

With Acknowledgments to Luke Fildes, R.A.

To every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save" let him consider to what extent he

would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

Sheep Pay Best of all Live Stock in Nova Scotia

High Prices for Wool and Mutton are assured for some years AFTER THE WAR Now is THE TIME TO INCREASE Nova Scotia Flocks. Keep Your Ewe Lambs

If you have more than you need induce your neighbours to purchase them for breeding purposes. Do not sell them to the butcher unless you cannot help it.

1918 legislation requires the compulsory taxation of every dog in Nova Scotia and provides for payment of compensation to owners of sheep destroyed by dogs, the owners of which are not known. Now let every farmer who can, help meet war demands by keeping sheep.

The Nova Scotia Department of Agriculture in co-operation with the Live Stock Division of the Dominion Department of Agriculture, announce the following policies.

- 1.—Several hundred selected grade ewe lambs have been purchased and will be sold at cost to bona fide sheep breeders wishing to secure them.
- 2.—The Departments will pay transportation on these ewe lambs from place of purchase to destination.
- 3.—If parties wishing to secure ewe lambs for breeding purpose will write the Nova Scotia Department of Agriculture, Truro, they will get advice relative to price and other particulars. If all lambs already secured are disposed of, an effort will be made to purchase more. Get orders in early, as later prices may be higher.
- 4.—The Live Stock Division of the Federal Department of Agriculture will assist as heretofore the distribution of pure bred rams.

- 5.—To supplement the distribution of pure bred rams, the Provincial Department of Agriculture will secure and ship at cost, high class unregistered ram lambs at slightly higher than butcher prices.

6.—Mr. S. A. Logan, in charge of Sheep Extension Work of the Nova Scotia Department of Agriculture will, as far as possible, call on parties wishing help with their sheep flocks or requiring further information in regard to the increasing of their flocks.
