estern Ontario School Athletes Repeat Baltimore Triumph at Home---Varsity Beat Soo 13--3

BY BUD FISHER

Huge Crowds See Big Dual Meet At Armories Saturday Night-Moody of St. Thomas Outstanding Star of the Whole Night With Three Firsts-Western "U" Lost To Varsity Basketball Five.

West Ontario athletes at the armories Saturday night repeated their triumph over the Baltimore scholastic indoor track team, with five points to the good on a 41-36 final reckoning, in a meet that made anything of the kind attempted pefore in the city's history, and especially in track events

sink into anaemic insignificance. Moody, the little St. Thomas sprinter, who made the journey to Baltimore as an additional man, but who did not get placed in the events there, came back Saturday night the outstanding star of the meet, shoving in three first, all against fresh men, as his remarkable share in an allor ound wonderful performance on the part of the Western Ontario representatives Baltimore sent their best—their performance attested to that, and the best they had from 1,500 boys, under constant professional coaching—but natural and almost untutored athletic ability breasted the tapes a witner.

i,500 boys, under constant professional coaching—but natural and almost untutored athletic ability breasted the tapes a winner.

The armorles was packed as tightly as it could be packed and still leave room for the athletes, with a crowd that started out to spend a two hours of unenthusiastic watching and twenty minutes of yawns with a cheer here and there, but events moved so fast and the finishes had them so tense, that they shortly turned into a howling neck-craning mob—a splendid tribute in themselves to success of Western University Athletic Association's venture in the huge undertaking of consolidating the ondary schools of Western Ontario into one big in centre for school athletes on the one hand, and on the can't raising intellectual standards with widespread competition in literary fields.

Western University and Varsity basketball teams with their intercollegiate fixture, which went to the Blue and White five on a 36-22 score, was the final effort of the night that made the meet the wonderful success it was.

The Western Ontario athletes, by taking the 55-yard. 880-yard, 220-yard and broad jump, put themselves beyond the reach of the Baltimore cracks. Moody's performance in the 220-yard sprint, furnished the best thrill of the evening, when he threw off the whole crowd just yards from the tape. A. Adams, the Brantford boy, who did well in the spring meet, clinched things with his win in the jump, with a 9-foot 4%-inch story by the tape line.

Here the program was suspended while Mayor Little presented the relay team members with medals, engraved with the city of Loi don. coat-of-arms as a token of London's appreciation of their work in Baltimore in breaking with the city of Loi don. coat-of-arms as a token of London's appreciation of their work in Baltimore in breaking the sprinter, and a ring to Professor Mel Brock, to whose powers of organiza-

out, both fives making an equal number of misses. Varsity scored baskets that made them look either awfully accurate on the baskets or very lucky, and passed well. Western couldn't break away to shoot, but McGeoch scored three times from defence to offset the attack failure of the forwards. The half score ended 22—18.

Western did much the best work in the last half, but repeatedly missed shots after working well in. Varsity contended themselves with shooting from away out, and the breaks were with them at the longer ranges, even more than they were ter, and a ring to Professor Mel Brock, to whose powers of organiza tion and unfailing energy, his worship attributed the whole idea of these meets and the subsequent success they

had attained?

Professor Brock repiled for the team members and received a tremendous evation from the crowd.

The mile and the mile relay events, the last two events, went to the visitors, although Cade, the St. Marys boy, kept Western's lead respectable by getting a second place in the mile.

In this affair Baltimore had two out in front until the eleventh lap, when Stevens came up to relieve Cade, sticking right to his heels, slightly ahead in the bunch that made second place the only thing not sure about the finish. He/had feet to spare at the tape.

Relay Team Patched.

The mile relay, the feature event of the card, found Moody and Cade unable to go any further, and the team lined up: Galloway, Adams, Nunan and Jenkins. It ceased to be the feature event after Galloway, in his sprint, had left Adams with a ten-foot margin arainst Zellinski, the second Yank. Zellinski stretched the Baltimore lead to a good 30 feet, and the best Nunan could do was held W. Whiteford to it. W. Whiteford never faltered in his turn, although Jenkins gained ten feet in the first lap and threatened in a 40-foot sprint in the second lap to cut it down still more. The Baltimore lad got some of it back in the last lap and finished in 3:45.

WESTERN BEATEN.

Western U. failed to make it a tie group, when they lost to Varsity, 36—22. After Western had scored twice in the opening minutes, Varsity drew even and then ahead, and were never caught for the rest of the game.

Baltimore Team Won At Hamilton, Claim

The Baltimore team went back to Hamilton yesterday. Saturday night after the meet they claimed to have split even on their Canadian tour, and that they really had a two point victory in Hamilton.

"They put the pole-vault among the even's down there," said one of the team members, "although our officials had told them that we would be unable to enter the event because of the fact that pole-vaulting is barred by the Maryland State Athletic Commission. Naturally they won all the places in the vault, giving them eight points, and six points' margin on the total." total."
At any rate, the visitors exexpressed themselves as well pleased with the treatment extended to them here, both from the citizens and the Western Athletic Association, in the matter of adjustments about the events on the program.

They were a fine, clean bunch of athletes, and London would welcome more indoor meets of

Neither Vitt nor Pinelli ever was quiet unless the heavy hand of Morpheus bore thim down, and then it was a tough job to subdue Oscar. For it was conceded that Vitt could snore louder and in more languages than anybody in the big leagues since "Hub" Hart left the White Sox some years ago.
