LATEST FIGURES.

The Liberal Majority Over Conservatives and Independents

May Amount to 40—South Perth in Doubt—Manitoba Conservative.

The Conservative majority in Ontario continues to increase, and by the time the official returns are declared may reach 26. Complete returns from both well show that Clancy, Conservative, is elected by a majority of 136 over Gordon, the Liberal Mayor of Wallaceburg. This increases the Conservatives' majority to 22.

From present appearance it looks also as though Pritham, the Conservative candidate, has won a notable victory in South Perth, in defeating Erb, the Liberal member in the last House, by about 20 votes. Up to yesterday the riding had been conceded to Mr. Erb by a majority of 20. Later returns show that at Sebringville Erb's majority was only 36 instead of 45 as at first supposed, while in Uxbridge township it is stated that fully 30 more votes should be counted for Pritham. If these figures are correct, the Conservatives win the seat by 19. The official count will take place next week.

With only twelve places to hear from the majority for George McCormick, in Muskoka, is 138, and his election is assured. The standing of the parties:

	Con.	Lib.	Ind.
Ontario.....	55	33	2
Quebec.....	8	36	—
Nova Scotia.....	5	15	—

Liberal majority over all—40.

CLOSE TO SHORE.

A Terrible Tragedy Took Place at Southampton.

Fishermen Could Talk to Their Wives on the Beach but Could Not Escape the Waves.

Southampton, November 10.—Peter Zettie, Peter Devine, Frank Pike and George Samuel, Vary went out in a seine boat to lift some gill-nets situated between two islands near the mouth of the St. Lawrence river, fifteen miles from Southampton, Thursday morning last. These men were skilled boatmen, and against the advice of their friends, they went out to battle with the elements. The men had hauled in some of the nets, the waves mounting, washing into the boat, when another wave came and upset the boat, throwing them into the water. The men climbed upon the overturned boat, but the nets and seine, used for an anchor, held the boat fast and would not allow it to drift to the shore, only a few rods distance. Devine was the first to be washed off and drowned, then a minute later Pike followed, and, knowing what the end must be he called back to the remaining pair to look after his wife and Vary, once they were at home in the water under ordinary circumstances time and time again went down and tried to free the boat from its moorings by the aid of a knife. So short was the distance from the overturned boat to land that Vary could hear his wife calling to him and make himself heard in reply, yet no assistance could reach him, nor hear and a half he worked and hung on, until finally washed away from the boat. He bade good-bye to Zettie, and with a slight little streamer, perfect in his fight for his life, but the waves beat him down upon the breakers, and finally mastered him. Half an hour later his body washed ashore, and his face, bruised and cut, showed what a struggle he had had, and the amount of vitality and strength the man possessed. It was not until three o'clock or later that Zettie was rescued from his dangerous position. His legs bare evidence of his fight for life—bruised, skinned, and cut through his efforts to maintain his position on the boat. Half an hour later the boat came ashore.

The body of Pike also drifted ashore, but the remains of Devine may remain in the lake until next spring, when the water becomes warmer. Vary was aged 33 years, and leaves a widow fairly well provided for. The other two victims came from Grand Bank.

WHAT WOULD YOU GIVE To be cured of catarrh? If you or your friends have this disease, you know how disagreeable it is. Its symptoms are inflamed eyes, throbbing temples, ringing noises in the ears, headaches, capricious appetite, and constant discharge of mucus. Fortunately its cure is not a question of what you will give, but what you will take. If you will take Hood's Sarsaparilla, the great constitutional remedy, which thoroughly purifies, enriches, vitalizes the blood, you may expect to be completely and permanently cured. The good blood which Hood's Sarsaparilla makes, reaching the delicate passages of the mucous membrane, soothes and rebuilds the tissues and ultimately cures all symptoms of catarrh.

DE BARRY AT WORK.

Pauper Jews in Buffalo to be Deported—One to Quebec.

Buffalo, Nov. 10.—Pauper Roumanian Jews have been coming to Buffalo in such large numbers that the several Jewish societies here have appealed to Inspector De Barry, of the Immigration Department, to investigate the conditions, and, if possible, stop further entrance of this class of Jews. They ask him also to cause these men here dependent on others for support to be deported.

(The first of these people to arrive at the International bridge was Israel Perle, from Roumania, who arrived last night. He said he came here through the aid of the Baron Hirsch-fund. He was at once transported to Quebec by Inspector De Barry.)

VOTES WERE PURCHASED.

Machine Work in Brandon—Hugh John Will Retire.

Winnipeg, Man., Nov. 10.—Speaking of the election for the constituency of Brandon, Hon. Hugh John Macdonald told a reporter that the result was brought about by the straight buying of votes. In many cases men long since dead were impersonated, and already several of these impersonators had been lodged in jail, and more would be arrested during the next few days. He stated that it is his intention to retire from politics and resume his law practice with the firm of Tupper, Chappin & Tupper, of which firm he was the senior partner previous to his accepting the provincial premiership in December last.

The complete returns from North Bruce give Mr. McNeil a majority of 2. There are 17 rejected ballots, of which 16 were apparently intended for Mr. Campbell, the Liberal candidate, and one for Mr. McNeil. The returning officer will make his official declaration at Tara, giving the seat to McNeil.
