

RETAIN THE COURT HOUSE SQUARE

On the 20th day of July the Art Historical and Scientific Association of Vancouver addressed a circular letter to a number of representative organizations in the city, asking their views with regard to the proposed retention of the old Court House Square for public purposes. This was followed by other circulars from the Association to the same effect. A great many replies were received and all the organizations appealed to strongly favored the project, in nearly every case by unanimous resolutions. As it is important that these resolutions should be placed before the public in convenient form, the Art Historical Association decided to print the original circular letter with the various replies received up to date. The list is not complete as further resolutions are being adopted and sent to the Association almost daily.

November 30th, 1908.

F. C. WADE,

President A. H. and S. Association.

H. J. DeFOREST,

Secretary.
