### TRIBES JOIN PRETENDER.

#### SULTAN'S TROOPS SELLING ARMS AND AMMUNITION.

Rebels Reported Victorious in a Recent Battle-The Sultan May Abandon Fez.

Madrid, Jan. 13.-A despatch from Meilla, Morocco, announces that all the Kabyle tribes of the Taza region have joined the pretender. The Sultan's troops, it is added, are absolutely undisciplined, and are selling their arms and ammunition to the pretender, who pays high prices for them.

Paris, Jan. 13.-A despatch to the Journal from Tangier says a Moorish courier, who left Fez January 7, brings news of a battle between the Sultan's troops and the rebels, in which the former were defeated. The Sultan has made known his intention, according to the correspondent, of abandoning Fez, and taking refuge at Rabat, where he will establish his capital. A letter received from Fez says the foreign Consuls there have left for Rabat or Casablanca.

London, Jan. 13.-Letters received in London from missionaries at Fez, dated December 30, say there was little anxiety at that time for the safety of the foreigners, even in the event of the pretender entering Fez. The pretender, the missionaries say, has too much wisdom to slay the foreigners, and simply will convey them out of the territory. He is described as a strong man, and exerts his authority wisely.

Jews at Fez have received letters from friends in Fez saying that part of the country is safe and quiet under the pretender, and that their taxes have been greatly reduced. The Sultan's forces at Fez are said to be demoralized by defeat, and the followers of the pretender assert that, although the Imperial forces tried again and again to kill their opponents, their bullets "turned into water." The pretender's strategy has quite outwitted the Sultan's Generals.

Messengers have been sent to Mequinez to bring to Fez two missionaries who are there.

#### INUMAN TREATMENT.

Husband Was Chained Up in a Dilapidated Barn and Fed Like a Dog.

Washington, D.C., Jan. 13.-Mrs. Susan B. Beers, wife of John Beers of Good Springs, Franklin Township, her son, Elijah Beers, and a hired man, Frank Gordon, were arraigned here charged with inhuman treatment of the woman's husband. It is charged that among other cruelties practised on the man, who is sixty years old, the prisoners used to chain him up in a dilapidated barn and leave him for days in such a position that he was compelled to get on his hands and knees in order to eat the scanty food that was thrown to him on the barn floor. The prisoners pleaded not guilty, and were remanded for trial until January 21.

#### INCREASE IN RATES.

Railways Give Reasons For Their Action.

Washington, Jan. 13.-The Lake Shore & Michigan Southern, the Michigan Central, the Baltimore & Ohio, and the Norfolk & Western Railroads have filed with the interstate commerce commission their answers to the request of the commission for reasons for the increase in freight rates on grain, packing house products, dressed meats and other articles. The B. & O. Railroad cites the large increases in taxation as one reason, and also says it must spend almost \$12,000,000 in needed additions to its equipments. The Michigan Central says its reasons are great increase in the cost of maintaining and operating its road, consequent on the increase in wages of its employees already made, and additional increases which it is likely to be required to make in the near future, and the increase in the cost of materials and large increase in taxes. The road says that during the year ending June 30, 1902, approximately \$588,000 was paid for rebates and other commissions allowed from the published rates. The other answers are along the same line.

#### BRITISH PREMIER ILL.

Condition Not Serious, but He Must Be Careful.

London, Jan. 13.-Premier Balfour is again confined to his house with a feverish chill, and has been obliged to cancel all his engagements for the present. His illness is by no means of a serious nature, and it was not thought necessary last night to issue a bulletin. The Prime Minister has, however, a rather delicate constitution, and his medical advisers have decided that he will require to rest for some time in order to insure complete recovery.

#### Spars Used For Fuel.

Queensdown, Jan. 12.-Having burned all of her coal supply and every available piece of wood on the ship for fuel with which to make steam, the Leyland Line steamer Mexican, in command of Captain Parker, and 24 days out from New Orleans bound for London, reached this port late to-day to obtain a sufficient supply of coal to enable her to reach her destination. Capt. Parker reports that extremely severe weather was encountered in mid-Atlantic, and his vessel's coal bunkers became exhausted four days ago. Since that time a quantity of timber, all the vessel's spars, her derricks and all wood-work which could be spared was burned.

#### Ell Hyman's Estate.

Toronto, Jan. 13.-The National Trust Company yesterday filed in the Surrogate Court an inventory of the estate of the late Ell Hyman, showing a total value of \$83,064.58.

### INCREASE THE OUTPUT.

Mitchell's Plea to All the Mine Workers.

Philadelphia, Jan. 13.-President Mitchell of the United Mine Workers' Union last night issued the following circular letter to all local unions in the anthracite district: "Gentlemen,-You are no doubt aware that a serious coal famine exists in all the eastern and seaboard cities, due to the shortage of the anthracite coal supply. The situation has reached an acute stage, and has resulted in great suffering and hardship to the poor of the cities whose earnings are insufficient to enable them to pay the excessive prices now being charged for fuel, and it is subjecting the general public to great inconvenience. To relieve the situation and alleviate as far as possible the suffering now being endured is the duty of every one connected with the production of coal. With this end in view we are prompted to address this communication to all members of our union, and request that they co-operate with the management of the mines in an effort to increase the production of coal. The gravity of the situation is such as to require that every mine worker shall exert himself, and use every means at his command to this end. Upon reading this communication in the columns of daily papers, local unions should hold meetings and devise means whereby the daily output of the mines may be increased. These efforts should be increased until the weather moderates and the great necessity for fuel shall have passed."

#### FOR EX-QUEEN LIL.

Senate Committee Recommends Generous Treatment.

Washington, Jan. 13.-The Senate Committee on Porto Rico and the Pacific Islands finds that Queen Liliuokalani of Hawaii has no personal interest in the Crown lands which have been claimed for her, but only as official interest during her reign. Such interest would have entitled her to the title of the lands, and the committee finds that from the time of the overthrow in 1893 to September 1 last the rental would have amounted to \$32,378. In view of all the circumstances the committee recommends "as an act, both of justice and national grace and wisdom, that the Senate consider with favor, on the lines indicated in this report, the claim of the late Queen Liliuokalani, now a loyal private citizen of the United States, and make such reasonable provision for her as the facts here presented may seem to justify."

The condition of affairs in the leper settlement on the island of Molokai excites the liveliest interest. The committee made a quite thorough inquiry concerning this settlement, which is under territorial control, with the result that it recommends that the management of the colony be transferred to the Marine Hospital Service, with headquarters in Washington, and that a general leprosy or retreat for all the lepers of the United States be established on the island.

#### THE FATAL CROSSING.

Freight Train Crashes Into a Funeral Cortege.

Batavia, N.Y., Jan. 13.-A freight train on the Canandaigua branch of the New York Central crashed into a sleigh containing five persons at a grade crossing a short distance east of Stafford yesterday. Of the five occupants of the sleigh one received injuries that caused death a few hours later, two others were so seriously injured that their death is momentarily expected, and two were seriously injured. They are all members of the family of L. J. Mott. A second sleigh which followed close behind was overturned by being brought to a sudden stop to escape running into the train. Four persons in the second vehicle were injured, but not seriously. The dead - John Mott, nineteen years old. Fatally injured - Lemuel Mott, aged eleven, skull fractured in several places, death momentarily expected; Mrs. Lena Mott, spine broken, no hopes entertained for her recovery; Kate Mott, daughter of Mrs. Mott, severe shock; K. J. Mott, bruises and severe shock. The two sleighs were part of a funeral procession. A severe storm was raging at the time, and apparently no one in the Mott sleigh, which was a covered affair, heard the approaching train. The air was full of fine snow, and it was impossible to see more than 200 yds. by the railroad track. Part of the funeral procession passed safely over the tracks before the Mott sleigh was struck. The crash and the cries of the injured warned the next sleigh, but none too soon, for the driver was forced to stop so suddenly that all the occupants of the sleigh were hurled into the ditch.

#### GRAND TRUNK DIVIDENDS.

The Third Preference Holders Are Hopeful.

London, Jan. 13.-It is stated that the Grand Trunk Railway Board of Directors, in view of the bumper traffic receipts, intend to show a little less conservatism regarding dividends. Indeed the third preference holders are hoping to again enter the dividend list for the second half of 1902, probably receiving a dividend of from 1 to 1½ per cent. A shareholder, writing to The Financial Times, says that if the Grand Trunk directors propose to support financially the Grand Trunk Pacific project, the shareholders must oppose it in every legitimate way. He says the commitment of the Grand Trunk to such a tremendous new engagement would be like reverting to the Tyler regime.

#### DE LONVAYS SEPARATED.

Former Crown Princess and Her Husband Part.

Vienna, Jan. 12.-Serious differences, according to Die Zeit, have arisen between the Count and Countess de Lonyay (formerly the Crown Princess Stephanie) during their stay in the south of France. The Count is reported to have suddenly left his wife, and to have given no intimation of his whereabouts. The nature of the alleged differences has not developed. The Crown Princess of Austria-Hungary, widow of the Archduke Rudolf, and a daughter of King Leopold of Belgium, was married in 1900 to Count de Lonyay, was a popular diplomat.

The Associated Press has found the story published in Die Zeit to be true. The Count left his wife at Mentone January 7th, and his present whereabouts is not known. Friends of the Count assert that in addition to difficulties in his financial affairs, the Count has found his position in society as the husband of the former Crown Princess of Austria-Hungary to be exceedingly uncomfortable and unpleasant. That the Count will seek to obtain a divorce is regarded as by no means improbable. The disagreement between the couple has long been evident, and it is believed pecuniary troubles underlie the affair. As a widow the former Crown Princess enjoyed an income of \$125,000, and had free residence at the Imperial Palace, and the use of carriages and servants. It is rumored that the couple married in the belief that Emperor Francis Joseph and King Leopold together would contribute handsomely to their maintenance. In this, however, they were disappointed. The Emperor gave the Countess de Lonyay \$25,000 a year only, while King Leopold stopped her former allowance of \$10,000 a year. The Countess consequently tried to meet all the expenses of maintaining her household with less than one-fifth of her former income, and found the task impossible. She used the influence of her daughter, Archduchess Elizabeth Marie, who is a favorite with the Austrian Emperor, to secure additional money and to obtain permission to reside in one of the Imperial palaces, where she was out of reach of her creditors. She was granted the use of the palace at Hetzendorf, near Vienna, but this privilege expired upon the marriage of her daughter to the Prince Von Windischgratz January 3, 1902.
