REXTON

Rexton, Feb. 27.—A very interesting marriage took place at the home of Mr. and Mrs. John McWilliam, Mundeville, Wednesday afternoon, when their third daughter Miss Maude was united in marriage to Robert McLaughlin, second son of Mr. and Mrs. James L. Girvan of West Galloway. The ceremony was performed in the presence of a large number of invited guests by Rev. G. S. Gardner, pastor of the Presbyterian Church of this town. The bride looked very pretty in a gown of white satin with net over dress and wearing a cap and veil. She was attended by her sister, Miss Alice, who was attired in pale blue silk. The groom was supported by his cousin, Harry Girvan.

After the ceremony a bountiful supper was served with vocal and instrumental music, after which Mr. and Mrs. Girvan drove to their future home in West Galloway.

Mrs. A. B. Carson has returned from a visit to friends in Buctouche and Moncton.

WHAT DYSPETICS SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vitality which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try the use of food which is pleasant to you may like, in moderate amount, taking immediately afterward a teaspoonful of bisulphate of magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphate of magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food, it removes the source of the acid irritation which inflames the delicate stomach lining. It does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphate of magnesia from a druggist, eat what you want at your next meal, but take some of the bisulphate of magnesia as directed above, and see if I'm not right."
