This Week and Average Act, which has just come into operation, places the appointment of the Commissioners, in the Common Council and Sessions—two in the former and one in the latter. The chairman will be appointed by the Council, and will have a salary of £500 per annum. There will be a special session on Wednesday next, for the purpose of making the appointments of one Commissioner, and that of a Harbour Master for Indian Town.—*C. Witness.*

New Publications.—We have received No. 20 of "Life and Times of the late Duke of Wellington," from Mr. Hunter, Agent, Market Square.

The Act relating to Jurors has been received the details of which we shall publish next issue.

A Nova Scotian means Senatorial.—It is said that our fellow townsman Mr. George Cassidy, the successful exhibitor of a Panorama of the Mississippi River, we'll remember it in this City, has been for some time past engaged in sketching views of the scenery, &c., at Sebastopol and vicinity, for the purpose of getting up a mammoth panorama of that renowned locality. From Mr. Cassidy's known abilities in the Panorama line, the public may expect a splendid work of art, and such is the world-wide interest attached to the operations before Sebastopol, that the spirited proprietor of the expected Panorama cannot fail to realize an independent fortune by exhibiting it. —*Nova Scotian.*

Intrepid.—A Dublin Paper, of the 17th March, states :—"The lightness of the calendar in every part of the country during the present assizes is a fact of the most gratifying character."

In Albany, the Aldermen act as Police Justices, and when any of their friends happen to be brought up they receive an immediate discharge, without any questions asked.

PULMONARY CONSUMPTION

Has until within a few years, been generally considered INCURABLE, although many medical men of the highest standing, among whom we might mention Laennec and his friend Bayle—both distinguished authors, admit that this much dreaded disease may be cured, even in its advanced stages when the lungs are not completely disorganized. The remedy which we now offer,

Wistar's Balsam of Wild Cherry,

not only emanates from a regular Physician, but has been well tested in all complaints for which it is recommended. A Physician in Maine says :

"I have recommended the use of Dr. Wistar's Balsam of Wild Cherry for diseases of the lungs for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases where it was thought confirmed Consumption had taken place, the Wild Cherry effected a cure."

From the Boston Daily Bee, March 28th, 1849.

A CURE FOR COUGH.—Are you afflicted with that distressing annoyance, get rid of it. You have only to procure a bottle of Dr. Wistar's Wild Cherry Balsam to ensure this. It seldom fails when taken in season to effect a cure, and always relieves even the worst cases of diseased lungs. Many physicians recommend it to their patients, and speak of it in the highest terms in letters to the proprietor, citing cases of cures where other means had failed.

Holloway's Pills, the most celebrated Remedy in the World for the cure of diseases of the Liver and Stomach.—Edmund Algar, of Niagara, was for the period of nineteen years a complete misery to himself, and a burden to his friends, he suffered so severely and continually from liver complaint, and a disordered stomach, that he was constantly for weeks together confined to his bed, the doctors did him no good, and he therefore left off consulting them. Nine weeks ago he commenced using Holloway's Pills, and his wife called last week at the store of Professor Holloway, to acknowledge most gratefully that her husband is quite cured. Professor Holloway, hopes that the thousand others who have been benefited will now come forward.
