know the remedy if ever they are troubled with general debility.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. The genuine can only be had in boxes, the wrapper around which bears the full trade mark—Dr. Williams' Pink Pills for Pale People.

LA BOURGOGNE DISASTER.

Nineteen Austrian Sailors Arrested at Havre.

Havre, July 25.—Nineteen Austrian sailors, who arrived here by La Bretagne yesterday, were taken today before a magistrate and confronted by four second class passengers, survivors of La Bourgogne, on charges of cruelty and brutality at the time of the collision of La Bourgogne and the British ship Cromartyshire, off Sable Island, on July 4. Although the evidence offered against them was very slight, six of the accused were held on the remand. The others were discharged.

WEAK, NERVOUS WOMEN

Suffering from palpitation of the heart, dizzy or faint spells, watery blood, etc., can be readily cured.

A Manitoba Lady Tells About Her Case.

There is no need whatever for so many women to be the subject of faint spells, heart and nerve weakness, anaemia, or any of those health destroying ailments peculiar to her sex. Milburn's Heart and Nerve Pills regulate the heart beat and make it strong and full, tone the nerves, enrich the blood, and relieve the pain and weakness from which so many women suffer.

Mrs. Alexander Setter, of Pigeon Bluff, Man., writes an account of her case as follows: "I have great pleasure in giving my experience of Milburn's Heart and Nerve Pills. For about ten years I was troubled with throbbing and fluttering of the heart. I tried five doctors and several remedies but none of them did me much good. Lately I heard of Milburn's Heart and Nerve Pills and bought two boxes. Before I started using them I could not do my house work and gave myself up to die, as I thought I would never be cured. Now I feel really splendid since taking the pills, do my work, enjoy my meals and feel as if there was something in life worth living for."

Milburn's Heart and Nerve Pills, sold by all druggists at 50c. a box or 3 boxes for \$1.25. T. Milburn & Co., Toronto, Ont. Laxative Pills cure Biliousness, Sick Headache, Constipation and Dyspepsia. Every Pill Perfect. Price 25c.

CANADA'S SILVER MINES

The Dominion is Destined to be the World's Greatest Silver Producer.

Canada will some day be one of the greatest silver-producing countries in the world. The mineral wealth of British Columbia alone is sufficient to attract the attention of mining men from every quarter of the globe. And the half has not yet been told. When the mining industry becomes thoroughly active, and the great silver-producing mines of B. C. are opened up, Canada will, if her interests are properly guarded, have the opportunity of stepping out among the nations of the world as a nation among nations.

But Canada can never hope to be anything more than a heavily indebted dependency of England, until her people and her statesmen awaken to the fact that she was destined to be something greater, and take steps to remove the impediments that have for years blocked her progress.

The greatest of these is the principle that Canada must go abroad for her metallic money, and depend entirely upon the banks for her medium of exchange—a paper currency. Canada probably has the smallest amount of metallic money in circulation, and the greatest paper money inflation, of any country in the civilized world, with equal resources and liabilities. She is reported to have fourteen millions of gold, every dollar of which has the fiat of some foreign nation stamped upon. None of it is Canadian money; all of it has been borrowed. In addition to this gold, Canada has five millions of silver money. This is stamped with the fiat of the Canadian government, but every piece of it was coined in the mints of England, at enormous loss to Canada. The only medium answering for money that Canada has in circulation that is of home production are the promises to pay issued by the banks. There is upwards of fifty millions of this money in circulation, nearly three times the total amount of all her metallic money.

Paper currency, because lacking an intrinsic, metallic value, is not real money, but only represents such money. It is unimpeachable only in so far as it can be redeemed by real money. And yet it is upon this kind of money that all business in Canada is transacted. Canada is, and has always been, a rich producer of the money metals, gold and silver. Millions have gone from her mineral belts to enrich foreign countries, who have no other interest in Canada than to make to her annual loans of her own metals coined into money at the usual rate of interest. The logical position for Canada to assume is to reduce the amount of paper currency in circulation, in which there is no real value, and replace it with home minted metal money, that will go abroad and into the money marts, a money that would be respected in any land.

But Canada has no mint, it is argued, and could not support one. It is true, sadly true, that Canada has not a mint, but it is folly to say that this country, so vastly rich in gold and silver, could not keep up a mint. It is one of those colonial ideas that should be done away with like the excessive use of paper money. If Canada is ever to be anything more than what she is, she must push ahead and grasp the opportunity now presenting itself. She needs above everything else a mint.

MEN AND WOMEN REPAIRED.

A machine that is constantly and incessantly working needs repairs at certain intervals. The human frame, worn by mental and physical toil and subjected to the worries and cares of our modern life, has need of repairs and building up. In the hot summer weather nervous energy is at a low ebb, and as a consequence, nervous debility, terrible headaches, dyspepsia and a run-down condition make life a burden for thousands. Paine's Celery Compound is the great repairer and builder when weakness and sickness prevail. This great medicine has the power of rapidly repairing the tissues and purifying the blood. It bestows the proper nutriment to all the weakened tissues, bringing strength and true vigor, thus averting breakdown and collapse.

Thousands of lives are now fast wearing out that can be prolonged and made happy by the present use of Paine's Celery Compound. Its use today will save months of sickness, misery and suffering. Take no substitute; get only "Paine's" the kind that cures.

THE NAPANEE CASE.

Detectives' Case Complete—The Prisoners Ready for Trial.

Napanee, July 24.—The Pinkerton detectives engaged in the bank robbery case announced today that their work was completed and they were ready for the trial. Counsel for the prisoners, Ponton and MacKie, have all along claimed that they were prepared to face the charge against them and accordingly the case will probably go on as soon as the acting crown attorney returns with the witnesses subpoenaed. It will be necessary that the same officer should enquire into the sufficiency of the bonds for the release of Ponton and MacKie before bail could be granted. Ponton will have no difficulty in securing substantial security. This indicates the feeling in favor of Ponton. Yesterday the prisoners changed cells and a thorough examination was made by the officials to see that no attempt has been made to escape. Detectives are now trying to secure fresh evidence against Holden and Pare in the vicinity of Napanee.

Backache

THE BANE OF MANY A WOMAN'S LIFE.

A Berlin Lady Tells How to Get Rid of It.

Doan's Kidney Pills The Remedy.

Mrs. Eliza Reitz, 33 Wellington St., Berlin, Ont., says, "For ten years I have been afflicted with kidney and back trouble, suffering greatly from dizziness, nervousness, weak eyesight, loss of sleep, and appetite, and an almost constant tired, weak feeling. In February last I got a box of Doan's Kidney Pills and received so much benefit from them that I continued their use until I had taken three boxes in all, and was completely cured. They removed every vestige of pain, dizziness and nervousness, and enabled me to get restful sleep; so that from being a sick woman I am now strong and well again."

Doan's Kidney Pills are the best remedy in the world for Bright's Disease, Diabetes, Dropsy, Backache, Gravel, Sediment in the Urine, and all Kidney and Bladder Diseases. Sold by druggists, or sent by mail on receipt of price, 50 cents a box or 3 boxes for \$1.25. The Doan Kidney Pill Co., Toronto, Ont.

PETERSEN IS OUT.

The Fast Atlantic Line Contract Canceled and Their Deposit Forfeited.

London, July 25.—Montreal Star Cable—Peterson has been notified by the Canadian government that the fast Atlantic mail contract is considered at an end and the firm forfeits £10,000 deposit. Hon. R. R. Doble says fresh tenders will not be called for just yet. New York firms, he thinks, are willing to contract for the same subsidy at Peterson, whose failure is considered due more to powerful opponents than the decreased amount of the subsidy. Mr. Doble returns to Canada on Wednesday on the Parisian, when the matter will be discussed by the cabinet.

Mr. Peterson absolutely denies that he ever said, as was reported in the Toronto Telegram, that if the Hon. Mr. Fielding had been sent, instead of Mr. Doble, the contract would have gone through.

THE THREE FAMED BLACKS

Of the world are Diamond Dye Fast Black for Wool, Diamond Dye Fast Black for Cotton and Mixed Goods; and Diamond Dye Fast Black for Silk and Feathers. The result that each of these Blacks produce are marvellous and pleasing. Your faded and dingy dresses, jackets, capes, coats, pants, vests, hose, etc.; that are now so useless and repulsive looking, can be made like new garments with the Diamond Dye Blacks. Your faded, rusty and dead looking silks and feathers are made new creations by using Diamond Dye Fast Black for Silk and Feathers.

Do not be deceived by bulky package dyes adulterated with grease and other foreign substances; insist upon your dealer giving you the Diamond Dyes, one packet of which will dye as much as three packets of any other make.

On the Trail.

Toronto, July 24.—High Constable Bissonnette, of Montreal, is in the city, registered under an assumed name. It is said he is here on business for Thibeau Bros., who claim that in a recent assignment, goods valued at \$10,000 were obtained from them under false pretenses. It is also said that another big robbery, by the same parties who robbed the Napanee bank, is being ferreted out, and that several important arrests are about to be made here.

DEAR SIRS.—Within the past year I know of three fatty tumors on the head having been removed by the application of MINARD'S LINIMENT without any surgical operation, and there is no indication of a return. CAPT. W. A. PITT, Clifton, N. B., Gondola Ferry.

Probably the two most awkward things in the world is a woman throwing a stone and a bachelor holding a baby.

Minard's Liniment Cures Garget in Cows

It doesn't matter to some men whether they ride in a carriage or a patrol wagon.

Dr. E. B. & J. S. Ibbotson, Surgeon Dentists, Montreal, write: "Quick-cure" is a treasure, and does just what you say for it: when it is known, every household will have it. It is worth its weight in gold to parents, whose children suffer from toothache.

Every time a man looks in a mirror he imagines he can see a hero.

Minard's Liniment Cures Colds, etc.

Some men are long on energy, but short on the ability to utilize it.

Minard's Liniment Cures Diphtheria.

Love that feeds on beauty alone is apt to die of starvation.

Minard's Liniment Cures Distemper.

No man is as perfect as he thinks his neighbor should be. Laboring men have 312 working days a year in Hungary, 308 in the United States, 278 in England, and 250 in Russia.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All Druggists refund the money if it fails to cure. 35c.

A BRAVE KLOOTCHMAN.

She Rescues a White Man From Drowning at Vancouver.

Vancouver, July 26.—There is a klootchman in Vancouver, who deserves the Royal Humane society's medal. This brave red woman saved the life of a drunken white man at the imminent risk of her own. She performed the brave act during the dark hours this morning. Screams attracted people to Stevenson's wharf at 1 a. m. They found one Indian woman standing near the edge, pointing in an excited manner to the water and at frequent intervals giving strange Indian cries. It was quickly perceived that another woman was down below standing on a log in the water, and holding on to something. She appeared very frightened and was calling for help. As quickly as possible men got down to her assistance. Then it was found she was holding up a man in danger of drowning and unable to help himself. With assistance he was taken from the water.

The klootchman, who undoubtedly saved the man's life, gave the following account of the affair: "One long skookum man, plenty drink, he fell into water, much splash. Him lot hair, whiskers white. Me got on stick, catch him hair, me yell. Hold him hair till man found." The men who came to her assistance said that the Indian woman acted in a very plucky manner and the man who was dead drunk must have been drowned but for her. She goes by the name of Mary, and lives at Cape Mudge, but at present occupies a tent on the shore.
