BOOK REVIEW.

Any book reviewed in this department may
be ordered through this office.

FOURTH ANNUAL REPORT CANADIAN FORESTRY ASSOCIATION.

The Canadian Forestry Association is
a comparatively new organization, which
has just issued its fourth annual report.
In it is contained reports from the
different provinces upon the conditions of
forestry in each. The objects of the
Association are: The preservation of the
forests for their influence on climate,
fertility and water supply; the explora-
tion of the public domain and the reser-
vation for timber production of lands
unsuited for agriculture; the promotion
of judicious methods in dealing with
forests and woodlands; re-afforestation
where advisable; tree planting on the
plains and on streets and highways; the
collection and dissemination of infor-
mation bearing on the forestry problem in
general.

The Association has given no room to
the exploitations of fads or theories,
but has made an honest effort to ap-
proach the great problem of national
forestry in a thorough, businesslike
method. The fifth annual meeting will
be held in Toronto on March 11th and
12th.

The Association is engaged in a work
of national importance, in which every
citizen of the Dominion has a direct in-
terest. If you are not a member of
the Association, your membership is
earnestly solicited. The annual dues
are \$1. The life membership fee is \$10.
Applications for membership should be
addressed to the treasurer, R. H. Camp-
bell, Ottawa, Ont.

GOSSIP.

Senator Sullivan of New York was
recently a guest at a banquet of home-
opathic physicians. During the evening
the usual toasts were drunk. To
the health of "the ladies," of "the
President," of "Hahnemann, the father
of homeopathy," and many other persons
and subjects, glasses were drained, and
then the toastmaster remarked that Sena-
tor Sullivan had not yet responded to a
toast.

"Senator Sullivan," he said, rising,
"has not yet been heard from. He
will now kindly propose a health."

The Senator arose and beamed upon
the assemblage of physicians.

"I propose," he said, "the health of
the sick."

Mortalia, a horse for which Millionaire
Featherstone paid \$7,500, as a yearling,
is said to be now doing duty in a de-
livery wagon in Lexington, Ky. He
is an own brother to the great Henry of
Navarre, and ran third to The Parader
and the mighty Commando in the Real-
ization stakes in 1901. Trainer Julius
Bauer at one time thought the now
despised delivery horse was destined to
be as brilliant a performer as his famous
brother, but the chestnut son of Knight
of Ellerslie and Moss Rose never made
good. To reduce the stable he was sold
for a mere song and met the fate above
noted, certainly an untimely end for such
a valuable early racing product.

TRADE NOTE.

EVERY-DAY SURPRISE.—Every day,
somehow, somewhere, some horseman in-
vests (for the first time in his life) in a
bottle of Absorbine. He buys it
against his own judgment, for he is
sure it is only another of those "pat-
ent fakes." He uses it according to di-
rections. And lo! he discovers, to his
great amazement, that the stuff is taking
effect; that there is less inflammation,
less soreness, the horse is going better;
the pun, or bunch, or swelling, is going
down, and when he is thoroughly con-
vinced, he sits down and writes us a
letter like what follows:
Vicksburg, Miss., Nov. 1, 1898.
Dear Sir,—Please send me another
bottle of your Absorbine. It has
worked wonders on my horse, and I
would not do without it.
Julius Lefoldt.

SHARPLES TUBULAR FARM CREAM SEPARATORS

A lot of people make
separators, and all
are made with the
bucket bowl except-
ing one—

The Tubular.

There is but one Tubular type of separa-
tor and we make that. Our competitors
cannot make it because our patents pre-
vent. They have to make the old style
bucket bowl or none at all. The Tubular
is a great improvement, and it is just a
question whether you want this improved
machine or one of the old style bucket
bowl machines. Write for free catalog 193.
