

Miramichi and the North Shore etc.

THE ST. MIRAMICHI made her first regular trip to down-river ports yesterday.

RECENTLY—Miss Mabel Hillson and her party had a grand picnic at Campbellton on Tuesday evening.

FIRE AT BATHURST—The roof of Mr. P. Robinson's carriage shop at Bathurst was destroyed by fire last Thursday afternoon.

SHIPPING MATTER—Brown has removed his office to the Habbary building Water St., one door above the new Dominion building.

WORK resumed on the Dominion Public building, Chatham, and it is to be hoped that it will now proceed without interruption until the structure is completed.

PERSONAL—The Montreal Gazette—Hon. Peter Mitchell has so far recovered as to be out on Thursday, and he was heartily congratulated by his friends who met him.

ST. LEON'S CHURCH—The children's service will be held at St. Leon's church next Sabbath morning, when a sermon will be preached by the Pastor suitable for the occasion.

THE NEW LABORATORY—The contract for building the new Laboratory at Fredericton has been awarded to Stewart of Ottawa, whose tender was the lowest—less than \$40,000.

POTATOES—Mr. R. A. Howard, representing a Boston firm, was in Bathurst last week buying up all the potatoes he could get. He paid an average of 75 cents per barrel for them.

ATHLETICS—A large number of Campbellton young men have expressed their willingness to join in forming an athletic club, and negotiations have already been entered into for a club room and gymnasium.

FRUIT CULTURE is more profitable to the farmer now than his other crops. Brown Bros. Co., the most extensive nursery house in Canada, have a variety in this section. Write them at Toronto, Ont., for their terms.

ACKNOWLEDGMENT—Today being the Festival of our Lord's Ascension there will be services in St. Mary's Chapel at 11 a. m. and 7.30 p. m. At 7.20 a. m. and at 11 a. m. there will be celebrations of the Holy Communion.

POLICEMAN RAINSBOTTOM resumed his place on the Chatham force on last night. Town has been well served for two months by policeman Forrest alone and as he is now associated with so good an officer as Rainsbottom the public will be well pleased.

SHORTLAND ST.—Mr. S. Spear, at the Canada House, is open to give lessons in shorthand, bookkeeping, etc. at low rates. Shortland class forming at once—Mr. Spear is an experienced stenographer and teacher.

OUR COURSE—The St. John Globe says—"William Green, a tinsmith, beat his wife's brains out and then cut his own throat at Adams, N. Y. Thursday. He is dead and his wife cannot live."

Medical records show that people invariably die when their brains are beaten out.

THE FAMOUS FISH JUMBLER SINGERS to appear at the Masonic Hall on Saturday night. They continue to appear at other places where they have appeared this season.

First Arrivals

As will be seen in our ship news list the barque Corona was the first to reach port this season, closely followed by Mr. Hutchinson's Armenia. These are the earliest arrivals from sea for a good many years.

Since 1854 the first ocean going vessels to arrive here were the following:—1854—Bk. Tolmach, 623, May 17. 1855—Bk. Greth, 399, May 18. 1856—Bk. Comersant, 597, May 10. 1857—Bk. Atlantis, 1127, May 10. 1858—Bk. Capenhurst, 606, May 1. 1859—Bk. Slavia, 483, May 13. 1860—Bk. S. Monday, 1866, May 12. 1861—Bk. Armenia, 600, May 2. 1862—Bk. Corona, 1123, April 20.

Dental Notice. Dr. R. E. Sullivan, D. D. S., of Boston, begs to inform the people of Chatham and vicinity that he proposes opening dental parlors in Chatham some time during next month and will introduce to the public a well known Hall method for the painless extraction of filling of teeth. Being a dentist of over ten years experience and a graduate of Philadelphia, he comes highly recommended. See card later as to office location.

A Big Fish. Our friend, Mayor Beckwith of Fredericton, who is the only man who ever killed five pound trout in July at Barré Church appears to have had big fishing with a rifle. The Record says:—"Since the days of the Lake Utopia there has not been such a 'giant fish' in the province as that which was taken at Fredericton last Thursday, when it was announced that there was a whale between the bridge. Several boats put out but before reaching the monster, the men became frightened and put back. His Worship brought out his Ballard revolver, and taking a secure stand on the railway, he proceeded to range the intruder with bullets. There were all sorts of tales, and much running to the wares to get the strange animal which was as large as a whale, but the strength of the current occasionally forced to the surface."

Gunsman's Perils. A gunner named Thomas had a narrow escape at Tynish the other day when the ice moved out of the mouth of the Tynish river. Thomas was on the outer edge of the ice field, several square miles in extent, in a gun boat when the ice started and his only chance lay in making for the shore over the ice. The ice was going out at a rate of about 5 miles per hour at the time and he managed to reach the inner water, launch his boat and regain the shore.

Mr. Edward Barnes, of Buctouche, and Mr. James Barnes, contractor, met with a very painful if not serious accident in Buctouche on Monday of last week. The young man left his home early in the morning on a goose shooting expedition. He took with him a Winchester repeating rifle, a seven shooter. He discharged one cartridge, and was in the act of ejecting the shell when a cartridge, which had in some unaccountable way become heated from the breech lock, exploded, the powder flashing into the face of the young man, burning it badly, besides severely injuring one of his eyes. It is anticipated the consequences will not be very serious.

T. M. C. A. The Chatham Association moved into its new home on Tuesday. Furnishing and fitting is going on. The rooms will be opened with a public reception.

The meeting of the young men's association was largely attended by young men. Next Sunday the "young men's meeting" will be held in the new rooms. Efforts will constantly be made to have attractive and interesting meetings each Sunday, and to make the "young men's meeting" the rallying point of the association.

The following new committees were appointed at business meeting following the first class on May night:—Reception Committee, (to manage for the opening reception) D. P. McLaughlin, Jas. Nicol, R. B. Bennett, Amherst, Committee, Mr. Porter, Robert H. Hegan, Alex. McKinnon, Archie Woods. The anniversary of the organization of the association occurs on May 18th. The following ladies were added to the Women's Committee—Mrs. D. T. Johnston, Mrs. Edith Sheaff, Miss Tweedie, Miss Charlotte Ulloch, Miss Clara Loggie, Miss Sadie Gillipie, Miss Ferguson, Mrs. Strang.

The greater part of the gymnasium fittings and apparatus are being made here. They will be put in in a few days and will be practically impossible for the association to purchase the aggressive policy planned by the Executive and Finance committees unless they are able to retain the services of a general secretary. New Glasgow, Pictou, St. Stephen, and others of our Provincial towns, of less population than Chatham, are able to do this because they can keep a man to give his whole time to organizing, planning and caring for the association. Chatham offers exceptional opportunities for such work as is usually undertaken by the Y. M. C. A. We doubt if any town, of the same size, in the province has so many young men on its streets as does our town in the evening. An attractive resort will be conducted and under good auspices, will be appreciated and used by many such young men. In the religious meetings and Bible classes, the music and games, the reading room and circulating library, the educational classes the gymnasium and the social and reception every young man may find something to like and profit.

This work can be made successful, even open to the busy professional man, if he has his special care. This is the work of a general secretary.

Whether or not the Chatham Y. M. C. A. is to have such an officer will depend entirely upon the response given to the solicitation for financial support. Members of the Finance Committee are making a personal canvass of our citizens. The support given them will determine the future policy and work of the association.

What is the Explanation? On Monday of last week a gentleman living in Nelson wrote a letter to the editor of the ADVANCE, which contained some directions in reference to the publication of this paper of the address presented to Rev. Father Wallace by his parishioners of Barabury River. On Wednesday afternoon at five o'clock the letter was delivered by a boy from the World office, together with a copy of the address referred to, and Father Wallace's reply. Both were enclosed in the envelope addressed to the ADVANCE on Monday by the Nelson gentleman referred to and the envelope was securely closed. In the opening of it we found that the address bore marks of having been used in the World office, in which it had been retained until too late for it to appear in last week's ADVANCE. The gentleman who wrote to us says he did not send the matter to the World. If someone else delivered it to that office, it was clearly not the intention that it should be withheld from this office until too late to appear last week. That was, however, what was deliberately done. It is not the first time we have been annoyed by similar trickery—to use a mild term—in the same quarter, and therefore hope our friends will bear care so that every

precaution is taken to have matter intended for this paper sent direct to it in such a way that it may not first fall into the hands of persons who seem to have no little regard for what is right and decent in matters which after all, concern us less than those who may send them. It is commendable for the World to get news, but it ought not to stoop so low in its efforts to retain news personally addressed to the editor of the ADVANCE until it is too late for him to make use of them at the proper time. The matter enclosed in the letter and which we publish, even at this late date, was as follows:—

SUNDAY APR. 22nd 1894. To Rev. E. P. Wallace, R. C. Pastor of Barabury River N. B. Dear Father:—I enclose and gratefully for a devoted pastor, bring in around you for the purpose of giving expression to my feelings before your departure from amongst us.

The stronger the affection for one whom we love and love the greater our sorrow and grief in being severed from his pastoral solicitude and care. For seventy (70) years you have been the "Good Shepherd" of this flock; you have identified yourself with our material and spiritual welfare, and have been a wise adviser and a true friend to all; young and old have been the object of your paternal and affectionate care.

The advancement of our church so ably directed by you, has been the result of your prepared funds, but especially by your zeal and good administration.

Let us have been our first resident pastor makes us feel the more deeply your loss, and the more we regret the expression of our heartfelt gratitude for the many services, temporal and spiritual, you have rendered to us and to our children—the favorite portion of our flock. Accept Dear Father, together with our best wishes for your future success in your new sphere of usefulness, and may you live long—continue the work of the holy ministry in the Lord's vineyard. We are collectively to make a great sacrifice in being deprived of your fatherly ministrations; but we submit respectfully to the will of God and to the will of your parishioners, in the hope that provision will be made for us in an acceptable way. It is in a way that will comfort us in your absence here and hereafter. Dear Father, bless us on our way before you depart; bless our children and bless our homes, and rest assured that your parishioners of Barabury River will ever be true and devoted friends who have so zealously ministered amongst us for the last forty years. May the Almighty direct and protect you through life and reward you in your "eternal home" at the hour of death in the sweet presence of your glorified God.

In reply the reverend gentleman thanked the people for their new and crowning manifestation of their kind feelings towards him, which later he would attribute mostly to their own generous nature than to any merit of his. He referred to his coming amongst them as a "new venture" and was glad to testify to the kind spirit in which they had always given him assistance and received his ministrations. He made it known that his greatest pleasure there and during his three years stay was to be associated with you, in the absence of friction and the more than ordinary harmony and peace that always reigned in their midst. "The fruits of the Spirit are, charity, joy, peace," etc. He would ever retain in his heart as an "invaluable treasure" and would be most happy to revisit them from time to time. Promising to remember them in his prayers he concluded by praying the heavenly Father to bless and ever remain with them.

An Attractive Convention. The Provincial Committee of the Y. M. C. A. of the Maritime provinces announce that by invitation of the St. John's Y. M. C. A., the Twenty-seventh annual convention of that organization will be held in that town, beginning Thursday, June 7th, at 10 a. m., and closing Sunday, June 10th, at 10 a. m. The convention will consist of a secretaries' conference and summer school will be held.

Association and boys' branches will be entitled to representation, colleges are requested to be represented. The names of their faculties and students' classes, and railway associations and clergymen also are invited to the gathering. The St. Stephen association is to provide entertainment for all daily scavenged delegates. The names are forwarded to Lyman W. Archibald, general secretary, St. Stephen, by June 1st. The hotels make special rates for those attending who wish to patronize them at their own expense. The railway and steamboat reductions have been arranged. Among the speakers expected are two representatives of the International Committee, Rev. Arthur Robertson; R. A. Jordan, General Secretary of the Association; Evangelist Meikle; Rev. W. W. Weeks, Moncton; and other prominent workers and Bible students. The music will be a very attractive feature of the programme. J. H. Watson will lead the choir. The convention is expected to be one of the greatest and best yet held by the Maritime Association and will be well worth attending. It is well planned and very profitable way, morally, of spending an early summer holiday time.

Reinborough-Maloney Log Case. A good deal of interest was awakened in Chatham at least, by the report which was tried on Tuesday and Wednesday of last week in Masonic Hall, Chatham, the decision of which was reached by the sheriff's jury just as we were going to press on Wednesday, so that the report in the paper to publish the result only. The plaintiff was Mr. Chas. Reinborough of Bay du Vin, and the defendant Mr. John Maloney of Rogersville. Messrs. Trevelick and Bennett were counsel for plaintiff and E. A. Lester for the defendant. The property in dispute consisted of 280 logs, which had been seized by the sheriff under a writ issued at the plaintiff's instance. The defendant claimed absolute property in them. The issue of the sheriff's court was to determine to whom he should deliver the logs.

Maloney, being the claimant, first presented his case. He claimed to have purchased the logs from one Dan. Barriest of Rogersville on the 18th January, 1894. An agreement for the sale of logs to him entered into on that date, and signed by Dan. Barriest, was put in evidence, and under it Maloney had the logs sawed and marked as his.

Barriest admitted that he and his father, Louis Barriest, had received \$140 from Reinborough prior to entering into this agreement with Maloney but claimed that he had the absolute right to sell the logs to whom he liked.

Maloney himself admitted that he had heard of Reinborough's claim to the logs before he made the arrangement for their purchase from Dan. Barriest, but he claimed that he was told that Louis and Dan, had sold them to Reinborough. Notice had been given to Maloney by Reinborough that he claimed the logs, and not to make further advances on account of them. Maloney, however, continued to make advances, amounting, in all, to about \$87.00.

Reinborough claimed the logs on the ground;—first, under an agreement with Louis Barriest, second, because they were cut on land on which he has a permit to cut from the license, Geo. K. McLeod.

The evidence for Reinborough was, in effect, that in the middle of November 1893 he and his brother, Alexander Reinborough, were cruising in the woods when they met Daniel Barriest cutting logs, who, in answer to their enquiry, stated that the logs were his father's—Louis Barriest—and the land was his; that, though his father would sell the logs and he would receive a discount of 5% will be allowed for cash. Property can be seen on application to the subscriber.

WM. WYSE, Auctioneer. Chatham, 2nd May 1894.

CHATHAM CARRIAGE AND SLEIGH WORKS AND Agricultural Machinery Warerooms.

Mr. Alex. Robinson, Proprietor of the Chatham Carriage and Sleigh Works, has been doing business in Chatham for the past twenty years. His business has increased so much that he has been compelled to enlarge his workshops and warerooms and now has every facility for manufacturing first-class work in every variety of vehicles such as Phaetons, Top-buggies, single and double Wagons, Express Wagons, Lumber Wagons, Delivery Wagons, Slovers, Carts, single and double Sleighs and Pungs and can also make any special kind of vehicle at short notice, and guarantee satisfaction.

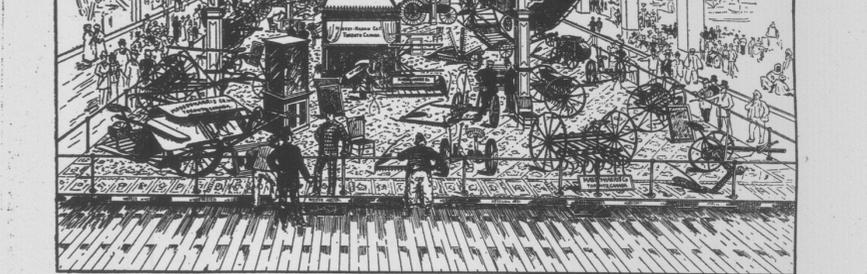

Mr. Robinson having always on hand a supply of seasoned wood and Competent Workmen has special facilities for repairing of all kinds, which will be promptly and satisfactorily done. Paintings and trimmings also executed in a superior manner and in any color and style to suit every customer.

A prominent feature in Mr. Robinson's business is the sale of Farm Machinery and Implements of every description. This year he is making a specialty of the celebrated Massey-Harris Farm Machinery of all kinds, a full stock of which he always keeps in his warerooms, and will also supply any special implement not in stock, at short notice.

Mr. Robinson also keeps constantly on hand all kinds of parts of machinery needed for repairs and any part giving out can be quickly supplied, and the farmer can, with very little loss of time, replace the missing part. He also keeps a large stock of the best Driving Harness, that can be supplied at the very lowest prices.

The Chatham Carriage and Sleigh Works is an establishment well-known in this County and holds the reputation of turning out first-class work both in design, finish, quality of material and perfect workmanship. Mr. Robinson is a thorough practical workman of long experience and gives his personal supervision to all the details of manufacture, and we can with pleasure recommend our readers who want a good carriage or vehicle of any kind at a fair price to patronize the Chatham Carriage and Sleigh Works.

The Agricultural Machinery Wareroom of Mr. Robinson is of especial interest to FARMERS, and anyone requiring the best and most improved implements will find it to their advantage to call on him, who is the only one here who can supply the world-renowned farm implements of the Massey-Harris manufacture. Mr. Robinson informs us that he effects a large saving by not keeping agents travelling through the country. This large item of saving enables him to give such prices and terms that cannot be bettered. And it seems only reasonable to say that it is to the advantage of farmers to patronize Mr. Robinson.

THE MASSEY-HARRIS BUSINESS, CHATHAM, N. B.

Output 1893: 49,737 machines and implements, or very nearly a machine every four minutes for 300 working days of 10 hours. The manufacture of farm machinery has now become one of Canada's largest Industrial Enterprises. Varying nature of the land in different sections of the country, and the variety of the crops grown throughout the Dominion have demanded machines of the highest character, of the greatest strength, and the widest range in capacity. It will thus be readily understood that farm implements that satisfy the needs of Canadian farmers would, with slight adaptation to the needs of foreign countries, soon create a world-wide demand. This has been the case with the productions of MASSEY-HARRIS CO., LTD. and the implements made by them are now known and sold all over the civilized world. To the many foreign visitors who attended the Chicago Exposition, THE EXHIBIT OF MASSEY-HARRIS CO., LTD. WAS A REVELATION, and during the continuance of the Fair and ever since they have had numerous orders from all sections of the globe for their various implements.

Although during the year 1893 the consumption of agricultural implements in Canada was not so large as in 1892, still the output of their various factories for 1893 was considerably greater than for 1892, owing almost entirely to the increase in their foreign trade. The annual consumption of raw materials by them is now enormous, and the continuance of the agricultural implement business as a national industry has become a very important factor in the prosperity of the country.

The greater portion of the raw materials used in the manufacture of Canadian agricultural implements is of home production, and the quantities of pig iron, bar iron, steel, lumber, and the thousand and one other items that comprise raw materials in the production of agricultural implements, makes up figures of great magnitude. Mr. Robinson is to be congratulated on having the agency of the leading agricultural implement manufacturer under the British flag.

STORE TO RENT. The store in the Pierce Block lately occupied by R. M. ... Further information apply to J. J. PIERCE.

HOUSE FOR SALE. The Double Two-Story House on the country lane, is suitable for either two or four tenants. It is situated on the lot of J. J. Pierce, and will be offered for sale at 12 o'clock, noon, in front of the Chatham Post Office. For further information apply to J. J. PIERCE.

LAND FOR SALE. The farm at Oak Point next to Richard Tubert's house, is the best farm, containing about 250 acres of good land, with a large body of water, and is situated in a healthy and fertile section. For further particulars apply to W. S. LOGGIE, Chatham N. B.

We Respectfully Invite You. For further particulars apply to W. S. LOGGIE, Chatham N. B.

Thoroughbred Holstein Bull. PRINCE ROOKER (3 YEARS OLD). For further particulars apply to W. S. LOGGIE, Chatham N. B.
