LOOKING for MO

Most everybody is. It's just like finding money to attend this phenomenal stock reducing sale on Fashionable Footwear. It's just this way : We bought very heavily in the spring of Tan Shoes for men, women and children—bought so largely that we got a special price. We've already sold hundreds of pairs and made a fair profit, and now we're going to clean out the balance and the profit is yours.

ST. STEPHEN.

Further Plans Considered for the Proposed Hospital.

(Clourier Editorial.)

Another step has been taken towards the establishment of the proposed memorial hospital in St. Stephen. The generous gift of the heirs of the Chipman estate has touched the people for whose benefit it was intended, and expressions of approval have been universal. To fully carry into effect the idea of the donors, much work will be necessary, and the determination has been very generally expressed that whatever assistance may be required from the public toward the end sought will be cheerfully given. The spirit of the meetings held in connection with the movement on Tuesday and Wednesday establishes this, and we may look for active effort wherever it is needed until the hospital is thrown open for the reception of patients. It is estimated that a comparatively small sum of money will be required to make the few changes necessary in the building and to fully equip it for the purpose to which it has been devoted. The assurance given by Lady Tilley that she will devote herself to the work until it is fully completed is extremely gratifying, for her experience in connection with the establishment of the Frederictor hearity of the purpose to which it he setablishment of the Frederictor hearity of the purpose to which it he setablishment of the Frederictor hearity of the Production with the establishment of the Production here. The saling dory certainty to become a most popular type. For some time it has been a favorite at Boston, and is some intentive type. For some time it has been a favorite at Boston, and it specificate to become a most popular type. For some time it has been a favorite at Boston, and is some time it produced and received with great favorite at Boston, and is aboston models and nest produced and received with great favorite at Boston, and it specificate to become a most popular type. For some time it h gratifying, for her experience in con-nection with the establishment of the Fredericton hospital must prove in-valuable. And the readiness expressed by the people to assist her in every possible way is a guarantee that the work will be successfully carried out.

WANTED.—A case of Headache that RUMFORT Powders will not cure in from ten to twenty minutes.

MALL SALMON.

The said that there are now—or were on Sunday last—no less than five moose on Beaubair's Island. Three of them, a cow and two calves, havebeen there since spring, the calves having been dropped there. On Saturday last two others were seen in the river and one of them was entangled in Thos. Power's salmon net a short distance above the bridge. Getting clear, both animals went down to Wilson's Point, swam the Tickle and took refuge on the island, where it is to be hoped they, together with the others, will reward a finer stock. That's company the same that is to the public wharf on the Nelson shore, but returned without landing.—Chatham advance. MOOSE ON BEAUBAIR'S ISLAND.
