CAN'T DOWN THE CO-OPERATIVE KNITTING CO.

In these days of "trusts" or "combines" vast and unscrupulous methods are employed, which crush out competition and wreak dire hardship upon the citizens of Canada. It is a very infrequent occurrence that a company is so financially situated that they can repulse a large combination or trust. Capital is not only required; but the co-operation of employees, workers and citizens is necessary. These the Co-Operative Knitting Company, of Toronto, have to back them against the vicious and unprincipled attacks of the Hosiery Trust, capitalized for \$30,000,000. The method of employing home workers to knit socks and stockings, as explained in this advertisement of the Co-Operative Knitting Company, is so successful and is meeting with such hearty commendation by hundreds of honest families who are working or arranging to begin work, that the "Trusts" have thus far been unable to dislodge the company in its invulnerable position in the confidence of the public or impair its reputation for reliability, responsibility and honesty, or to impede its business operations in any manner. The Co-Operative Knitting Company is to-day stronger and better than ever.

## OUR METHOD OF DOING BUSINESS.

We wish to secure the services of families to do knitting for us in their homes. Our method is the same as adopted in England. We are the introducers of this plan and the largest knitting concern in Canada.

After long experimenting we have been able to produce an Automatic Machine by which all kinds of SEAMLESS knitting is now done by Our Family Machine, thereby enabling anyone of ordinary intelligence to quickly learn to do the work from the Instruction Guide. All we require is that you use the machine according to directions. The Machine being made expressly for this purpose, and the operation so simple, it cannot possibly make a mistake in its work.

The great demand now is for Bicycle Stockings, Woodmen's Socks and Motormen's Mittens; and as we are unable to supply the demand, have taken this method of advertising for more help.

The large export trade to Northwest Territories, B. Columbia, and the British Colonies furnishes an unlimited demand for our goods; and, with the combined co-operation of the many families we are employing, together with the large amount of knitting we are able to turn out, by which we save rents, insurance, interest on capital, etc., enable us to undersell any manufacturers of this class of goods, and we have sale for all the knitting we can have turned out.

The price we pay for finished bicycle stockings is \$10.00 per hundred, or at the rate of 10c. per pair; woodmen's socks, 5c.; and motormen's mittens, 12c. a pair. All other work in proportion to size.

The machine can be operated by any one of a family, and at our price any energetic family should be able to sustain themselves comfortably, and in time be a source of independent comfort.

Our plan is to send out each machine to beginners with a sock or stocking partially knitted, and remaining in the machine ready to be continued, and also enough yarn to knit one pair of sample socks or stockings, and a simple and complete Instruction Guide, showing how the work is to be done. When the samples have been finished and returned to us satisfactory, we send a quantity of yarn, which you knit and return likewise when finished. We prepay charges on all work one way, and our workers pay return charges. The work, as we have stated, is simple and rapidly done, the machine having a capacity of ten thousand stitches a minute. We have many persons now in our employ who can knit from twenty-five to thirty pairs of socks or stockings a day; and where the time of a family is devoted to the work, you can readily see that \$15.00 or \$20.00 per week can be easily earned.

We furnish our workers all the materials, yarn, etc., free, and everything that is necessary for the work. We are furnishing the machines only for the exclusive use of those desiring to take employment with us, who must, in order to become a member, send us this Contract Order Form, properly signed by them and at least one good reference, and remittance accordingly, to give us the necessary assurance that the quantities of valuable yarn we may send from time to time will not be wasted or misappropriated. Our interests are mutual and this confidence must be established if we are to succeed. We guarantee fair dealing and prompt payment for work, so do not ask us to deviate from our terms, as we cannot make a distinction with one and not another; besides we are doing an extensive business and must be governed by business principles.

The manufactured price of the machine is \$20 and positively will not be sold to any other than those who will agree to do knitting for us. To such we are giving a discount of 25 per cent., making the price net \$15.00, covering cost of manufacture, etc., expecting to derive a profit from the productions of the machines and labor of our employees.

If at any time after you commence and have done an amount of work equal to the purchase price, and wish to discontinue, we will take back machine, and refund the amount paid for same, after deducting cost of our expense only.

There is a Large Demand by the Trade for this class of work. Our workers can depend upon it year after year, and if you engage with us (whole or spare time) we will keep you supplied with work as long as you do it satisfactorily for us and return it promptly. We entrust our workers with large quantities of valuable yarn, and as we give references as to our honesty and integrity, we must ask you to do the same, in order that we may know with whom we are dealing.

We have, in as brief a manner as possible, endeavored to show you what our work is; and we simply say as to the machine, it is just what we represent it to be, and will positively do everything we claim for it, or refund the money. Each machine, securely packed with an outfit, is set up for work, thoroughly tested, and a sock or stocking partially knitted before boxing and shipping. Should you decide to engage with us, it will be necessary to send us Cash Contract Order Form, properly

signed by you and at least one good reference, together with the remittance accordingly, upon receipt of which we will forward machine and outfit ready to commence.

Respectfully yours,

### Co-Operative Knitting Co.

If you wish to examine the machine and see the material before undertaking the work, you can do so by sending \$3.00 as a guarantee of good faith, and to defray expense of shipping and we will send everything to your nearest express company, leaving a balance of twelve dollars to pay the agent and 25 cents for the return charges on the money to us.

We are so frequently and unnecessarily asked if one can learn to knit without a teacher. We say, yes; it requires no teacher; any person of ordinary intelligence who can read the Instruction Guide can learn to knit at once.
