N. B. LEGISLATURE.

FREDERICTON, April 12.—In the house today on the order of the day being called, Mr. Clark resumed his critcism of the public accounts. He said: printing, which in 1889 and under all the different heads, reached the sum of \$11,645. Of this sum about \$7,000 was paid to the Queen's Printer, and one of the reasons urged by the Hon. Mr. Mitchell for abolishing that office was that it would save fifty per cent, of this sum. Let us compare the print-ing of 1889 with the past three years. In 1901 we expended \$18,130; in 1902 the total was \$17,923, and in 1903, \$19,245, or an average of \$18,334. Hon. Mr. Pugsley-Do you think it
