

difference between land and a Gumbo as there
is no Gumbo on this place. I have had the
Board send out a private individual rhyback
to be but I doubt it. to value the place
and he passes it the same as the other
appraisers. The owner only asks \$2.500.
which he paid for it and the Board offer
only \$2.000 which the owner refuses to take.
The whole trouble I think is the owner isn't
a land speculator and they wouldn't
be any dispute over the price. I am asking
you as a gentleman to write Mr
Gordon of S. S. B. Edmonton Branch
personally using your influence to
try and put this deal through. I am
a returned soldier and I want to farm
the dirt for myself as it is the only
left and I don't see why they should be
any dispute over \$5000.00. do you want
buy any place round here for that price.
I feel sure you can assist me to get
the S. S. B. to buy this place. which means
a whole lot to me. Now the winter will
soon be here, as I am a strong Benesatul
and they are going to go strike in this
Province at the first election. I am sure
to hear from you at an early date &
Oblig.

Yours Obedient Servant
