

Society Dress Hints

The only correct dress for gentlemen for social functions occurring after 6 o'clock is the full dress suit.

There is but one exception permissible, that is in the Tuxedo or dinner coat; these may be worn at theatres and stag dinner parties respectively. The Inverness is still quite the thing for an easy top coat or cloak to be worn over dress suits.

The Paletot-Nominal top coat is a most stylish afternoon promenade coat, while the frock suit is the vogue for before dinner events.

THE Globe, of Saturday, January 27th, gives a cut of ten gold-bricks produced from the Mikado mine, Lake of the Woods district, in December. The bricks are 967 ounces in weight, each ounce averaging in value about \$14, thus representing a net value of about \$13,538, and are the result of a 28 days' run of a 20-stamp mill.

It is our pleasing duty, says the Petrolia Topic, to inform our readers, that, through Mr. H. P. Chamberlain, the price of crude oil has been advanced five cents since our last quotation, thus placing Petrolia and Oil Springs receipts at \$1.73 and \$1.77, respectively. On Friday a rise of three cents took place, and on Tuesday the other two cents were added. The popular general manager of the Imperial Oil Co. is certainly making himself solid with the producer.

THE oldest grocery house in Windsor was the firm of Smith & Duck. Some years ago they dissolved partnership, and J. M. Duck continued the business until March last, when Frank Hutton was admitted a partner. Since then the business was done under the style of Duck & Hutton. It was supposed that the latter had invested \$1,500, cash. Previous to this partnership Mr. Duck showed a surplus of \$4,000 over liabilities of \$6,700. Evidently they have been trying to do too much business with their limited capital, and an assignment has followed.—It is nearly six years since James F. Doyle began tailoring in Hamilton, and never made any money. Now he too assigns.
