IN YOUR REPLY REFER TO  
No. I/10.  
ALSO  
TO DATE OF THIS LETTER.

Sir,—

When Mr Ashdown Green was recently in this agency surveying lands allotted to the Indians by the Royal Commission on Indian Affairs for B.C. he shewed me a list of locations proposed to be given to the Indians of this agency.

It was noted that certain lands had not been allotted as mentioned later and attention was drawn to your honorable selves with regard to the matter and it was recommended that the matter be submitted in writing.

With regard to the application of the TANAKTEUK Band for a reserve at Anwatti the application was fully endorsed and recommended by the agent. This place has been an Indian settlement for many years and has Indian houses erected thereon which are occupied and have been occupied certain portions of every year.

*10 acres*

It is on the north or west shore of Knight Inlet and on the official blue print is marked Gravel Point, while on the Admiralty charts it is marked Grave point. It is covered by Timber Limit 6465P. Owing to the fact of its being an old Indian settlement it is not considered that any injustice would be done to the owners of this limit as they must have known that the Indian houses were on it when making application for the lands. The houses are on the water front in the only available anchorage in that section of the country. +

The Secretary

Royal Commission on Indian Affairs.

Victoria.
