REPORT OF THE BUDGET COMMITTEE

Your Budget Committee has started work studying the 1932 budgets and is anxious to learn from the Board of Directors as soon as possible the amount of money which can be made available for distribution.

The Budget Committee wishes to call the attention of the Board of Directors to the need of a home for aged individuals, or aged couples, who are unable to contribute towards their support.

The Budget Committee has also had its attention called to the fact that in the City of London, Ontario, the Old Age Pensions allowance has been reduced from \$20. to \$15. per month where two pensioners are living together.
