

72 Years Old, But Actively On Job

Railroad Man Attributes Good Health and Strength to Tanlac.

Seventy-two years of age, but still in possession of the priceless boon of good health and actively on the job with the Central Vermont Railroad, where he has worked for 40 years, is the remarkable record of H. H. Moore, 24 Messenger St., Albans, Vt., who attributes his present health and strength to the use of TANLAC.

"I have never in my life seen the equal of TANLAC," said Mr. Moore recently. "After spending a lot of

money on things that proved worthless for stomach trouble of the most obstinate kind, TANLAC made me feel like an entirely different man. For nearly two years I had been gradually getting worse, and my strength and vitality had got so low it was hard for me to attend to my duties. Indigestion, constipation, and nervousness made life miserable before I found TANLAC, but now my health is normal and I feel happy as I work. I shall always be grateful to TANLAC."

TANLAC is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

New Record Set by Sun Life of Canada.

Evidence of widespread prosperity is afforded by the statement published by the Sun Life Assurance Company of Canada covering its transactions for the year 1923. This Company, which is international in its character, operating in over fifty countries, reports substantial advances in all departments.

Of particular public interest is the fact that no fewer than 318,443 policyholders are assured under ordinary contracts issued by the Company, while in addition 22,781 employees of a great diversity of industries are protected under Group Insurance policies.

The business in force at December 31st last reached the tremendous total of \$703,765,243, showing an increase for the year of \$72,360,373. The new business written during the year amounted to \$119,804,657, the policies actually issued and paid for being 35,975, for a total of \$107,391,256. During the year the payments to policyholders and their beneficiaries in respect to Death Claims, Matured Endowments, Profits, etc., amounted to \$22,145,979, bringing the total so paid since the organization of the Company to \$151,916,489. This amount exceeds the total business in force with the Company fourteen years ago, and affords stirring testimony to the degree in which its function is being fulfilled.

Profits paid or allotted to policyholders reached the amount of \$4,417,068. After setting aside \$3,500,000 for unforeseen contingencies, the net surplus over all liabilities and capital stock advanced by \$3,603,447 to \$17,872,868.

The record is one in which the Directors of the Company express their own satisfaction—a sentiment which will be widely shared. It is interesting to note that the Company, in order to facilitate the constant quest for new business, and to maintain the high standard of service to which they have accustomed their policyholders, have established a number of new divisions during the past year, and have further developments of a similar character in contemplation.

Why the Joneses Bought the Car They Did.

Because the salesman laughed at Mr. Jones' jokes.

Told Mrs. Jones she couldn't have a daughter that old.

Told Susie she looked like Mary Pickford.

Told Willie Jones he had a build like Dempsey.

Said the Jones baby took after both parents.

And only smiled when the Jones pup nipped him.

EASY TRICKS No. 328 False Magic

For the amateur trickster, practical jokes are very useful. They enable him to effectively turn the subject when some inquisitive spectator wants to know the secret of one of his pet tricks. They are useful in silencing that annoying individual who is only too ready to tell how every trick is done.

A good stunt is to tell a spectator that if he will clasp his hands according to your directions and will utter certain magical words he will be unable to leave the room without unclasping his hands. This is done by causing the victim to clasp his hands around a piano leg.

Another stunt is to ask a spectator to select any card he likes from the pack. Make the selection of it as complicated as possible and add all of the details possible. Put the victim to a lot of trouble, making notes, counting cards, etc. When the victim has paid for exposing your pet trick, say to him:

"What card did you select?"
He will give the name of the card and you will say, solemnly: "That is correct."
Then go on with another trick hoping that the victim will not resent the practical joke too much.

THE REASON FOR ALUMINUM.

Because tea deteriorates very rapidly if exposed to air many tests and experiments have been made to find an efficient means of packing it so as to preserve the flavor. The "SALADA" Tea Company first used lead packages but some years ago adopted aluminum foil, aluminum being more durable and lighter than lead, besides, of course, being absolutely sanitary and air-tight. This method of packing is admitted to be the most effective known to preserve the flavor of tea. All "SALADA" is sold in air-tight aluminum packages.

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and disease symptoms when their real trouble is lack of iron in the blood. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

NUXATED IRON

is an eminent physician's best blood prescription, standardized. It is recommended for all anemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."—Mrs. ELMER A. RITCHIE, 82 Rodney St., West St. John, N. B.
