

- Peritoneum, metastases in, from adenocarcinoma of uterus, 408
 from squamous-celled carcinoma of cervix, 399
 secondary sarcoma of, 234
- Peritonitis as cause of death after abdominal hysteromyectomy, 673-676
 myomectomy, 553
 bisection of uterus for myoma, 683
 encysted, suggesting a full bladder with myoma, 371
- Peritonitis, pelvic, after abdominal myomectomy, 552
 with abscess formation, with myoma, 344
 tuberculous, associated with myoma, 464
- Phlebitis after abdominal hysteromyectomy, 665, 666, 667
 myomectomy, 555
 vaginal myomectomy, 579
- Phleboliths in vaginal wall with myoma, 440
- Pleura, metastases in, from adenocarcinoma of uterus, 408, 414
 from squamous-celled carcinoma of cervix, 399
 probable metastases in, from myosarcoma of uterus, 193, 234
- Pleurisy, acute, with sloughing submucous myoma, 422
 after abdominal hysteromyectomy, 667
 myomectomy, 554
- Pneumonia after abdominal hysteromyectomy, 669, 682
 myomectomy, 555
- Polypi of cervical mucosa with myoma, 298
 uterine, associated with myoma, 325, 328, 329
- Pregnancy, abdominal, myoma and, differentiation, 473-477
 myomectomy during, 528, 529, 530, 531, 538
 after abdominal myomectomy, 566-568
 after vaginal myomectomy, 587
 changes in myoma due to, 645
 complicated by large cervical myoma, 532
- Pregnancy, cornual, rupture of, myoma and, differentiation, 477
 disappearance of myoma after, 646
 extra-uterine, myoma and, differentiation, 477
 fatal abdominal myomectomy in case of, 538
 interstitial, rupture of, myoma and, 477
 myoma and, 459, 467, 507, 643, 648
 ruptured cornual or interstitial, simulating myoma, 477
 tubal, and myoma, 342
- Pressure on ureters by myomata, 381
 pains with myoma, 448
 symptoms with submucous myoma, 572
- Prolapse of rectum with myoma, 391
 of uterus associated with myoma, 460
- Pruritus ani associated with myoma, 446
 vulvae associated with myoma, 444
- Pulmonary abscess after abdominal hysteromyomectomy, 669, 682
 embolism as cause of death after abdominal hysteromyomectomy, 680, 684
- Pulse after abdominal hysteromyomectomy, 656
 myomectomy, 545, 546
 vaginal myomectomy, 578
- Pus, escape of, from urethra, after abdominal myomectomy, 550
 in uterine cavity with myoma, 310
- Pyelonephrosis with myoma, 397
- Pyometra associated with myoma, 310
- Pyonephrosis with necrotic myoma, 423
- Pyosalpinx associated with myoma, 338, 340, 396
- RAW areas, covering of, after abdominal hysteromyomectomy, 619
- Rectal diverticula, rupture of, myoma and, 500
 tears, 387
 tenesmus after abdominal hysteromyomectomy, 659
- Rectum and myoma, adhesions between, 386
 carcinoma of, associated with myoma, 417
 displacement of, upward, by myoma, 386
 injury to, during hysteromyomectomy, 387, 390
 perforation of, after hysterectomy for myoma, 390
 prolapse of, with myoma, 391
- Recurrent fibroids, 178, 179, 252, 586
 relation of, to myosarcoma, 178
- Renal colic with myoma, 466
 insufficiency, 451
 lesions, abdominal hysteromyomectomy in patients suffering from, 625
- Resection of sigmoid flexure and removal of myoma, 389
- Respiration, effect of myoma on, 450
- Retention cysts in kidney, 427
 of urine after abdominal hysteromyomectomy, 657
 with myoma, 376
- Retraction of umbilicus with myoma, 461
- Retroperitoneal development of myoma, 631
 sarcoma, myoma and, differentiation, 501
- Round ligaments, adenomyoma of, 364
 altered relations of, 361
 as tense bands with myoma, 362
