

under open arrest if they saw him
 come in. I then went to the two nearest
 Cafes and the accused was not there.
 I came back to the Salvage tents again,
 looked once more and he was not here.
 This would be approx 2000 hrs. I then
 walked in the recreation ^{rooms} - looked around
 to see the fellows tea was being served.
 I was around until 2300 hrs with
 Sgt McMillan but I did not see the
 accused. While I was looking for
 the accused and calling him I
 looked all over our area. It was
 only about 250 yds by 100 yds.

When I went into the accused's room I
 didn't know the adjoining ~~door~~ was
 there. It is possible that the accused
 could have gone from ^{the adjoining room to} his own room
 while I was walking around to this
 adjoining room. Sgt McMillan
 did not report to me that the accused
 was in bed at 0100 hrs the next morning.
 I did not check the accused's room
 at 1955 hrs when I returned. The accused
 was not instructed to report at any
 given time or place for duty. My voice
 was loud enough to be heard anywhere
 in camp. ~~the accused was not~~
~~seen in the building of the~~
~~accused's room.~~
