SOMETHING NEW. The Marvel Copyist

A WONDERFUL INVENTION.

The PAPHYROGRAPH and ELECTRIC PEN Superseded.

No Copying Press required.—Most simple Process invented. Instant Reproduction without Press or Damp.

Clergymen Enabled to Vastly Multiply their Usefulness.

Over two hundred copies of Church Reports, Pastoral and other Letters, Sunday School Lessons, Prayer-meeting Topics, Circulars, Plans, Drawings, Specifications, Music, etc. in one, or more colors if desired, at one operation. This process can be repeated for any number of thousands of copies.

Copies can be made on any kind of Paper with or without preparation, and can also be made on Muslin, Linen, Leather, Silk, Wood, etc.

HOW IT CAN GREATLY SERVE THE PREACHER.

There are scores of ways in which a clergyman will find this invention of the greatest service to him. It is important that the annual report of his labors, or that the treasurer's or secretary's report, or the report of some committee be placed in the hands of all members; in five minutes a child can take 100 or more copies from the original writing, or a heavy printer's bill is saved. Often a pastor will find it of great value to address personal letters to each member; in five minutes a pastor can prepare in a few minutes. Also programmes and tickets of monthly concerts or entertainments, the topics for prayer-meetings, etc. etc.; additional copies (a score or two if desired) of a sermon or newspaper article which he wishes to write, tracts for distribution through his neighborhood, invitations to attend his services, all can be done quickly and neatly through this wonderful discovery.

The whole method is simplicity itself. We deem this method, after examination and use in our office, as far preferable to either the PAPHYROGRAPH or ELECTRIC PEN, or any other of the class of duplicating processes. Its weight is less than 4 pounds. There is nothing about it liable to get out of order. The whole process is perfectly clean.

OUR PAPHYROGRAPH OFFER WITHDRAWN.

We have been astonished at the simplicity, cheapness and efficiency of this new invention, and as it will accomplish with one-tenth the trouble and one-sixth the expense the work of the Papyrograph, we withdraw our offer, made last month, in favor of this new invention.

ORDER AT ONCE, AS THE PRICE WILL PROBABLY BE ADVANCED.

There is a conflict between rival manufacturers for the patent for the process. This rivalry has run the price down to \$5.00. As soon, however, as the right to the patent will be determined, the successful claimant will most likely advance the price, as he will then hold a monopoly.

BEWARE OF IMITATIONS ALREADY IN THE MARKET.

Directions for Use.

Write the article to be copied on any kind of paper with the prepared ink. Let it dry without blotting.

Place the writing, ink side downward, on the pad, press it lightly with the hand so that all parts touch the pad and let it remain five minutes, then remove carefully and an impression will remain on the pad. Place the paper to be printed on the pad, smooth lightly with the hand and a copy is made. This repeat to the extent of the number of copies desired.

PRICE ONLY \$5.00.

This price includes Ink, Sponge and Pad; every thing necessary for work.

I. K. FUNK & CO., NEW YORK.

The copy may be ordered through the METHODIST Book Room, Halifax. A few have been received and are offered at the New York price.

AURALINE FOR DEAFNESS

Deafness often creeps on so gradually and insensibly that suddenly we find ourselves deprived of hearing before we are aware of it. There are causes which in many cases, if not all, can be removed. AURALINE will do it. A few drops in the ear or occasionally in all that is required. Sold by all druggists at 60c. per bottle. Send for Circulars. J. F. A'FERY, P.O. Drawer 16, Halifax, N.S.
