Everett Crowell, of Yarmouth Bar while trying to start a gasoline engine last Saturday, by sucking the gasoline through the hose, filled his throat and lungs full of the fluid and fumes. Dr. Williamson was called to attend to the sufferer.

STRENUOUS WORK
SOON TELLS ON YOU
Business Men and Breadwinners the Victims of Nervous Exhaustion

When worry is added to overwork men soon become the victims of nervous exhaustion—neurasthenia—the doctor calls it. Some have no reserve strength in their systems to bear the strain; others overtax what strength they have. If you find that you are nervous and not sure of yourself, that you sleep badly, and wake up tired and aching, your nerves are out of order. Other signs are inability to take proper interest in your work; your appetite is feeble; your back feels weak, and you are greatly depressed in spirits. One or more of these signs mean that you should take prompt steps to stop mischief by nourishing the nerves with the food they thrive on, namely the rich, red blood made by Dr. Williams' Pink Pills. These pills have cured thousands of cases of nervous disorders, including nervous prostration, neuralgia, St. Vitus dance and partial paralysis. Here is an example, Mr. P. H. Callan, a well known business man in Coleman, P.E.I., says: "I owe my present health, if not life itself, to Dr. Williams' Pink Pills. I had always been an active man, and when I began to run down in health paid little attention to it as I thought it was only temporary weakness. As time passed, however, I found myself growing worse, and consulted a doctor, who said that I was not only badly run down, but that my nervous system was badly shattered. I lost flesh, my appetite was poor, I slept badly and notwithstanding the doctor's treatment grew so weak that I had to leave my business and was confined to the house. Time went on and I was steadily growing weaker, and my friends were all greatly alarmed for my condition. In this condition I was strongly recommended to try Dr. Williams' Pink Pills, and as the doctor's medicine was not helping me I decided to do so. By the time I had used three boxes I could tell that they were helping me. When I had taken eight boxes of the pills I felt able to attend to my business again, and people were surprised to see me out. I continued the use of the pills until I had taken twelve boxes, by which time I was feeling as well as ever I did, and was being congratulated by all my friends on my full restoration to health. I feel now that if I had used Dr. Williams' Pink Pills at the outset I would not only have saved much money spent in doctor's bills, but would have had renewed health sooner. I cannot speak too highly of this medicine, and would recommend it to every man who feels weak, nervous or run down."

You can get these pills through any medicine dealer, or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar's White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

NEW PEACE PROPOSALS
Copenhagen, May 7, via London, May 8—There is still talk in Berlin according to advices received here, that Germany will make new peace proposals this week. There is no definite basis apparent for the rumor, though the convocation of the Bundesrat Committee on Foreign Affairs perhaps may be confirmatory of them.

NEPONSET TWIN SHINGLES

THE crushed slate surface of Neponset Twin Shingles—dull Red, or dark Green, gives the handsome appearance of best slate to the roof—increases the fire-resistance and adds extra years to the long life of the shingle. In the one year since they were introduced into Canada they have been used on some of the finest homes from coast to coast.

NEARLY SIX THOUSAND HUNS CAPTURED BY THE FRENCH
PARIS, May 5—A brilliant success for the French arms is recorded in the official communication issued by the War Office tonight. An important French advance has been made against powerful opposition along the road from Soissons to Laon, over an extent of nearly four miles. French troops have captured all the plateau in the neighborhood of Cerny and Craonne, and the hills dominating the valley of the Ailette River. The number of prisoners captured was 4,300, in addition to the 1,000 taken yesterday.

SEVEN GERMAN BALLOONS SHOT DOWN BY BRITISH
(Special Cable to the Daily Echo.)
With the British Armies in the Field, May 8—Seven British aeroplanes today shot down seven German balloons in a resumption of a vigorous aerial offensive by British fliers. The weather was clear and especially favorable for fighting in the clouds. Three of the German balloons were set afire by incendiary shells, while far aloft, and fell flaming to the ground. Two more were struck down by British planes, while hovering close over the German lines. In the case of the other two, the British airmen careless of anti-aircraft gun fire slipped up to the hangar and dropped explosives on the "sausages" not yet loosed for flight.
Fighting was still going on violently today around Bullecourt at the time this despatch was sent. The Germans were vigorously assaulting that portion of the Hindenburg Line, held by British troops. On the southwest border of the village itself big bodies of Germans were massed in the southwest of the village for the attack, but has so far proved fruitless. During last night a violent German counter thrust at a British sector northeast of Fresnoy succeeded in gaining the enemy, a little ground but despite the superiority of the attackers in numbers they did not attain the evident object which was the ousting of the British from the trenches.

Big Decrease in Shps Sunk
London, May 8th.—A substantial decrease in the number of sinkings by submarines in the past week will be shown in the forthcoming weekly report of shipping losses. In fact, it is stated, the report will show the smallest losses in the past three weeks.
No reason is given out in the official sources for this, but it is plainly intimated that considerable progress has been made in the anti-submarine campaign. There is no guarantee that the weekly losses will not again assume alarming proportions, but the fact that they have been substantially reduced is very encouraging to those in charge of the campaign, and it is believed that the new measures to combat the under-water craft are already showing gratifying results.
