

HAIR HELP... So many persons have hair that is stubborn and dull. It won't grow. What's the reason? Hair needs help just as anything else does at times. The roots require feeding. When hair stops growing it loses its luster. It looks dead. AYE'S HAIR VIGOR acts almost instantly on such hair. It awakens new life in the hair bulbs. The effect is astonishing. Your hair grows, becomes thicker, and all dandruff is removed. And the original color of early life is restored to faded or gray hair. This is always the case.

Hantsport A mass missionary meeting will be held at Aberdeen Beach to-morrow afternoon, to meet the outgoing missionaries. Miss Putnam teacher of the school at Woodside, Kings Co. was in Hantsport Sunday and Monday visiting friends. The death of Dr. J. S. Miller one of the best known physicians in Kings county took place at Canjing on Friday. Burial services were held on Sunday. The band concert at Aberdeen Beach on the 27th was well attended. The 68th band furnished good music. Mr. Shaw's concert was much appreciated. Rev H T DeWolfe took the service in the Baptist church last Sunday. His evening discourse was a particularly able and interesting sermon. Miss Lela Lockhart returned to Boston last week. She will take a course of piano instruction under the direction of Mrs. H. E. Clements. St. John Sun: Capt. A. C. Davison of Hantsport assumed command of the Battle liner 'Platea' now loading hay here for South Africa. Capt. Parly who has had the Platea for some time, takes the new steamer Sellasia. Hornets build their nests high when instinct tells them that they must do so or run the risk of being smothered by the snow. This fall they are building near the ground and the farmers anticipate an open winter.—P. E. Island Farmer. It looks as if the Yankees would like to fall back on their old boat the Columbia to defend the cup. The 'latter has repeatedly beaten the new yacht the Constitution. The Shamrock II is giving the Yankees a good scare and may sail off with the trophy. Monday being Labor Day two of the horses in town, not wishing to work on a public holiday, went on a strike, or in other words, ran away. W C Balcom's horse started the fun, we believe. Running down Main St he collided with J H Pullen's milk team, which vehicle soon got under way in a lively manner, distributing milk gratuitously. Both teams were badly broken up before the horse's celebration was over, and the run-ways stopped. Following are some of the teachers of schools in Kings County for this term: Somerset, Miss Annie Bishop and Mrs M Kelley; Weston, Miss Cassie Herd; Walsford, Miss E Jordan; Morristown, Miss Rena Loomer; Sandhill, Miss Lela Nichols; Nicholville, Miss Naomi Nichols; Rockland, Miss Florence Bentley; Waterville, J Willis Margeson; Weston, Miss Jessie Young; Windermer, Mrs Harry Jones; South Berwick, Miss E Nichols; Harborville, Mr. Stephen Douglas; Burlington, Miss Beatrice Brown; Coldbrook, Miss Lottie Chute; Cambridge, Miss Alberta Webster; Woodville, Mr. Burgess and Miss Cora Parish. The Special Attraction Committee of the Halifax Exhibition have closed engagements for a number of novel and interesting attractions including Paul Boyton and Holloway's celebrated diving horses. These animals have been exhibited for two years at the Crystal Palace, London. They were at Coney Island all last season, and will go to Paris for the coming winter. Their sagacity is simply wonderful and has excited the admiration and wonder of the American people to an extent never before known with any other animal act. Altogether the special attractions will be superior to anything ever introduced in Nova Scotia. Only the finest class of talent has been engaged and a treat is in store for those who have an opportunity of witnessing the feats to be performed. The runaway which occurred here Monday morning was one of the most remarkable we ever heard of. W. C. Balcom's horse, Topsy's Baby, was standing near Mr. Balcom's house, attached to a wagon. The animal for some reason started and ran away. Taking the road to the town, it ran into a telephone pole, demolishing the top of the wagon and running with the wheels. Near J. T. Pulsifer's residence, the horse collided with Pullen's milk team, in which was seated little Allie Davison. In some way Mr. Balcom's horse got the covered top of the milk wagon on its back, and the two horses, thoroughly frightened, turned down William street, presenting the funny spectacle of the milk team horse running along at full speed, with reins in top of milk wagon which was perched on the back of Mr. Balcom's Topsy—a regular tandem. The child hung on for dear life and when the top fell off near Mr. Sweet's shop managed to escape without injury. The horses kept on and were stopped near the wharf. Ward's Liment Cures Colds etc.

SUCH A CHANGE. Not only in feelings but in looks. The skin is clear, the eyes are bright, the cheeks are plump. No more pain and misery, no more sick headache, no more jaundice. What worked the change? Dr. Pierce's Golden Medical Discovery, which cured the disease of the stomach that prevented proper nutrition, and also cleansed the clogged and sluggish liver. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of lungs, heart, liver, and other organs which seem remote from the stomach because many of these diseases have their cause in a diseased condition of the stomach involving the allied organs of digestion and nutrition. "I sent you a letter about a year ago," writes Mrs. J. Ellis Hamilton, of Burlington, N. S., "telling me to use Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription'—a bottle of each. I used three of each, and feel like a new woman. Don't suffer any pain or misery any more. Before using your medicines I suffered all the time—bad jaundice, caused from food not digesting properly. I would have sick headache three or four times a week. Could not do the work myself. I commenced using your medicines as recommended for liver complaint, and thank I am cured now. I asked our doctor if he could cure me, and he said he could give me medicine to help me but the trouble might return any time. I doctored three years without any relief. Haven't had sick headache since I took the first bottle of your medicine." Dr. Pierce's Pellets cure constipation.

HANTSPOURT

Rev J A Handley of Amherst, will preach in the Baptist church here next Sunday. Burton Beazley of Halifax, spent Sunday and Monday in town, the guest of his brother, Gabriel Beazley. On Wednesday last Harry E. Wilson, druggist of Winsor, was one of the principal guests at a very happy event which took place at the home of Mr. and Mrs. Thomas Leake, at Ridgeway street, Wollaston, Mass, the other being Miss Flora L. Leake, daughter of the above named—Halifax Herald. The Baptist Sunday School of this place held their annual picnic at Lyon's Mill, Upper Palmouth, last Saturday. A large number went in big teams, returning in the evening. A splendid time was enjoyed. Swings were put up and with feasting and other accompaniments and amusements the day passed very pleasantly. Harold Parker, of this town, who with others went west on the harvest excursion, has employment in a store for a few weeks. After that he will go into the wheat fields. When the harvest is over, he will return to his job in the store where he has secured steady employment. The other men who went from here have also secured work.

QUESTIONS FOR WOMEN Are you weak? nervous, irritable, easily worried and fatigued? Do you dread your daily work and feel like letting your duties go undone? Dr. Chase's Nerve Food will restore your nervous system and send the thrill of new life and energy through the body. It is above all a woman's medicine, as its invigorating influence of the nerves insures regularity in the functions of the bodily organs. The Lunenburg Progress tells the full story:— Constable Starratt went to Chester on Friday last to arrest a man, John Logan, for fraud. He has been in the county for the past few months more trading Mr. A. H. Ward traded with him, and before doing so asked if there was anything against the animal. He replied "No," and the trade took place. Shortly afterwards a man, L. O. Neily of Aylesford, came to Bridgewater and claimed the horse from Mr. Ward, under a bill of sale. Papers were at once taken out and the constable went to Chester on Friday and brought Logan back on the S. S. Trusty and locked him up. The preliminary examination took place yesterday before Justice Simonson, who sent him to Supreme Court for trial.

PERSONALS

Miss Marjorie Elder entertained a few friends at her home on Avon street Thursday evening in honor of her guests, Miss Elder of Brooklyn, N. Y. and Mrs Stevenson, of Waterville, Me. Corn-roasting, games, etc. were the order of the evening. Refreshments were served and a delightful evening passed. J. F. Smith of Truro spent last week in town. He left on Saturday to take the principalship of the school at Mahone Bay, where they have a staff of five teachers. Miss Salter who has been the guest of Mrs McCulloch returned to Boston on Monday. The family of Capt John Toye left on Saturday for Alameda, California, where they will reside. Mrs W E Bligh, of Truro, who has been spending some weeks with her mother, Mrs Andrews, has returned from Burlington, where they spent part of their holidays with relatives and friends. Mrs S E Woodward, who has been enjoying a few weeks stay in Walton, spent Friday in town, returning to her home in Lynn, Mass. Among the recent social events was a charming lawn party given by Mrs C Coalfield. The evening was perfect and the time passed quickly with tennis, croquet and other games. The guests left at eight o'clock, all grateful to Mrs C for a very pleasant evening.

Colored Misery

Little Lou:—Mah mammy wants ter know ef yo' got any stylish color-dyes. Drug Clerk:—What does she want it for? Little Lou:—She done got de misery in her stumck, an' de doctors say she must diet; an' she says, if she has ter dy it, she want it some han'some color.—Judge.

A TRUE BRAIN FOOD

must replace the feeling of lassitude and mental tiredness by clearness and strength of mind. Not that it goes directly to the brain, that were foolish. The true brain food must be carried by rich, red blood. If mental fatigue worries and alarms you, look not to the brain, but the stomach and assimilative organs. No remedy yet discovered possesses the marvelous brain strengthening power that Ferrozone has demonstrated in thousands of cases. Ferrozone does not stimulate the brain into a fitful glow, but by improving digestion, strengthening the nervous system, stimulating assimilation, giving new strength to the heart, it sends a stream of red vitalizing blood to the brain. Thus it is a true brain food. Ferrozone is sold by Geo. C. McDougall.

Burlington

Aug. 26th.—School opened on Monday Aug. 19th with Miss Cutten for principal and Miss Mosher as teacher in the primary department. Through some misunderstanding a little delay was caused in getting a primary teacher, but "all is well that ends well." Mr. Oscar Sanford has finished the painting on the house of Capt. J. Liswell after a long and tedious job. Quite an improvement has been made in the looks of the house and premises. Capt. Mann is repairing the fence in front of his house and store and we understand intends painting his buildings this season. Misses Cassie and Arabella McLean of Windsor were visitors in Burlington last week. We notice the smiling countenance of Miss Maggie Reynolds among us once more, being the guests of Miss Bertie Sanford. Mr. Rupert Reynolds of Hilford arrived home from the United States, but too late to attend the funeral of his father, Mr. John Reynolds. Mr. Hibbert Sanford is having some painting done on the inside of his house. Mr. Chas. Wilcox, M.P.P. and Mr. A. S. Sanford are to be the Conservative candidates to contest the coming election.

Another Boston built yacht, the famed Endymion, built at South Boston in 1890, has just established a new sail yacht record across the Atlantic from Halifax, N. S. She made the trip across in 12 days.

WHY BABIES CRY

Some Useful Hints to Mothers on the Care of Little Ones

Babies cry because they are sick or in pain, and in almost every case the sickness or pain is caused by some disorder of the stomach or bowels. Fermentation and decomposition of the food produce a host of infantile troubles, such as griping, colic, constipation, diarrhoea, simple fever, indigestion, etc. Proper digestion of the food is necessary to the maintenance of life, and evacuation of used up products and refuse of digestion is necessary to health. The lesson to mothers is, therefore, that the stomach and bowels should be carefully watched, and if baby cries, or is frowly or cross, some simple vegetable remedy should be given. Mothers should never resort to the so-called soothing preparations to quiet baby, as they invariably contain stupefying opiates. Baby's Own Tablets will be found an ideal medicine. They gently move the bowels, aid digestion and promote sound, healthy sleep, thus bringing happiness to both mother and child. They are guaranteed to contain no poisonous soothing stuff, and may be given with absolute safety (dissolved in water if necessary) to children of all ages from earliest infancy, with an assurance that they will probably cure all their minor ailments. For the benefit of other mothers, Mrs. Alex. Lafave, Copper Cliff, Ont., says:—I would advise all mothers to keep Baby's Own Tablets in the house at all times. When I began giving them to my baby he was badly constipated, and always cross. He is now four months old, has not been troubled with constipation since I gave him the Tablets, and he is now always happy and good natured. Mothers with cross children will easily appreciate such a change. I enclose 50 cents for two more boxes of the Tablets, and will never be without them in the house while I have children. Baby's Own Tablets are sold by druggists or will be sent by mail, post paid, at 50 cents a box, by addressing the Dr. Williams' Medicine Co., Dept. T., Brockville, Ont.

Cheverie

August 26th.—Our village was quite lively on Tuesday evening, 20th, with the noise of horns and guns in honor of Dr. Moore and his bride. On their arrival at the hotel, a large number of his friends were there to welcome him, and the evening was passed pleasantly indeed. Ice cream and cake being served, the party bid Dr. and Mrs. Moore good night with best wishes for their future happiness. Mr. Starratt Burgess, wife and two children of Montana, are paying a visit to his father, after an absence of three years. Capt. I. J. Dexter has about completed his new Post office; it is indeed an improvement to the place. Mrs. Henry Macumber and son, Ernest left on Thursday to visit her eldest son, Everett, who resides in Arlington. She expects to be absent two weeks. Her daughter Sadie, who has been away from home is at home keeping house for her mother. Mrs. A. Lockhart and two children are paying a visit to friends in Amherst and St. John. Garnet.

CORRESPONDENCE

Dear Sir,—At a meeting of the Executive Committee of the Maritime Stock Breeders' Association at Amherst, Friday evening, 23rd, at which the Dominion Live Stock Commissioner, Mr. Hodson, was present, it was decided to hold the Maritime Winter Fair, combining a fat stock show, block test, dairy test and poultry show at Amherst on the 17th, 18th and 19th of December. Over \$2000 will be offered in prizes. The prize list, somewhat revised and added to since its first publication, will be shortly republished. Every evening during the show the Maritime Breeders' Association will hold a public meeting in the Town Hall when the best Live Stock authorities on the continent will give addresses. The annual business meeting of the Association will be held on Thursday morning. The lectures on the beef and pork carcasses and poultry will be given on Thursday afternoon, and the show will close at 10.30 p. m. that night. Most dealers are invited to write W. W. Hubbard, Secretary Maritime Breeders' Association, Halifax, as to the number of fat cattle, etc., to be offered at the show before arranging to send outside the provinces for their Christmas beef. Yours very truly, W. W. HUBBARD, Secretary.

Cook's Cotton Root Compound

It is successfully used monthly by over 7,000,000 ladies. Safe, effective. Laxative. Four druggists for Cook's Cotton Root Compound.
