A Safety Buoy

For your guidance, should be the experience of others. Bright business fellows usually regard these signals--**THEY PROFIT BY THEM.** Merchants doing business in the old way--by use of pass books, will assure you that their losses are no inconsiderable sum, that in the rush and hurry of selling many items are omitted, and very often throughout the year such losses are occasioned that the results measurably affect the profits. Perhaps this very leak may have occasioned the shrinkage in **YOUR** profits last year.

With Allison's Coupon Books mistakes are impossible. There are never any losses through failure to charge goods--**THEY EFFECTUALLY BLOCK THE LEAKS.** Easy to use, and like this:

IF A MAN WANTS CREDIT

For \$10, give him a \$10 **ALLISON COUPON BOOK**, charge him with \$10 and there you are. No trouble at all. If he buys a plug of tobacco for 10 cents, just tear off a ten-cent coupon--that's all, and so on for all his purchases up to limit of the book. No Pass Book. No Writing. No Time Lost. No Kicking. There are other Coupon Books, of course, but why not have the best? Let us send you a free sample.
